BY THE EDITOR... WITH PENCIL AND SHEARS Current Topics of General Interest

A wealthy New Yorker who came to California to avoid the Eastern winters has gone insane. Getting into a decent climate was too much of a shock.

The first thing Lipton's newly launched challenger yacht did was to stick fast in the mud. Only an indication of what her name will be after the races.

J. Pierpont Morgan, the "syndicator," is now starting in to buy up the big ocean steamship lines. He already has the ear, and now he wants the water.

South Sea colonials lately killed and ate a millionaire yachtman and his private secretary. The taste of his living is spreading even to the uttermost corners of the earth.

Indiana thieves lately robbed Mrs. Nation's husband of his money, jewelry and railroad tickets. But the thief isn't thieving who would dare try anything of the kind with Mrs. Nation.

The President of Hungary who failed for a million dollars committed suicide. Too bad. A man who can get trusted for a million is fitted for better things than filling a hole in the ground.

It may surprise many to know that the Argentine Republic has 10,000 miles of railway in operation, and that its sleeping car service, as good as our's, costs only 90 cents a passenger for a day of 24 hours.

The mayor of a Virginia town refused to allow a man hypnotized to be buried alive, in response to a petition from ministers, asserting that such an exhibition would be "detrimental to the moral tone of the community."

Free Cuban sugar would put a stop to the best sugar industry, which is now growing so rapidly in this country—so rapidly that a special agent of the Department of Agriculture estimates that there will be forty-two beet factories in operation this year.

The introduction of coffins made of paper is not in itself surprising, for in these days paper is being used for almost all sorts of articles from napkins to car wheels; but it is a little odd that the applicant for a patent on the new style coffins should be a practicing physician. It would be a rather dubious proceeding to call to the sick a doctor who has coffins for sale.

It is doubtful whether even the saloon is doing as much to ruin the people of the present as the cigarette habit. Many of those who use cigarettes become addicted to the habit when they are small children. Consequently they are incapable of appreciating the danger until they are victims. Thoughtful people who have observed the effects of cigarette smoking know that the habit is destructive of health, morals, intellect and will power—in other words, of all that constitutes manhood.

From east to west Oregon is 370 miles across and 270 miles from north to south, giving it an area of 95,000 square miles. Throat Troubles

"Bardwell, Ky., where I live, is in the extreme western part of the State and only a few miles from Cairo, Ill., where the Ohio empties into the Mississippi River. It may be that throat troubles are common here because of location, but whatever the reason, I find it wise to constantly keep a supply of Aker's English Remedy for Consumption on hand. It is the best thing I ever came across for coughs, colds and throat troubles, and I have used it in my family for years. No druggist here can be depended upon to have it always, so I am writing this letter to W. H. Hooker & Co., 220 Broadway, N. Y., to order a dozen bottles at a time. My wife is bothered lately with sore throat and difficult breathing, but just as soon as the dozen bottles get here, I will give her a few doses, and she will certainly be well again. I expect to write another letter in a short time saying my wife is cured, for I feel absolutely sure it is what she needs." (Signed) T. A. Waver. Sold at 25c. per bottle, throughout the United States and Canada; and in England at 2d. 3d. 3d., as 6d. if you are not satisfied after buying, return the bottle to your druggist, and get your money back.

One hundred and sixty acres of timber land, situated four miles east of Scio, Linn county, Oregon. For particulars inquire of J. A. Bilyeu, executor of the estate of Geo. Bilyeu, Scio, Oregon.

The Hingering cough following grippe calls for One Minute Cough Cure. For all throat and lung troubles this is the only harmless remedy that gives immediate results. Prevents consumption. Peery & Peery druggists, Scio, Ore.

Ohio, or Illinois and Louisiana, or of the total area of England, Scotland and Wales. There is plenty of room in Oregon for those who are seeking homes and investment in the great and growing west, and there are abundant opportunities for profitable returns for investment of capital and the intelligent application of labor.

A report comes from Idaho to the effect that an Oregon editor was almost drowned in that section not long since while taking a bath. Good. An Oregon editor should have better judgment, and we trust that this will serve as an awful warning to the balance of the fraternity not to fool around the water when away from home, but stick to something they are used to—Faber's export, or good old Cyrus Noble, for instance. As for bathing, that may be well enough for those who are used to it, but the average editor—especially the Webfoot variety, had better let the new fad alone.

Again this week the Sunday Oregonian was delayed and did not reach here until Tuesday morning; and that is not all—we have located the trouble. The mails are unusually heavy on Monday morning, on the C. & E. route, owing to the fact that we have no Sunday mail service, and the mail clerk on the train fails to get the mail sorted in time to connect with the back at Munkers. As a result the papers are carried on up the road and brought back to Munkers in the evening, and as there is no back connecting with the evening train the papers lay over there until Tuesday morning. This state of affairs must cease, and if the post office cannot handle the mail another one should be put on the route. It seems like a small thing to kick about, but this world is made up of kicks, now a days, and the fellow who does not kick is slow for the present age. We trust that the matter will be looked after at once by the proper authorities and so adjusted that we will not have to wait until the middle of the week for Sunday papers.

Whooping Cough. A woman who has had experience with this disease, tells how to prevent any dangerous consequences from it. She says: "Our three children took whooping cough last summer, our baby boy being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup between whoops—Jessie Pinky Hall, Springville, Ala. This Remedy is for sale by Peery & Peery druggists."

The Presidents Train. Shan Conser, the veteran conductor, will be given the honor of having charge of the President's train from the California line to the train on its trip will be preceded fifteen minutes by a pilot engine. Freight trains will be out of business practically on the day and passenger trains will be on switches before the pilot engine arrives, and the switches will be spiked. The President's train will make only the regular time of about 25 miles an hour.

Shudders At His Past. "I recall now with horror," says Mail Carrier Burnett Mann, of Levan, O., "my three years of suffering from kidney trouble. I was hardly ever free from dull aches of acute pains in my back. To stoop lift mail sacks made me groan. I fell tired, worn out, about ready to give up, but six bottles completely cured me and made me feel like a new man." They're unrivaled to regulate Stomach, Liver, Kidneys and Bowels. Perfect satisfaction guaranteed by Peery & Peery. Only 50 cents.

Or Anywhere Else. About the meanest man on earth is the fellow that takes a position three or four years without paying a cent, and then, when sent a statement fails to remit but tells the post master he doesn't want the paper any longer. We have met with just a few such instances.

It Saved His Life. P. A. Danforth, of LaGrange, Ga., suffered for six months with a frightful running sore on his leg; but writes that Bucklen's Arnica Salve wholly cured it in five days. For Ulcers, Wounds, Piles, it's the best salve in the world. Cure guaranteed. Only 25c. Sold by Peery & Peery.

For Sale Cheap. One hundred and sixty acres of timber land, situated four miles east of Scio, Linn county, Oregon. For particulars inquire of J. A. Bilyeu, executor of the estate of Geo. Bilyeu, Scio, Oregon.

The Hingering cough following grippe calls for One Minute Cough Cure. For all throat and lung troubles this is the only harmless remedy that gives immediate results. Prevents consumption. Peery & Peery druggists, Scio, Ore.

Our thunder storm last week was a regular old timer as the lightning struck eight trees on the Stringer farm, near Providence, and killed eleven sheep, and raised thunder in general.

Counterfeits of DeWitt's Witch Hazel Salve are liable to cause blood poisoning. Leave them alone. The original has the name DeWitt's upon the box and wrapper. It is a harmless and healing salve for skin diseases. Unequalled for piles. Peery & Peery druggists, Scio, Ore.

No Loss of Time. I have sold Chamberlain's Colic, Cholera and Diarrhoea Remedy for years, and would rather be out of coffee and sugar than it. I sold five bottles of it yesterday to threshers who could go no farther, and they are at work again this morning.—H. R. Phelps, Plymouth, Oklahoma.

Planning a Rhododendron Excursion.

The beautiful weather we are now having is productive of spring fever, and our people, watching the swelling buds, many of which have burst into blossom and leaves, are asking when the most beautiful of Oregon's wild flowers, the rhododendron, will bloom again. To get this information we are obliged to call at the Corvallis & Eastern railroad office. Rhododendrons attain perfect at Newport and Nye Creek between the 10th and 20th of May, depending on the weather. Usually the C. & E. run a Sunday excursion which inaugurates the seaside season at the coast. Mr. Stone, manager of the C. & E., informs us that one day excursions to the Bay will be generally discontinued this year, but that on Saturday, May 11, or a week later, May 18th, owing to the advancement of the flowers, the company will make a low rate, good for Saturday, Sunday and Monday. This will give passengers all of Sunday on the beach and gathering all they can carry of nature's most beautiful flowers, which nowhere flourish as at Yaquina bay.—Albany Herald.
