A Showy Garment
Tells of nothing of its real worth, or of the service it will stand. The careful buyer examines the inside ("VITALS") tailoring. It is strange what little attention men give to this feature of their clothing, and yet it is the most important. Why its the very foundation on which permanent perfect **Shape and Fit** depend. When you wear our clothing you are not taking chances, as it is the

"VITALS" BRAND.
The only ready-to-wear clothing tailored honestly on the inside. There is an individuality about our clothing that you will not find in the ordinary, and what is more you pay less for it.

Ran into by the Train.
Sunday evening the Albany local ran into and killed Mr. Ralph Bowerman somewhere between Salem and Turner. It is not known just how the accident occurred, but it is supposed that Mr. Bowerman was driving home from Salem, where he had been visiting his parents and that his team ran away while on the track directly before the engine. The engineer did not see the man until the engine hit the wagon. Mr. Bowerman was thrown upon the cowcatcher and instantly killed. The team was killed, also a dog riding in the wagon. The train brought the man to Turner, where was recognized. Mr. Bowerman was single, 25 years old; and lived upon a rented farm a short distance south of Turner.
