Salem Capital Journal: This summer 25,000 troops will be returned from the Philippines and they will bring along a lot of Asiatic snuff to scatter over the country as one of the insular acquisitions.

The lingering cough following grippe calls for One Minute Cough Cure. For all throat and lung troubles this is the only harmless remedy that gives immediate relief.

The officials of the Turkish Embassy in Paris have telegraphed the Sultan, declaring they will throw up their jobs if he don't pay their back salaries. They won't worry the Sultan any. He can get men easier than he can get money.

After an inquest had been held and a verdict of death from heart disease returned in a West Virginia town the corpse sat up and began to sing a hymn. If he were ever going to do anything of a religious character it certainly seemed about time.

In the marriage service of a new sect a part of the husband's pledge reads as follows: "When I find my wife is irritated I will endeavor by tender and loving methods and kind words to soothe her." The wife, however, is still left free to use the potato masher.

Counterfeits of DeWitt's Witch Hazel Salve are liable to cause blood poisoning. Leave them alone. The original has the name DeWitt's on the box and wrapper. It is a harmless and healing salve for skin diseases. Unequaled for piles. Peery & Peery druggists, Scio, Ore.

Like Oliver Twist, children ask for more when given One Minute Cough Cure. Mothers endorse it highly for croup. It quickly cures all coughs and colds and every throat and lung trouble. It is a specific for grippe and asthma and has long been a well known remedy for whooping cough. Peery & Peery druggists, Scio, Ore.

It is indeed pleasing to be able to chronicle the fact that Oregon was the first state in the Union to have its Pan-American Exposition exhibit in place at Buffalo. From the best sources the fact is learned that our exhibits all occupy prominent places in the several buildings and that the state has a display of her varied resources which is second to none and will be of inestimable and lasting benefit.

Advice of a Druggist

"It is proper, I think, to let others know about the popularity and virtues of Aker's English Remedy for Coughs, Colds and Consumption. From the moment I began handling it, it sold rapidly and the sales keep growing all the time as fast as people find out what a remarkable preparation it is. The satisfaction it gives is universal. Our best citizens use it and say it is the best thing for throat and lung troubles they ever saw. Mr. B. H. Gallup, one of our prominent townsmen, says Aker's English Remedy is the only medicine that helped his chronic cough of many years' standing. At first it gave relief and now, after taking a few bottles, he is well cured. I buy it by the gross at a time, and my sales are larger on this one medicine than on any other in my store. It is a great pleasure for me to feel that while I am prospering I am also doing so much good to the community in selling such a grand medicine." (Signed R. R. Douglas, Westfield, N. Y.)

Sold at 50c. per bottle, and \$1 a bottle, through the United States and Canada; and in England, at 2s. 6d. per bottle. Free samples furnished after buying, return the bottle to your druggist, and get your money back.

They have begun drilling for oil down about Ashland. With tests being made in different part of the state we shall soon know if Oregon is an oil producer.

The war between river and rail transportation from Portland to Astoria has been settled. Hereafter the rate was 25 cents, now it is \$2 by rail and \$1.75 by steamer.

Being compelled still further to reduce his expenses, King Edward of England has dismissed twenty-four of his thirty-six chaplains. The spirit of self-sacrifice so displayed by his Majesty is absolutely heroic.

The nurse of the new royal baby in Italy is to receive \$2,000 when the child cuts its first tooth. In these days of advanced medical science it wouldn't take a smart Yankee "grafter" long to televy on that "wad."

Silverware stolen and buried fifty years ago in New York having been unearthed, there would seem to be some ground for a nice legal question now as to whose heirs it should go to—the burglar's or the original owners.

A London publisher who has made millions in his business is now on his way to New York "to study American methods." If he begins his investigations in Wall street his educational course is likely to be a short one.

Over on the other side of the pond they have graciously consented to accept Carnegie's educational gift of ten millions if he will rearrange things a little so as to give it to them just the way they want it. How kind!

In east St. Louis the head of a man was found yesterday, wrapped up in a coat, and 500 yards from the spot where the trunk had previously been discovered. The verdict at the inquest was suicide, which seems rather remarkable—but then people will probably do almost anything to escape living in a town where they have cofaner's juries like that.

Here is a pretty sermon from the pen of Bob Barlette: "I saw a dancing bubble on the surface of the restless river. For a moment it caught and held the sunshine glory, and I thought how beautiful it was. Then it went down. For a moment the river told where it had vanished and swept on without even a ripple on its placid bosom. And I thought how like our lives was the bubble on the river. For a moment we sparkle in our tiny sphere, hope, toil and struggle love and long, dream, and then go down beneath the surface forever. In a short time the tiny ripples we have made die out and the river of humanity flows on undisturbed. So let us strive in our brief existence to reflect only the sunshine, not mirror the clouds above us."

Seven Years in Bed. "Will wonders never cease?" inquire the friends of Mrs. L. Peery, of Lawrence, Kansas. Accidentally Shot.

Sunday afternoon Nathan Sumpter, of Berry, accidentally shot himself in the head with a 32 Winchester rifle, the ball entering at the side of the nose and passing through the brain. Sumpter was out holding with several of his companions and stood his rifle by a log while he sat down to rest. In getting over the log he pulled the gun after him and the hammer caught on the log and the gun was discharged, the ball entering at the right side of the nose and went through the head lodging in the back part. He was carried three miles to Berry and Monday morning was taken to Albany on the train. Dr. Hill dressed the wound and removed a considerable quantity of brain matter. Sumpter was conscious during the operation, but chances for his recovery are very slim. Herald.
