Don't lose sight of the fact that the State Superintendent will be in Scio on December 14, and that a local teachers institute will be held on the following day. Scio has one of the best schools in the valley, and this will be a good time to show what we can do in the educational line.

CHICAGO contractors will build the new postoffice in Salem at a cost less than \$70,000, and the Salem papers are raising a great kick about it, declaring it to be a hard blow at Salem contractors and labor, and they say that \$70,000 won't build much of a house now. Some people know hard to please.

ONE drawback to the college that is supported by a wealthy patron has just become evident in California, where Mrs. Leland Stanford has discharged a professor who advocated municipal ownership of street car lines, telegraphs and the like. Yet this is said to be a country where free speech is allowed.

THERE isn't much romance left in the world nowadays. A Virginia judge has decided that a woman may be head of the house if she foots the bills, and a Chicago judge had held that presents given under the influence of love's young dream must be returned when Cupid hits and Hymen blows out his torch.

THERE is much benefit to be derived from the Farmers' Short Course, at the Agricultural College, at Corvallis, which will be in session from January 8 to February 2, 1901. This short course has grown much in favor by the farmers of the valley in past years, and is still increasing in popularity, and those who have taken advantage of it in the past have derived much good from it, and feel that the slight expense was in no way equal to the benefits to be derived.

BEFORE another issue of this paper new city officers will have been chosen for the coming year. During the past two years the city has made many laudable improvements, aside from reducing the indebtedness of the municipality, and yet there remains much for the city council to look after during the coming year. Had it not been for the increased cost of water pipe the city water system would have been extended to the remote sections of town the past year. This needed improvement will have to be looked after by the incoming council. The demand for lights exceeds the present ability to supply, and should our city increase in size and the demand for lights become greater, additions will have to be made to the plant. The streets will need a good deal of attention, and this in addition to the regular work of the council will serve to keep them busy most of the time. Next Monday there will probably be two or more tickets in the field, and the taxpayers should carefully canvass them all before voting. Elect men who will look after the city's affairs as they would their own, and we may be assured of a good, progressive and enterprising city government.

The 1901 R. Kicks 1901 Almanac. Whatever may be said of the scientific causes upon which the Rev. I. R. Hicks bases his yearly forecasts of storm and weather, it is a remarkable fact that specific warnings of every great storm, flood, cold wave and drought, have been plainly printed in his now famous Almanac for many years. The latest startling proof of this fact was the destruction of Galveston, Texas, on the very day named by Prof. Hicks in his 1900 Almanac, as one of disaster by storm along the Gulf coast. The 1901 Almanac, by far the most complete and beautiful yet published, is now ready. This remarkable book of nearly 300 pages, splendidly illustrated with charts and half tone engravings, goes as a premium to every subscriber who pays one dollar a year for Prof. Hicks' Journal, Word and Works. The almanac alone is sent prepaid for only 25c. Order from Ward and Works Publishing Company, 2201 Locust Street, St. Louis, Mo.

A FEW FARM NOTES

D. H. Looney, the noted Jersey breeder of Jefferson, Oregon, has just bought a fine Jersey bull calf, out of an island cow and sired by an Island bull. A \$300 law suit has just been decided in Heppner over a \$100 horse. The litigant had better sell him to the government for \$40 and divide the money between them.

Horse buyers are paying \$40 per head for cavalry horses around Heppner, Oregon, that they turn over to the government for \$125, a pretty handsome profit for the man who has a "pull."

When pure bred sheep find ready sale at the price they are now bringing in the Willamette valley there is no other look on more men to bind the bottom sold two ewe lambs this fall for \$100 and in another instance sold 21 head to one man for \$500.

Five hundred sheep were recently killed at the Black ranch, in Lincoln county, New Mexico. The sheep were not watered and were dipped while very thirsty, and as they swam through the dip they drank it. The sheep were skinned and pelts were hanging on the line for nearly half a mile and the carcasses were piled up in great heaps.

In 1853 it took ten average men one day to cradle 20 acres of wheat. It also took more men to bind the bottom after them. In 1900 one man, three horses, and a self binder go out into the wheatfield at 6:30 in the morning, and when the cows come home at night they have accomplished as much and done it in a far better way than the 30 men in 1853.

A Village Blacksmith Saved His Little Son's Life. Mr. H. H. Black, the well known village blacksmith at Grahamsville, Sullivan Co., N. Y., says: "Our little son, five years old, has always been subject to croup, and so had have the attacks been that we have feared many times that he would die. We have had the doctor and used many medicines, but Chamberlain's Cough Remedy is now our sole reliance. It seems to dissolve the tough mucus and by giving frequent doses when the croupy symptoms appear we have found that the dreaded croup is cured before it gets settled. There is no danger in giving this remedy for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For sale by Peery & Peery, druggist."

Assessment of 1900. Following is summary of assessment for 1900, as shown by the roll in the hands of Assessor Stafford:

Table with 2 columns: Description and Value. Includes items like Acres of tillable land, Acres of non-tillable land, Improvements, Town and city lots, etc.

Total taxable property, 6,984,050 No. poll 2,132. Last year's assessment showed a gross value of \$7,310,410, exemptions \$582,830, net value \$6,727,580, a reduction of only \$43,590. The assessment last year on tillable land was \$2,246,365; non-tillable land \$1,385,265. There is a reduction in non-tillable and accounts of \$96,000, an increase of money of \$13,000. The value of cattle increase is \$15,000, sheep and goats \$5,000.

Made Young Again. "One of Dr. King's New Life Pills each night for two weeks has put me in my 'juice' again," writes D. H. Turner of Dempseystown, Pa. They are the best in the world for Liver, Stomach and Bowels. Purely vegetable. Never gripe. Only 25c at Peery & Peery's drug store.

Southern Medicine. Notable among the pleasures afforded by the Santa Route is the winter trip to Southern California and Arizona. Renewed acquaintance with this section will ever develop fresh points of interest and added sources of enjoyment, under its sun and skies. In the variety of its industries, in its prairie vegetation and among its numberless resorts of mountains, shore, valley and plain.

The two daily Sba-ta trains from Portland to California have been recently equipped with the most approved pattern of standard and tourists sleeping cars, but the low rates of fare will still continue in effect. Illustrated guides to the winter resorts of California and Arizona may be had on application to C. H. MARKHAM, G. P. A., Portland, Oregon.

For the Sake of Comfort. Compare one of the shirts done up at the Salem Steam Laundry with those you have been wearing and it will be as plain as black and white that their superior methods are the remedy of fine laundry work. Official Vote of Oregon.

The official canvass of the votes, cast at the national election on Tuesday, November 6th, in the several counties of the state of Oregon, was completed at the capitol Thursday by Gov. T. Geer and Secretary of State F. I. Dunbar, all the counties having made their returns. The vote for the electors of the several parties shows quite a difference, the highest republican elector having 468 votes more than the lowest on the same ticket, while the highest Bryan elector has 675 more than his lowest colleague.

Table showing vote counts for various parties and candidates, including Republicans, Democratic Peoples, Prohibition, etc.

The average vote cast for each of the several tickets is based, is as follows: Republican 46,294; Democratic Peoples 33,383; Prohibition 2,500; Regular Peoples 2,267; Social Democratic 2,470.

The republican plurality over the Bryan vote, based on the above, is 18,227; and a clear majority over all of 8990 votes. The highest republican elector has a plurality of 13,141 over the highest on the Bryan ticket, while the lowest republican, over the lowest democrat, has a plurality of 13,201.

Stops the Cough and Works off the Cold. Laxative Bromo-Quinine Tablets cure a cold in one day. No Cures, No Pay. Price 25c.

School Notes.

The trustees have passed a brand new heater in the assembly room. Monday, Tuesday and Wednesday were largely taken up with eighth grade examinations. All are regretting that Mrs. Prill is unable to be with us at present. Mrs. Phillips has taken charge of the present and that work is safe under her direction. Directors Simpson and Shelton have been conducting the examinations, thereby enabling the principal to continue regular work.

Greatest of All

"Every one in San Antonio, Texas, says that Acker's English Remedy is the greatest thing ever put up for coughs, colds, croup, bronchitis, whooping cough, and all the troubles that have been using it over four years for all forms of throat and lung troubles, and have yet to come across a case where it failed. We have four little ones in our family, and neither my wife nor I have ever lost a night's sleep because of throat troubles among the children. I guess that is more than any other remedy. Acker's English Remedy is just as effective for grown-up people as for the young. It seems to go straight to the place where the trouble lies, in the throat and bronchial tubes and lungs. It soothes and heals the irritated tissues, breaks up the phlegm and mucus in the breathing passages, quiets the nerves, invigorates the constitution and stops the coughing. In the bottle is a parent's key to a way keep the child from getting sick and get your money back. We authorize the above guarantee."
