Anti-Gum puts new life in your wheel.

Allen J. Jarnagan.

Allen J. Jarnagan, a resident of this section for many years, died at Albany Wednesday morning of last week, at the age of 65 years. He was born in Tennessee; thence he moved to Missouri, and in 1850 went to California, where he worked in the mines for seven years. He was Assessor of Mendocino County two terms. In 1858 he went to the Fraser River. A year or two later he went to Fosters Oregon, and thence to Southern Oregon, where he resided 15 years, and then came to Linn County. He followed his trade as a blacksmith and preached for many years as an elder in the Primitive Baptist church. He was a Justice of the Peace for several years.

AKER'S DYSPEPSIA TABLETS

Are sold on a positive guarantee. Cures heart burn, rising of the food, distress after eating or any form of dyspepsia. One little tablet gives immediate relief. 25cts. and 50cts. Peery & Peery, druggist.

Let a young man start on the downward road and what an easy track it is to slide on. Gee whiz! how he goes and how everybody is on hand to help him along. Just a little while he is at the bottom without an item to show for the benefit received by the kind of life he has lived. Start straight; don't be sidetracked. Don't follow the zig-zag course of some of your companions, because it will sooner or later lure you to the verge of the sliding track where the decent downward to the bottom is swift and easy. Make a straight line for an honorable life and follow it. Follow your nose and two big toes and if any intruder crosses your path cut him off and shun him as you would a leper.

"A neighbor ran in with a bottle of Chamberlain's Colic Cholera and Diarrhoea Remedy when my son was suffering with severe cramps and was given up as beyond hope by my regular physician, who stands high in his profession. After administering three doses of it, my son regained consciousness and recovered entirely within twenty-four hours, says Mrs. Mary Haller, of Mt. Crawford, Va. This remedy is for sale by Peery & Peery, druggists.

We have got shoes as cheap as you want them, and they are bargains, though a little shelf worn. Ross E. Hibler.

A very pleasant dance was given by the Social club on Friday evening of last week. Supper was served at the Scio hotel.

It's against the law to ride a bicycle in the city it sits without having it properly equipped with an alarm bell. Hogey sells good ones.

There was quite a brisk game of base ball at Shelburn Sunday last, between Shelburn and Ale mines, resulting in favor of the latter.

N. B. Washburn and wife visited Albany, Scio and Shelburn this week on business and pleasure. They formerly resided at Shelburn.—Brownsville Times.

See that you get the original DeWitt's Witch Hazel Salve when you ask for it. The genuine is a certain cure for piles, sores and skin diseases. Peery & Peery, druggists, Scio, Ore.

The Albany Hardware Company was incorporated Monday by H. C. Watson, I. L. Swan and E. E. Montague, with capital stock at $10,000. The company succeeds the firm of Hopkins Bros.

E. V. Smith, of Munkers, shipped a car load of fine potatoes from this city Monday last. The "spud" market was a little brighter this week than usual, and the price of good stock was slightly advanced.

Their promptness and their pleasant effects make DeWitt's Little Early Risers most popular little pills wherever they are known. They are simply perfect for liver and bowel troubles. Peery & Peery druggists, Scio, Ore.

The bright warm days the latter part of last week and the first of this caused the streets to take on quite a dusty appearance, which greatly resembled summer time. There is quite a brisk north wind, however, most of the time.

A grouse mounted by H. L. Sumner, of Scio, exhibited at French's is an elegant piece of work, and as well shows that a native Oregon bird is the matter of beauty can hold its own with any of the imported birds.—Albany Democrat.

There is a slight vacation in the two higher rooms of the school this week, caused by Prof. Hirons having to give up his room to attend to his farm duties, and Principal Geddes is a member of the board of examiners, and has been compelled to be at Albany during the past two weeks.

Services were conducted at the Baptist church Sunday last, morning and evening, by Rev. Sperry, of Brownsville. Immediately after the morning services the congregation repaired to the banks of Thomas creek, just above the Commercial hotel, where the rites of baptism were administered upon Miss Mary Crume, who had previously united herself with the church.

While "spearing" suckers with a pitchfork last Sunday Frank McDonald was unfortunate enough to have one of the tines of the fork through his foot, causing quite a painful wound. Suckers are quite plentiful in the famous "sucker slough" just now, and lots of them are being landed by the aid of pitchforks and other implements of warfare.

Tuesday was not much of a day for fishing, but a number of men went down to sucker slough, armed with all kinds of weapons, and when they returned they had six wheat sacks filled to the top with fish. The fish were so thick in the water that they could be tossed out with the hands, from one to a hat full at a time. They are not as gamey as a trout, but it is great sport just the same.

J. A. Bilyeu has this week received a letter from his son, C. C. Bilyeu, which was mailed March 4, 1901, in which he states he expects to reach home in a couple of months. It is thought that he left Manila on April 15, and will reach here about the middle of May, and will have to remain at Vancouver until about the first of July. His many friends here will be pleased to welcome him home again.

Prof. Ivicon, of Lesoning, Md., suffered terribly from neuralgia of the stomach and indigestion for thirteen years and after the doctors failed to cure him they fed him on morphine. A friend advised the use of Kodol Dyspepsia Cure and after taking a few bottles of it he says, "It has cured me entirely. I can't say too much for Kodol Dyspepsia Cure." It digests what you eat. Peery & Peery druggists Scio, Ore.

A headgate has been put in the old race just above the flax mill which was abandoned when the new race was dug, and after some excavating has been done it will be used as a retting tank, and will have a capacity of many times greater than the four tanks previously built and used by the company, but which were too small, and the expense of pumping water was too great to make them profitable. The new proposition will do away with all pumping, as the water will be let in at the upper head gate and out at the lower one, without the aid of pumps.

Many of our subscribers should not be surprised or offended if they received a statement from us showing that they are in arrears from one to three years in their subscription to this paper. A trial balance of our subscription book has revealed the fact that we have enough money due us to pay all our outstanding indebtedness, aside from the fact that every subscriber should see to it that his paper is paid for one year in advance. We must collect what is due us, and with this idea in view shall send out statements from week to week until the amount due us is so far reduced as to be within the bounds of reason. If you know your subscription is unpaid come in and liquidate, and thus help us along the pathway of success. The amount is small; but several hundred small amounts foot up to quite a snug sum, and it is this fact that enables us to print the paper from week to week.

YOUR FACE

Shows the state of your feelings and the state of your health as well. Impure blood makes itself apparent in a pale and sallow complexion, Pimples and Skin Eruptions. If you are feeling weak and worn out and do not have a healthy appearance, you should try Acker's Blood Elixir. It cures all blood diseases where cheap Sarsaparillas and so called purifies fail; knowing this, we sell every bottle on a positive guarantee. Peery & Peery, druggist.

Dairy Questions Answered.

During the progress of the farmer's institute which was held a few weeks ago at Sheridan, Oregon, Prof F. L. Kent, of O. A. C., was asked several questions on dairying. Following are questions and answers:

He was asked how many pounds of butter 100 pounds of butter fat would make.

He said from 110 to 115 pounds.

Relative to the best breed to keep, he said the dairyman should have a breed of milkers. If they are prepared to take care of the cows it would probably be best to breed the herd with a Jersey sire. If both milk and beef are wanted, a milking breed of Shorthorns would be good.

As to how many pounds of ensilage are required per cow, he states that it would require from 30 to 40 pounds for a 1,000 pound cow. She would also be fed about eight pounds of bran and some clover or other kind of hay.

What per cent of butter fat would a cow give to make her profitable? The answer was that a cow giving 5,000 pounds of milk testing 5 per cent would produce 250 pounds of butter fat while a cow giving 10,000 pounds of milk testing three per cent would produce 300 pounds of butter fat. It is considered profitable to keep all cow producing 200 pounds or more of butter fat per year. If a farmer has four or five cows it would be best to have a Babcock tester which would enable him to distinguish between the profitable and unprofitable cows. Testers cost only $4 or $4.50.

Falsely Criticised.

Our esteemed Washington exchange, the Olympia Chronicle, says: "Every column in a newspaper contains ten to twelve thousand distinct pieces of metal, displacement of one of which cause a blunder or typographical error. And yet some people claim great smartness if they can find an error in a newspaper. When some people find a word with a wrong letter in it, or a misplaced letter, they are sure they could have spelled that word right, and they are happy for a whole day, and go around and tell how the editor misspelled a word."

"Rev." Douglas Hamilton, of Scio, preached on the street in this city Sunday evening. He preached at Sclaville in the afternoon and says he was shamefully treated by some boys at that place. They hid his horse in the brush, hid his saddle in a tree, and hid his overcoat where he couldn't find it. He found his horse and saddle, but had to ride home in the night without any overcoat.—Lebanon E. A.

Frank Morris left yesterday for Florence, Lane county, where he has accepted a position in a creamery, and will probably be employed there permanently. His many friends here wish him all kinds of success, and as he is a first class butter and cheese maker, he will have no difficulty in landing down the best of positions.

Mrs. E. E. Mensey, of Lebanon, was down the fore part of the week, visiting with her parents, Mr. and Mrs. A. R. McDonald.

Fairy Roast is as good as some people ask you 25 cents for. Ross E. Hibler.

CORRESPONDENCE.

SANTIAM AND VICINITY.

Mrs. Lee Bilyeu is again able to be out.

Our farmers have knocked some of the rust off their old plows this week and put on a silver polish.

Frank Crabtree's youngest son is lying at the point of death with spinal magetis.

Steve Phillippi must be trying to make a big sheep deal as he is often seen around Franklin Butte.

John Riley's baby was buried at Providence Monday. Its death was caused by inflamation of the brain.

Uncle Dick Morris shipped his potatoes to Portland last week and realized but 20 cents per bushel for them.

Henry Hassler, of Scio, was out this way Sunday shearing goats, for M. C. Gaines. He is a fine goat shearer as he sheared 21 in 7 hours.

Uncle John Bilyeu's new patent sheep shearing machine is a perfect success in shearing goats, as it runs like butter in a mules ear.

Geo. Griffin bought him a fine horse of Albert Thompson, for which he paid $85. Geo. is as proud of it as a boy with a ten cent straw hat.

Our road boss was out and inspected our bridge and put up a notice to warn people that it was not safe, and the county will not be responsible if some man is injured by it falling down.

Mr. and Mrs. Ed Young were blessed with a fine daughter, on the 9th. Ed is as proud of it as a year old boy would be of a new hatchet, and aunt Callie is as highly elated over it as she would be over an incubator full of young chickens.
