are overcome by Lydia E. Pinkham's Vegetable Compound.

Fifty thousand happy women testify to this in grateful letters to Mrs. Pinkham.

Menstruation is a severe strain on a woman's vitality. If it is painful something is wrong which

Lydia E. Pinkham's Vegetable Compound

will promptly set right; if excessive or irregular write to Mrs. Pinkham, Lynn, Mass., for advice.

Evidence abounds that Mrs. Pinkham's advice and medicine have for many years been helping women to be strong. No other advice is so unvaryingly accurate, no other medicine has such a record of cure.

Merchants and producers of this coast are watching the new tariff schedule prepared by the Philippine commission. The subject is vitally important to all coast states.

A year ago Frank E. McDaniel was sentenced to 15 years in the Oregon penitentiary, but he is not there yet because legal means have prevented.

The sheriff of Grant county collected \$9,418.40 in November. An organ has been purchased for the Gold Hill school house.

The Corvallis creamery is paying 25 cents per pound for butter fat. J. J. Fitzgerald, of Shelburne, has a contract for 20,000 fence rails.

The McDonald & Fisher sawmill at Summerville is in running order. Repairs to the Blanchard bridge east of Aurora were finished last week.

The Clerks' union, of Pendleton, has organized with nearly 100 members. The Enterprise council has passed acts against lawless houses and vagrancy.

A breakwater is being built at Eugene at the east side of the bridge over the Willamette. Malheur county has accepted the new bridge across Succor creek below Barney Malloy's place.

Lincoln county has allowed M. D. Welton \$500 on his claim for damages sustained from the collapse of Little Elk bridge.

The body of young Hays, who was drowned November 2, eight miles above Dallas, at the flood dam, has been recovered one mile below that city.

Captain R. P. Wainwright, of the United States Army, purchased 35 horses for the government at Huntington. The price paid averaged about \$50 a head.

Tillamook county commissioners have leased the county sawmill to County Judge G. W. Sappington until April 1, who will furnish road planking at \$4 per 1,000 feet.

Frank Hatch was arrested at Eugene on a charge of forgery. His offense is that of endorsing the name of a man named Davis to a check given to the Acme Commercial Company, amounting to \$9.57.

While returning from the Umatilla house to his room in the Chapman building, The Dalles, Fred Stewart, a young traveling man representing the Merchants Supply Company, of Portland, was held up by two thugs and robbed of \$45.

The Homestead mine, located on the North Fork of John day river, seven miles from Lawton, has been bonded to Eastern capitalists by the owners, Messrs. Tom Johnson and Joseph Robinson, for the sum of \$25,000 on a year's time. Further conditions of the bond are that the persons holding it are to take immediate possession and prosecute the work of development with a large force of men divided into three eight-hour shifts, says the Lawton Standard.

Petitions have been circulated for three different free rural deliveries out of Albany, nearly covering the entire field in all directions around the city, and there are hopes of the same being established, but it is not known whether they will reach the department in time for the agent now establishing routes in the state to act upon them before his departure. The route out of Shedd has given such general satisfaction that there is a general desire to have the system extended here.

The Wallowa marshal ran in a man for peddling without a license, who defied the city authorities and would not even listen to the reading of the complaint by the recorder. He was incarcerated in the city prison for contempt of court, where he languished for two or three days or until some people around town put up for a jury trial. The jury thought upon the evidence offered that the man was entitled to a discharge, and so rendered its verdict.

The man is a foreigner, presumably an Italian. He threatened to sue the city for damages.

From private letters received by M. G. Hope, of Vale, it is learned that the Ocean Wave mine is making a splendid showing. I. N. Clark, a mining expert, has the development work of the mine in charge, and in a letter that was received from him he says that several fine nuggets have been taken out lately. In a former letter he stated that the vein is not confined to the rich vein that is being followed, but that small particles of it may be seen in the dirt over the entire face and walls of the tunnel. It is his opinion that it would pay to mill the whole hill on which he is working.

This mine is an extension of the Golden Eagle, which is owned by Portland capitalists.

The Lakeview Rustler says that John Green, of the West side, who has been drilling for artesian water, has succeeded in getting the water to rise within five feet of the top of the ground, at a depth of 101 feet.

A. Nelson, of Cottage Grove, sold his undivided one-half interest in the Peek-a-Boo mining claim to G. Meadow and D. G. McFarland. This claim is located in the Bohemia district about one mile south of the Miskick mine. The consideration was \$600.

Richard Lester, a young man who has been working in a Coos county logging camp, is in jail at Roseburg, charged with grand larceny. He was arrested at Ocala as he was on his way from Myrtle Point.

The case of Casey vs. Crook county, involving the validity of the county road which the county court established about a year ago through the lands of Casey, near Powell Butte, has been decided by the circuit court against the county. The court decided that in establishing the road the county court acted without jurisdiction.

TRADE IN WINTER GOODS.

Weather Conditions Form a Slight Drawback—Holiday Trade is Excellent.

Bradstreet's says: There is a quieter tone and reduced volume of business doing at wholesale in many lines, but this is not unusual at this season, and is partly balanced by a larger interest in retail and holiday distribution. Weather conditions are still a drawback to the trade in winter-weight goods, but it is notable that a better report comes from the Northwest than for some weeks past. Southern trade is somewhat good, but retail business at Eastern markets is still reported backward. In the larger lines of trade new features are not numerous. Textiles are quiet and rather dull with agents, pending the opening of the spring season. Wool and woolsens are still quiet. Cotton is irregular and the market is at a balance pending the publication of the next government crop report, which, however, is expected to approximate 2,750,000 bales. The high cost of raw cotton has not yet been equalled by the advance in manufactured goods. A hopeful feature this week was the taking of a large lot of brown cottons for export for China. The highest trend of values in November has been duplicated in the first week of December, and cereals, long backward in this respect, have led the advance which, however, has not been steadily maintained.

A better report comes from the flour milling industry, but the demand is hardly what was expected. Sugar is higher for raws, but the refining branch presents the old appearance of irregularity, and another price war is foreshadowed.

Failures for the week number 214, against 184 last week. Canadian failures number 27, as against 28 last week.
