A WORTHY SUCCESSOR.

Something New Under the Sun.

PURELY PERSONAL

All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membrane causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membrane that their maskers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a Treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharge, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SENFELLA" the scientific CATARRH cure, and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use. "SENFELLA" is the only perfect CATARRH cure ever made and is now recognized as the only safe and positive cure for that annoying disease. It cures all inflammation quickly and permanently, and is also wonderfully quick to relieve any fever or cold in the head.

CATARRH when neglected often leads to CONSUMPTION—"SENFELLA" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SENFELLA" the "SCIENTIFIC CATARRH CURE." Sent prepaid to any address in the United States or Canada on receipt of One Dollar. Address Dept. E 625 Evans & Co., 2320 and 2322 Market Street, Philadelphia.

Married at Manila.

Harry W. Harnish and Miss Josephine P. Barnes, both of Albany, were married at Manila, P. I., July 2, 1901. Mr. Harnish is a brother of C. S. Harnish, the photographer, and is in the government employ, being chief clerk for the commissionary department of Mindanao and Jolo, Philippine Islands, and stationed at Zamboanga. The bride is the daughter of Mr. and Mrs. H. Barnes of Albany. She left Albany in June for the Philippines, making the voyage across the Pacific ocean to the man of her choice. Many friends will wish them a long life of happiness.

PLAYED OUT.

Dull Headaches, Pains in various parts of the body, Sinking at the pit of the stomach, Loss of appetite, Feverishness, Pimples or Sores, all positive evidences of impure blood. No matter how it became so it must be purified in order to obtain good health. Acker's Blood Purifier has never failed to cure Scrofulous or Syphilitic poisons or any other blood diseases. It is certainly a wonderful remedy, and we sell every bottle on a positive guarantee. Peery & Peery, druggists.

LOCAL & GENERAL

A. G. Prill, Physician and Surgeon, Scio, Or.

Anti-Gum puts new life in your wheel.

Wanted—Hands to pull flax, at once. Inquire at the flax mill.

Buy Singer Sewing Machines at cut prices of F. M. Finch, Albany.

J. S. Morris and family returned Sunday last from the blackberry patch near Niagara.

"Long" Wheeler shipped a car load of fine beef cattle from West Scio Thursday last week.

We refund the money for any Royal Worcester Corset that does not give satisfaction. W. B. Stevens & Co.

Uncle Thos. Allison does not seem to improve very rapidly, and his advanced years make his recovery very slow.

Miss Lottie Tillotson gave a very pleasant musical entertainment at the Masonic hall in this city last Friday evening.

A. D. Woodmansee is having a new foundation put under his West Scio warehouse, and making other needed repairs on the building.

The Salem steam laundry does nothing but first-class work, and their prices are very reasonable. Call at the drug store for particulars.

Dr. Hill and wife are in our city. The doctor is a dental graduate, and we are informed is a son of Dr. J. L. Hill, of Albany, Oregon.—Wasco News.

Be up to date and have your laundry work done at the Salem steam laundry. Sent from the express office every Monday and returned Saturday.

Flax pulling goes merrily on, and those engaged in it are doing pretty well. The crop is very heavy, and some fine fibre will undoubtedly be made from it.

Take your laundry to the express office, and have it sent to the Salem steam laundry, where you can get the best work for the least money, and its good work, too.

There are several cases of whooping cough in town, and in some instances those having the disease are not using the necessary precaution to prevent it from spreading.

The next regular teachers' examination for state and county papers will be held at the courthouse in Albany, beginning at 9 o'clock, a. m., August 14, and continue until August 17.

A letter from Miss Sylvia Munkers, from Cascadia, states that the party are having a very enjoyable time. Al Ewing has killed a large deer, and is proving himself a fair-er man of great ability.

Real estate agent R. Shelton is gathering in a fine lot of samples of grain for an office display, and they also serve to give some idea of the quality of the grain that is going to be harvested this season.

For Sale—Ten good milk cows and one hand separator, capacity 250 pounds per hour, price \$375. For rent, one small place, 33 acres, \$40 per year; one place, 180 acres, \$125. W. E. Arnold, Scio, Oregon.

E. J. Daley has secured the contract to finish the interior of Dr. A. G. Prill's new residence. Work on the building is progressing nicely, and it is not going to be many weeks until the doctor will be living at home.

Prof. Smith, who gave an entertainment in this city, assisted by several young people from Stayton, a short time ago, is getting up a similar play in Albany. He has made up a good cast, and expects to do quite well.

A pair of new platform scales are being put in at the flax mill, to be used in weighing the flax as it comes in from the fields. This will be a great convenience to those hauling flax, as well as to those who have the handling of it.

Mrs. J. A. Bilyeu has been quite ill for several days past, but is now slowly improving. An operation was performed upon her Wednesday by Dr. Prill, of this city, and Dr. Davis, of Albany, which greatly improved her chances of a speedy recovery.

Hagey, the bike doctor, has completed four wheels the past week, which he has built over, that is made new ones out of old ones, and they are now better than new. His work tells for itself, and there is no discount on it, and it is this fact that keeps him busy.

Mrs. O. H. Irvine received last week from the A. O. U. W., the \$2,000 held as beneficiary in that order by her husband and the following Saturday she received a draft of \$1,000 from the Woodmen of the World. There is yet one more order to pay.—McMinnville News.

The following testimony was recently given by an Arkansas woman: "Your female tonic has helped me wonderfully. Three weeks ago, before I began taking, I was so weak I could not speak my baby. After taking four bottles I am able to thrash my husband."

The weather during the past week has been very warm and dry, and as a result the roads are very dusty, which fact makes travelling very uncomfortable. The warm weather has a tendency to drive people to the mountains, and many pass through this city almost daily.

The four-year-old son of Mr. and Mrs. "Bud" Frost, who live near Junction, fell out of a hay mow Tuesday and broke his left arm at the elbow joint. He was brought to this city and the fracture reduced by Dr. Prill, assisted by Dr. Chapman, and he is now doing as well as could be expected.

The first flax to arrive at the mills was hauled in Tuesday from the Cladek farm, near Larwood, and the yield was said to be equal to \$40 per acre clear. This beats what raising all hollow, and the sooner we get

some way to convince our farmers that there is no money in wheat, the better they will be off.

County Clerk Hammer has received 20 leather tags labeled: Issued by the Oregon Game and Forestry Warden, Hide Tag, 1901. These are numbered from 1 to 20. Under a new law whenever a deer is sold it will be necessary to have one of these tags attached, otherwise the sale will be a misdemeanor.

The dance given at the new flax mill last Friday evening was not as largely attended as was anticipated, but a very enjoyable time was had by those present. The music was furnished by an orchestra from Salem, and was pronounced very fine. Supper was served at the Commercial hotel, and was an excellent spread.

Frank H. Wetherbee, Prof. Burden and several others. Eugene men last week went to the top of one of the Three Sisters. On coming down Maurice Schwartzchild slipped 200 feet and would have gone down a precipice, but fortunately struck a thin piece of lava and was held. This was the earliest trip yet made to the top of the mountain.

A fine sample of wheat is on exhibition at Froman Bros. gun store, in Albany, says the Herald. The wheat was taken from the farm of W. W. Crabtree seven miles east of Scio. The heads are large and filled with plump grain. When being cut with a binder, a bundle was made every six feet. It is estimated the entire field will yield between 40 and 50 bushels per acre.

The state game warden is making a warm for parties violating the game laws. Four persons have been convicted and fined at Silverton for running deer with dogs. The arrests were made by a deputy game warden, and it is hinted that such an official resides in every precinct in the county, although his services are not needed in this section. We do not know of a violation of the game law heretofore, still it is best to always be on the safe side.

Some of the street work ordered by the council at its last regular meeting is not being done according to the order, and the chances are that the city will have a lot of it to do. Property owners should not hesitate to make such needed improvements as the council see fit to order which is for the best interests of the city and its people. On the other hand they should see to it that every effort to better the condition and appearance of the city be made, and thereby assist in a place in which it would be a pleasure to reside.

The Junction Bulletin will move to Harrisburg. In the last issue the publishers say: "After a fair trial of over a year we are convinced that the Bulletin is not popular in this section of the county. The people of Harrisburg have long felt the want of a newspaper, realizing that it was necessary to the advancement of their town. In view of this fact they have offered us inducements if we would move our plant and establish a paper there." The paper was established by Jesse B. Lawrence in '99. The present proprietors took charge in June 1900. This will make eight papers in Linn county.

About the rankest fake that has visited this city in many years was here last week in the shape of a "doctor" and a hired man. They gave entertainments at the city hall and did not ask anything for sale until the last two nights, when they made a desperate effort to fill their pockets and in a measure they were successful. They conducted a voting contest for the most popular lady in town, to whom they presented a watch. This was won by Miss Claudia McKnight, and it was found to be a watch in name, but not much for reality, as it stopped before the fakirs got out of town.

Linn County Birds.

Edwin Stone, of Albany, general superintendent of the C. & E., reports that Chinese pheasants are more plentiful in Linn county than ever before. The English partridges turned loose near Albany some time ago, have also done well and in a few years he expects to see them plentiful. Several other birds have been seen, and the young birds appeared healthy and thrifty.

Mr. Stone regrets that some shooting of China pheasants is already indulged in. The violators of the law, he says, are very game, however, and thus far the violators have eluded the deputy game warden. It is Game Warden Quimby's purpose to appoint about half a dozen more deputies in Linn county, as he is determined to put a stop to the shooting of game birds out of season.

Bought a Small Team.

Hon. A. J. Johnson, of Scio, Linn county, while in Ashland recently in his official capacity as United States Bank examiner, paid a visit to the Myer stock farm near the city, and was so captivated with the herd of Shetlands that he bargained for a team of them for the use of his children at home. W. C. Myer, the veteran horseman, is now breaking a pretty well matched team of flax, he says, are very game, however, and thus far the violators have eluded the deputy game warden. It is Game Warden Quimby's purpose to appoint about half a dozen more deputies in Linn county, as he is determined to put a stop to the shooting of game birds out of season.

CORRESPONDENCE.

SANTIAM AND VICINITY.

Hot and dry weather prevails to the detriment of health and crops. Cutting grain is the order of the day. Crops are reasonably fair, but not so good as was anticipated two months ago.

S. W. Gaines' corn crop of 20 acres failed to show up, so he turned his hogs in to help to cultivate it.

J. H. Poindexter and S. W. Gaines and families all took a trip Sunday to the Star mills, and pronounced it a fine trip and were well paid for their time and trouble.

Prof. and Mrs. Ray Baker, of Scio, was out Friday visiting with their aunt, Mrs. Elizabeth Gaines.

Mr. Cameron, of the Star mills, was a caller Thursday on S. W. Gaines for a supply of vegetables and fruit for the mill hands.

G. A. Griffin & Co. are hauling hay at Munkers and are progressing nicely. Putting up from 12 to 15 tons per day.

P. Meyer & Co. are hauling hay near Millers station. They have a large job.

Mrs. Clara Griffin is on the sick list this week with nervous troubles.

Miss Flora Turner is on a visit with Mrs. Morgason, near Crabtree.

Harris Merrill has a very sick child with fever. Dr. Brown is attending on it.

Joe Poindexter pronounces the Star mill and flume a grand success, and an enterprise worthy of anyone's going to see. The lumber they put out is more than immense.

There are plenty of peaches, plums, Kittitina blackberries and Kentucky dewberries at S. W. Gaines, cheap for cash.

SHELBURN AND VICINITY.

Mrs. Etta Wolfe and daughter, Bertha, left Tuesday for California, where they will join Mr. Wolfe, who went down there several months ago to seek a new home and to secure employment.

Mr. and Mrs. W. E. Churchill and son, Delmer, returned to their home near Portland Friday, where he had a visit with Mrs. Churchill's parents, Mr. and Mrs. E. Platt.

Miss Maud Morrison and her brother wheeled to Albany Monday for a few days' visit with numerous friends in that city.

Mrs. Days and son, Chester and daughters Francis and Mrs. A. Andrews, of Portland, visited last week with Mrs. E. Platt.

Prof. E. H. Watters, of Stayton, will teach in the Shelburn public school this winter.

Frank Mack and family were up near Mill City last week fishing and laying a supply of blackberries for the winter.

A. P. Russell was a Stayton visitor Saturday.

J. J. Fitzgerald returned to Berry Saturday after a short visit with the home folks.

Willie Hall and Willie Hrons went to Eastern Oregon last week, where they have secured employment in the harvest fields.

Ben Gooch went over on the Albany train Thursday, where he has secured work with a thrasher.

Com Osborne has been hauling wheat to Stayton during the past week. He hauled in over 100 bushels.

Mr. Kinsey is now holding down a position in a logging camp near Berry.

Mr. Smick, of Albany, is now working in our vicinity superintending the work on our new church house.

Mr. and Mrs. E. F. Long, of Stayton, spent Saturday with Norman Long and family.

Mr. Angel and family, of California, arrived here Friday, and will make their home among us for a short time at least.

A. J. Cottingham went to Washington county, Ark., to see his sister and while there was taken with flux (dysentery) and was very bad off. He decided to try Chamberlain's Colic, Cholera and Diarrhoea Remedy and was so much pleased with the prompt cure which it effected, that he wrote the manufacturers a letter in praise of their medicine. Mr. Cottingham resides at Lockland, Ark. This remedy is for sale by Peery & Peery, druggists.
