OPEN DOOR IN CHINA
Cotton Manufacturers of the South Petition For It.
IMPORTANT TRADE NECESSITY
Secretary Has Asked to Use His Good Offices to Prevent Closing of Markets to Americans.
Washington, Nov. 17.—Secretary Hay has received a petition from nearly all of the leading cotton manufacturers of the South to take such action as may be within his power to prevent the interference by any European power which might close the foreign markets to the cotton manufacturers of the United States and injure other American interests. The petitioners declare that the "open door" policy is necessary to secure the retention of the important trade in cotton drills and shirtings with China, most of which are manufactured in Southern states. It is declared the withdrawal of this trade in Manchuria would seriously affect not only the manufacturers of cotton goods but Southern cotton-growers and employers and employes and laborers in the cotton mills. The petitioners represent fully \$15,000,000 in capital and declare they have lost half their trade since the Boxer uprising and are running on half time.

CHINESE DISCOVERED AMERICA.
Evidence Contained in Ancient Records Unearthed in Pekin.
Monterey, Mex., Nov. 17.—The report that American officers have unearthed ancient records in Pekin showing that the Chinese discovered America 1,500 years ago, and erected temples in Mexico, has aroused the greatest interest among the scientific men of Monterey and throughout this country. The Chinese temples alluded to are in the state of Sonora, on the Pacific coast. The ruin of one of the temples was discovered near the town of Ures, in that state, about two years ago. One of the large stone tablets found in the ruins was covered with carved Chinese characters, which were partly deciphered by a learned Chinaman who visited the ruins at the request of the Mexican government. This Chinaman made the assertion at the time that the ruins were those of a temple which had been erected many centuries ago by Chinese, but his statement was not received with credence.
It has been long claimed that the Indians of the state of Sonora are the descendants of the early Chinese settlers. They possess many traditions and characters of the Chinese. If the report of the finding of these records in Pekin is verified an expedition will go from here to explore further the ancient temples of Sonora.

Wholesale Bodysnatching.
Horrible Discovery Made in Michigan Cemetery.
Kalamazoo, Mich., Nov. 19.—The authorities of this city were informed today of a horrible case of wholesale bodysnatching which took place in the Springbrook cemetery in Newburg county. Nine bodies, so far as known at present, were exhumed and all but one were those of persons who had died within the past year. The ninth victim, which is supposed to have been Mrs. Henry Knowles, although the body is in such a state of decomposition as to be unrecognizable, was discovered in a large fence about a quarter of a mile from the cemetery. She died about five years ago. The cemetery is in an isolated spot, and up to Wednesday there had not been a burial there for nearly three weeks. When Isaac Dunton, the sexton, went to dig a grave yesterday, the discovery was made of remains of coffins, which seemed to have been knocked apart with an ax and were strewn about the graveyard.

Remains of a Train Robber.
Phoenix, Ariz., Nov. 19.—Between Casa Grande and Florence a party of hunters found a skeleton which is believed to be the remains of Burt Alvord, leader of one of the most desperate bands of train robbers that ever operated in Arizona. There is scarcely any doubt that he was killed by William Sittles, one of the members of the gang. Wild animals had torn all the flesh from the skeleton, but peculiar marks on the skull and fillings in the teeth made identification sure.

Three Hangings in Arizona.
Phoenix, Ariz., Nov. 19.—Unless the unexpected happens and further clemency is extended by President McKinley or Governor Murphy, three men will be hanged Saturday for murders in Arizona. Thomas and William Holdeman will be executed at Tombstone for the killing of Ted Moore, and Santiago Ortiz will pay the death penalty for the murder of W. S. Moffat.

Three Negroes Lynched.
Jefferson, Tex., Nov. 19.—Three negroes who had been arrested for warring and attempting to kill Mr. Stallcup were taken from the jail last night by unknown persons and hanged to the railroad bridge across Cypress bayou. The negroes had confessed to the crime. The mob that did the hanging overpowered the latter and cut the telephone line, so that the jailer could not communicate with the sheriff.

CIGARMAKERS RIOTING.
Serious Trouble Between Two Rival Unions at Tampa.
Tampa, Fla., Nov. 19.—Rioting between International and Resistencia Unions of cigarmakers began here today at the factory of Gonzalez, Mora & Co., of Tampa and Chicago. This firm was working a full force of Resistencia men, numbering about 500. The Internationals marched to the factory and demanded that these men come out. This was refused and the Internationals declared they would put them out. The premises are enclosed, and as an international man started to enter the gate the Italian doorkeeper fired upon him. This was quickly followed by an exchange of several hundred shots. The front and side of the buildings were riddled with bullets, but no one has been reported injured. Police officers dispersed the mob.
Every factory closed at noon for the day. The mayor has sworn to 100 extra policemen, and the sheriff has added numerous deputies to his force. The mayor issued a proclamation forbidding torchlight processions and demonstrations of the rival trades unions, planned for tonight.
The Internationals have about 800 members here, while the Resistencia members number over 3,000.
Since the rioting, the city has presented a wildly excited condition, and the streets in the neighborhood of the cigar factories have been thronged with people. This afternoon, a mass meeting of business men passed a resolution authorizing the chairman to appoint a committee, which the unions did. These committees met and agreed that all the men should go to work tomorrow morning. The Internationals have agreed to this proposition practically, but the Resistencia Union is still considering the matter. It is thought it will be adopted before morning. All the factories are now heavily guarded by deputies.

BOXERS' FATE FIXED
Princes Tuan and Chang Go to Prison for Life.
OTHERS FARE LITTLE BETTER
Moderate and Humane Course of the United States Has Advanced Its Prestige in China.
Washington, Nov. 19.—Minister Wu has received from Director-General Sheng the following cabinet, which he communicated to secretary Hay today:
"An imperial decree of November 13 deprives Prince Tuan and Prince Chang of their ranks and offices, and orders them to be imprisoned for life; Prince Yi and secondary Prince Liang, who have been degraded from their offices, are to be deprived of their rank; Duke Lan and Liang Nien to be degraded in rank; Kang Yi being dead, no penalty can be imposed upon him; Chao Shu Chiao to be degraded, but retained in office, and Yo Hsien to be exiled to the farthest boundary."
The Chinese officials mentioned in the decree are among the highest in China, and comprise most, if not all, of those against whom the powers demanded rigorous punishment. Prince Tuan stands at the head of the anti-punishment and Boxer movement. Previous edicts degraded him and took away his office and servants, but this judgment of life imprisonment is the most severe thus far given to any of the leaders responsible for the trouble. From a Chinese standpoint, it is an extreme penalty to a prince of the blood, but it remains to be seen whether the powers will regard it as adequate to Prince Tuan's offense. The others mentioned were Tuan's active associates, and two of them were specifically mentioned for punishment, along with Tuan, in secretary Hay's note of October 3, in which he advised the Chinese government that this country would expect these officials to receive their just deserts.
Kang Yi is one of the officials who died suddenly when the demands for punishment had been made, probably by suicide. Yo Hsien, the Chinese favorite, was thought to have committed suicide, but the reports indicate that he is still alive.

Wise Course of the United States.
There is no hesitation in energetically denying the European implication that the United States government is moved in its Chinese course by sentimental and unbusinesslike considerations. On the contrary, it is pointed out that, while the sentiment is on the side of our government in this matter, it is accompanied by the soundest business considerations. The animating purpose of the state department now is to prevent the destruction of Chinese integrity upon pretexts; to maintain the open door, for which our government long has contended, and to secure indemnities for the past, and guarantees for the future.

A TERRIBLE PENALTY.
The Limon, Colo., Murderer Burned at the Stake.
Limon, Colo., Nov. 19.—Chained to a railroad rail set firmly in the ground, on the exact spot where his ghastly crime was committed, Preston Porter, Jr., or, as he was familiarly known, John Porter, this evening paid a terrible penalty for his deed. It was 4:28 o'clock when the father of the murdered girl touched the match to the fuel which had been piled around the negro, and 30 minutes later a last convulsive shudder told that life was extinct. What agony the doomed boy suffered while the flames scorched up his flesh, and during all the paroxysms of the terrible contortions of his face and the cries he gave from time to time.

The Executioners, who numbered about 300 citizens of Limon county, had not the least semblance of the ordinary mob. Their every act was dignified, and during all the paroxysms, as well as throughout the sufferings of the negro, hardly an unnecessary word was spoken. Grimly they stood in a circle about the fire until the body was entirely consumed and then quietly they took their way back to Limon, from whence they departed for their homes shortly afterward.

Attack on the Kaiser.
Drexler, Nov. 19.—Emperor William was the object of an attempted outrage today which, however, failed. As he was driving in an open carriage to the postmaster barracks, accompanied by the hereditary prince of Saxe-Weiningen, a woman in the crowd hurled a short-hand-chopper, or hatchet, at the carriage. The hatchet struck the carriage, but the rapidity with which the vehicle was passing saved its occupants.

Head End Collision.
Oil City, Pa., Nov. 19.—A head-end collision between a Pennsylvania extra freight train and a Lake shore passenger train occurred two miles west of Oil City tonight. Both engines were demolished, all of the passenger coaches left the tracks, and 40 oil and coal cars of the freight were derailed.

Prevented Negroes From Voting.
Lexington, Nov. 19.—A. S. Thompson, a prominent farmer of Bourbon county, George Leary and Samuel Adams, colored, were held in \$1,000 bail by United States Commissioner Hill to the federal court the first Monday in January, at Frankfort, charged with conspiracy to prevent negroes from voting at the last election. It is charged that crap games were started and the negroes participating were arrested just before the election so as to keep them away from the polls.

CIGARMAKERS RIOTING.
Serious Trouble Between Two Rival Unions at Tampa.
Tampa, Fla., Nov. 19.—Rioting between International and Resistencia Unions of cigarmakers began here today at the factory of Gonzalez, Mora & Co., of Tampa and Chicago. This firm was working a full force of Resistencia men, numbering about 500. The Internationals marched to the factory and demanded that these men come out. This was refused and the Internationals declared they would put them out. The premises are enclosed, and as an international man started to enter the gate the Italian doorkeeper fired upon him. This was quickly followed by an exchange of several hundred shots. The front and side of the buildings were riddled with bullets, but no one has been reported injured. Police officers dispersed the mob.
Every factory closed at noon for the day. The mayor has sworn to 100 extra policemen, and the sheriff has added numerous deputies to his force. The mayor issued a proclamation forbidding torchlight processions and demonstrations of the rival trades unions, planned for tonight.
The Internationals have about 800 members here, while the Resistencia members number over 3,000.
Since the rioting, the city has presented a wildly excited condition, and the streets in the neighborhood of the cigar factories have been thronged with people. This afternoon, a mass meeting of business men passed a resolution authorizing the chairman to appoint a committee, which the unions did. These committees met and agreed that all the men should go to work tomorrow morning. The Internationals have agreed to this proposition practically, but the Resistencia Union is still considering the matter. It is thought it will be adopted before morning. All the factories are now heavily guarded by deputies.
