Johnnie Gill and George Daley had somewhat of a damp experience in buggy washing last Saturday. They were driving Ross Hibler's buggy horse, and drove into the creek below the flouring mill to wash the mud from the buggy, when in some manner the horse got into deep water and capsize the rig, and came very near drowning the horse.

After struggling around for a few minutes the horse broke loose from the buggy and got out of the creek below the bridge, and the boys rescued the broken vehicle. It was rather a damp experience for all hands, and might have proved serious had not the horse succeeded in getting loose from the buggy.

The "boys" are having a good bit

of fun at the expense of Jim Bilyeu this week. About a year ago Jim lost his evening and on Thanksgiving evening Pete McDonald deposited his overcoat on the hook in the hotel office on which Jim's coat had previously hung. Thinking that there might be a little fun connected with the scheme Bilyeu was told that his coat had returned, and after due satisfaction he took the garment to his room and cached it, and it was not until the cold wave struck Pete that the mistake was made. However, Jim is still in possession of the coat, and there is a probability that it will require a search warrant to recover it.

"About five years ago I was troubled with catarrh of the lower bowel," says C. T. Chisholm, 484 Dearborn avenue, Chicago, and although I consulted several eminent physicians who prescribed for me, I found their remedies failed to in any way relieve me, and the trouble almost became chronic. After suffering several months, I one day concluded to try Chamberlain's Colic, Cholera and Diarrhoea Remedy and I beg to assure you that I was most agreeably surprised to find after taking two bottles of the remedy that I was completely relieved of the disease that had cost me so much trouble and annoyance. I am thankful to say that I have not suffered from it since." For sale by Peery & Peery, druggists.

There is going to be one of the hottest shooting matches of the creek next Saturday. There are quite a number of crack target shots on both sides of the River Thomas, and they have matched one against the other. There will be about 16 men in each team, and the losing team "sets up" a dinner for both teams. If the south side wins the dinner is to be at the Commercial hotel, which is on that side of the creek, and should the north side be the winners they will all feast at the Scio hotel. The distance is to be 20 yards, and the weapons are to be 22 calibre rifles. No less than a couple of thousands of shots have been fired during the past week by those who are getting in "practice," and there is no doubt but what the match will be an interesting affair.

## A Woman's Awful Peril.

Then she began to use Electric Bitters which wholly cured her. It's a wonderful Stomach, Liver and Kidney remedy. Cures dyspepsia, Loss of appetite, Try it. Only 50 cents. Guaranteed.
