S. E. YOUNG & SON, ALBANY, OREGON

A WORTHY SUCCESSOR.

Something New Under the Sun.

All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the affected parts. This wonderful remedy is known as "SNEEFLER" the GUARANTEED CATARRH CURE and is sold at the extremely low price of One Dollar each, package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use. "SNEEFLER" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and positive cure for that annoying disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve RAY SYNDROME or cold in the throat. CATARRH when neglected often leads to CONSUMPTION—"SNEEFLER" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNEEFLER" the GUARANTEED CATARRH CURE. Sent prepaid to any address in the United States or Canada on receipt of One Dollar. Address: Dept. 4, 625 E. WILKINSON ST., PHILADELPHIA.

Stamp photos at the tent, 24 for 25 cents.

For rent—Eighty acres of sheep pasture. Inquire at this office. Buy Singer Sewing Machines at cut prices of F. M. French, Albany.

Full line of pictures, picture moulding and mat board at the tent. Framing to order.

M. C. Gill & Son are doing all kinds of business in the agricultural implement line these days.

G. W. Phillips shipped two carloads of oak wood to the Portland market the first of the week.

There was a very enjoyable picnic at Shelburn last Saturday, which several of our people attended.

A. W. Hagey has just received a fine lot of fishing tackle and bicycle supplies. Don't fail to see them.

We refund the money for any Royal Worcester Corset that does not give satisfaction. W. B. Stevens & Co.

Work was commenced on the new flax mill Monday. It will not be long until the building is ready for occupancy.

Several of our young people attended the dance at Stayton last Monday evening, and report a very pleasant and social time.

The cold rains the latter part of last week and the first part of this had a tendency to shorten the supply of strawberries in this neck of the woods.

Special invitation is given the people of Scio and vicinity to call at the tent and see samples of our photo work. We will be here but a short time.

Campmeeting is in progress at Turner. The attendance is pretty good. Sunday last several of our people attended, and report a very pleasant meeting.

At the meeting of the Central Baptist association held at McMinnville recently, Miss Alice Cary, of this city, was appointed corresponding secretary of the B. Y. P. U.

The school picnic at A. R. McDonald's farm, east of this city, last Saturday, was quite a social success, a large crowd being present, and a very pleasant time enjoyed by all.

Quite a number of our people attended the picnic at Stayton Monday last, and report a very pleasant time. The weather was fine all day, though it rained several showers here.

Gravel is being hauled on Main street, and soon it will be applied to the entire street. It will be put on three loads wide in the center of the street, and will be kept in its present good condition.

There is only a few more chances on that hotly contested election, and those who have not registered their guesses had better do so soon. Everything is on the horse furnishing line at way down prices. T. S. Coffey.

A. F. Board is making preparations toward retiring from public life, especially in the hotel line, and will move to his residence in the northeastern part of town about the first of the month.

We are in receipt of a letter from J. S. Morris, written from Aeme, and stating that he arrived there in good shape, and is much improved in health, a fact that his many friends hereabouts will learn with pleasure.

Don't forget the fact that there is to be a celebration at Crabtree on July 4th, and it is not going to be a small sized affair, either. No pains will be spared to make it a great event, and all are cordially invited to participate.

The sale of personal property of the Leever estate took place last Saturday, and although there was not a large number present the property offered for sale brought fair prices, and the sale was in every sense a success.

Dr. Richardson, of Salem, was up this way Friday last, assisting Dr. Prill in the removal of a tumor from the scalp of his brother, W. W. Richardson. Mr. Richardson stood the operation well, and is doing as well as could be expected.

John South, of near Waterloo, brought his little girl to Scio last Friday for surgical treatment, she having suffered for some time from serious enlargement of both tonsils. Dr. Prill removed both tonsils, affording immediate relief.

Lumber is being hauled this week from the new Cameron mill on Roaring river, and those competent to judge say it is of a very fine quality. There is unlimited quantity of fine timber in the vicinity of this mill, and the lumber made from it cannot but be of fine quality.

S. I. Shore was taken violently ill last Sunday morning, and for a time was dead to the world, but prompt medical aid soon brought him out all right. Just what caused his sudden illness is not exactly known, but for a short time some uneasiness was felt for his recovery.

On Saturday last, while filling an engine at the Crabtree sawmill, E. W. Wright had the misfortune to get his left hand caught in the machine and badly crushed. He was brought to Scio where Dr. Prill dressed the injury, and is doing as well as could be expected.

The farmers west of town are complaining that some of the citizens of Scio persist in riding their horses along the foot path at the side of the road. The construction of this path was quite a little trouble and expense, and they do not like to see it abused in this manner.

It cost the people of Albany \$427.25 to elect a goddess of liberty for the coming Fourth of July celebration, and the winner—Miss Nina Gilne—received a total of 574 votes. This is a pretty good way to assist in raising celebration funds, and also to work a hardship on a popular lady's friends.

My little son had an attack of whooping cough and was threatened with pneumonia; but for Chamber-

lain's Cough Remedy we would have had a serious time of it. It also saved him from several severe attacks of croup.—H. J. Strickfaden, editor World-Herald, Fair Haven, Wash. For sale by Peery & Peery druggists.

Miss Florence May Wright, of Salem, has just published a volume of poems entitled "When Love is Near." The remarkable statement is made that Miss Wright never attended school a day in her life, and yet she has written a volume of poems on this lovely subject that thrills the human breast. Will the orchestra please perform.

Some good road work is being done in this section of the county, and if we are not badly off, there will be fewer impossible roads next winter. There is hardly sufficient work in these districts to make the roads in best condition, and maintain them the year round, but they are now in fair shape and with the work to be done this season there is hope that the roads will be better next season.

Scio has now a sure enough meat market, with Wm. Brenner at the helm, which is assurance sufficient that we will be supplied at all times with a good quality of fresh meat. This is something that we have long been in need of, and we are pleased to note that it has come at last. The shop has been thoroughly overhauled and renovated, saw paint applied to the walls, and everything done up in first-class style.

The creamery added a number of patrons to its list last week, and several others sent in more milk, and all the milk is ready for use. The more milk there is brought in the less cost, proportionately, to operate the plant, therefore the more money all will realize for their labor. Don't be backward about bringing in milk, but get a few good cows and see how easily you can make several dollars each month.

Rev. Johnson, who recently delivered the baccalaureate sermon at the commencement of the O. A. C., is a graduate of a Boston church at \$5,000 a year, and a Brooklyn church at \$4,000, but declines and will remain with his present congregation at \$2,000. He already has a reputation and recently contributed an article to the Independent beside articles from Cardinal Gibbon and Andrew Carnegie on the subject of capital and labor.

J. N. Morris is making numerous and sundry improvements in the commercial hotel, and will soon have a very nice little hotel, with modern accommodations for the traveling public. He has this week put in a large hotel range, and covered the floors in the office and dining room, and besides this has built a large storeroom in the rear of the kitchen. Many other minor improvements will be made about the premises, and everything possible will be done for the accommodation of guests of the house.

We were given a fine example of the benefits of diversified farming last week, which was nothing more than the sale of some wool. Wm. Brenner has thirty-eight head of sheep, and last week sheared them and sold the wool, receiving for it a large sum of money. He has a very nice little flock, and he can expect that if a person with a few acres of ground would abandon the wheat raising idea, and get a few head of sheep and a few good dairy cows, he can come near making a good living and some money besides than he can by raising grain.

Prof. L. B. Gibson has returned from Pennsylvania, where he was called by the illness and death of his father, and will teach the Munkers school the coming year. Among the places visited by Prof. Gibson was the new city of Vandergrift, the location of one of Carnegie's best plants. It is a model place of about 3,000 people, beautifully laid out in nice streets and elegant residences, a busy, thrifty town. Rev. C. R. Stevenson, pastor of the U. P. church at Albany for four years, has accepted a call to one of the churches in Vandergrift. The church building is a fine one and the membership prosperous.—Democrat.

Before THE NEWS will have reached its readers next week the nation's birthday will have come and gone, and the occasion celebrated at thousands of cities, towns and villages in the United States. There will be a great big celebration at Albany, and a good sized one at Crabtree, and those of our people who are desirous of participating in the national festivities will have an opportunity to do so at either of these places in this county. Should any of us desire to get farther away from home we can choose between Salem, Portland, Independence or Eugene, and at each place they are going to have a glorious time. Scio will celebrate next year, and then we will show the people of the country what a Fourth of July celebration really is.

DENTISTRY. Dr. R. H. Curl will be in Scio until June 27th.

F. H. Caldwell, of North Yamhill, was in Scio Wednesday, visiting with numerous acquaintances.

Miss Jessie Daly, who has been attending school in Salem during the past winter, returned home last Thursday.

H. L. Sumner went to Salem Monday to take a position in a territorial park. He will be there about three weeks.

Misses Anna and Ollie Morris returned from Portland Wednesday, where they had been visiting for some time past.

Joe Bickner returned from Oswego Wednesday, where he has been during the past two weeks, visiting with his parents.

Mrs. A. J. Johnson and the children returned from their trip to Southern Oregon Tuesday last, having had a very enjoyable time.

Mr. and Mrs. C. Bushnell, and their niece, Miss Helen Bushnell, of Eugene, were visiting relatives in this city the past week, the guests of Mr. and Mrs. J. Barnes.

Miss Grace Gill returned from Monmouth the latter part of last week, having completed her course at the state normal school. Her many friends here are pleased to see her home again.

Judge Flynn, of Albany, was in Scio Saturday last week. It was his first visit to this city in many years, and he stated that he was very much surprised to find such a thriving little city.

DAVIS APPEARS BY HIS ATTORNEYS.

George W. Davis, the defaulting clerk of the school land board, has made an appearance by attorney in the case brought against him and his business to recover the amount of his official bond. This appearance is sufficient to give the court jurisdiction over him in this case. After the case had been filed, Attorney General Blackburn entered into a stipulation with George G. Hingston, whereby all the defendants are allowed until September 1st to answer the complaint.

Silverton is putting on numerous city airs these days, the latest improvement being in the shape of a daily paper, the Sentinel having decided to put out a daily edition. That city is a little small to support a daily paper, but we doubt if the publisher has any idea of making it a competitor of the Oregonian, or the Albany Democrat.

An accident to the engine at the Crabtree hard wood sawmill caused a shutdown the first of the week, and the hands are having a holiday. The mill is getting out a carload of ash and maple lumber per day and has about exhausted its supply of logs, and the intention is to move the mill after a few more weeks' work. Just where it will be relocated is not at present known, but there is talk of taking it to Yamhill county.
