PURELY PERSONAL

James Bright was at Albany Sunday last. Bert Shaw, of Salem, was up this way Sunday. Mrs. L. L. Calavan was an Albany visitor the latter part of last week. A. F. Beard and Attorney Wilson drove over to Albany Friday of last week. J. R. Young was a business visitor at the county seat the latter part of last week. Miss Pearl Johnson, who has been visiting here for some time past, returned to Salem Tuesday. Mr. and Mrs. T. W. Dilley, and the children, of Corvallis, are visiting relatives in Seilo this week. Mr. and Mrs. J. C. Johnson spent Sunday in this city, the guests of their son, A. J. Johnson, and family. Miss Buleigh Sutherland, who has been at Albany for several weeks past, is visiting with her mother this week. Mr. and Mrs. M. M. Peery, J. S. Morris and Fred Savage left Wednesday for Fish Lake, for a few weeks outing. Miss Kate Cary returned home last week, after a very extended visit with friends at numerous parts of the state. Frank and "Bill" Beard came home from Portland Thursday last, and will spend the summer with their parents in this city. Dr. Davis was over this way Saturday last, a large millinery establishment, preparing for the fall and winter trade. Geo. Coffey returned home Monday evening from his visit to Eastern Oregon, where he was called by the illness of his father. He reports grain prospects very flattering. Lee Baker came over from Polk county Friday last, to visit with friends and seek medical aid for a swollen face. He has a tumor on his lower jaw caused by a spell of sore throat. Mr. and Mrs. Sam Burkhardt, Miss Maggie Munkers, of Albany, and Mrs. J. L. Gansaul, of this city, left Wednesday for Cascadia, where they will spend a few weeks, enjoying the pleasures of an outing. Geo. Phillips, who is holding down a position at the insane asylum, at Salem came up last week, and returned the first of the week, taking his household goods, and will make Salem his future home. Mrs. Phillips accompanied him.

CORRESPONDENCE

SANTIAM AND VICINITY. Ed Young finished pulling his earliest crop of lint flax on the 3rd inst. Mrs. Dora Bilyeu has regained her health sufficient to be out to our Sunday School. G. A. Griffin & Co. were home over Saturday night on a special recruiting excursion. Grain cutting is about complete in our section, not the best crop on earth but good enough. Geo. Garland and family, of Detyville, were on a visit Sunday at the home of Oscar Pomeroy. Our Sunday School was rather light owing to the extreme cool weather of 99 in the shade. Lee Bilyeu started up his threshing machine Tuesday of this week, and will have several days run. Prof. Rastis Elliott and Mrs. Nettie Sylvester, of Lebanon, were visitors of Mrs. J. P. Crabtree last Friday. Pomeroy & Co. returned home Saturday night for a clean shirt. They also returned to their work Sunday evening. Mrs. Elva Clark, of Portland, being on a visit to see her parents, Mr. and Mrs. I. W. Pomeroy, returned home Friday. Barnes new fangled patent gopher and mole trap are taking the cake and getting the gopher. They are more than out of sight. Henshaw and Pratt were on a business trip to Seilo Saturday in the afternoon. They secured their sacks preparatory to thresh soon. Mrs. Bowen and Mrs. Kinder, of Seilo, were visitors of Mrs. J. P. Crabtree over Sunday. They had a nice cold walk out only three and a half miles. F. H. Palmdreier while cutting grain in his field with his binder the seat breaking off let him fall backward in such a manner as to almost dislocate his back. Uncle Tom Small has turned out to be a first class carpenter, as he is working on Dr. Prill's new house, doing all the circular work (turning the grind stone). Theodore Gaines was out rather late Sunday night and was left by his labor company, G. A. Griffin, so the young man had to walk to Munkers next morning without any food. S. W. Gaines had quite a serious accident one day the past week. While shocking grain a mouse got up his pants leg, and in the excitement he tore his pants off equal to a cyclone, and had to return to the house for another pair. Miss Nellie, Maggie and Flo Crabtree have taken the contract of drying 100 bushels of peach plums for S. W. Gaines. You may know they mean business as they came and gathered 30 bushels and had them all pitted and in the dryer in 24 hours. They again loaded up with 20 bushels Monday.

A FEW FARM NOTES

The Prinsville Land & Live Stock company sold its clip of wool, amounting to 100,000 pounds, at 1c to M. J. Manning, representing Hollowell, Donald & Co., Boston. O. O. Buck, Helms, Ark., says: I was troubled with constipation until I bought DeWitt's Little Early Risers. Since then have been entirely cured of my old complaint. I recommend them. Peery & Peery. Exhibitors living along the line of the Southern Pacific should bear in mind that this company will ship their exhibits, including live stock, to and from the state fair free of charge. If the action of your bowels is not easy and regular serious complications must be the final result. De Witt's Little Early Risers will remove this danger. Safe, pleasant and effective. Peery & Peery. A lady in Illinois at home on a farm clears \$60 a month from eggs and chickens. She has studied the natural habits of the fowls and provided conditions accordingly in her poultry runs. We told you so! Hens and women flourish and prosper together.—Ex. With fat hogs selling on this market at \$5.75 per hundred, and wheat at 55 cents per bushel, there seems to be something unbalanced in the methods of farming here. A little more hog industry to the bushel of wheat would be a pretty good balance on the right side of the farmer's bank account. P. T. Thomas, Sumterville, Ala., was suffering from dyspepsia when I commenced taking Little Early Risers. I took several bottles and can digest anything. Kodol Dyspepsia Cure is the only preparation containing all the natural digestive fluids. It gives weak stomachs entire rest, restoring their natural condition. Peery & Peery. Rangenemen who held on to their yearling sheep this spring because they could not get the same price as last year, have made a big mistake. The shortage of corn for feeding purposes will have a tendency to bring down the price of unshorn products in both beef and mutton. Oregon is summering more sheep than her ranges will support and a great many will come into winter quarters in bad condition. But Oregon has a big hay crop and sheepmen can perhaps afford to fatten their sheep on cheap hay.

SHEARED

The "Tom Cat" is a monthly paper published by Mrs. C. Kitty, at Miami, Ohio. The subject of Mrs. Kitty's paper is: "We sling ink with one hand, and hold up our pants with the other." The annual report of the Interstate Commerce Commission, as to casualties on railroads in the United States, for the past year, mentions the appalling total of 7865 killed outright and 50,820 injured. Eruptions, cuts, burns, scalds and sores of all kinds quickly healed by DeWitt's Witch Hazel Salve. Certain cure for piles. Beware of counterfeits. Be sure you get the original—DeWitt's, Peery & Peery. Miss. Nation the Kansas saloon-keeper, refused to be pardoned, but the governor did it anyhow, and sent her home. The jail attendants were grateful; Mrs. Nation's weak husband is yet to be heard from. James White, Bryantville, Ind., says DeWitt's Witch Hazel Salve healed running sores on both legs. The governor pardoned him, but he failed to help him. Get DeWitt's. Accept no imitations. Peery & Peery. There is an immense field for investigation in the timber land frauds. Right in Linn county there is an opportunity for inquiry, a large amount of timber land, which has been gobbled up by companies who have undoubtedly employed locators. Apropos of the late disappointing news about the speed of the new cup defender, it may be suggested that it's all right for the "Constitution" to follow the flag, but we don't want this particular Constitution to follow Lipton's Shamrock. In cases of cough or croup give the little one One Minute Cough Cure. Then rest easy and have no fear. The child will be all right in a little while. It never fails. Pleasant to take, always safe, sure and almost instantaneous in effect. Peery & Peery. The newly elected teachers of the public school at Halsey are Prof. Fulkerson, of this city, principal, and Miss McCullay, of Albany, primary. Three teachers have formerly been employed, and some dissatisfaction is felt at the reduction. A man named Williams was arrested at Walla Walla for rape on a fifteen year old girl, tried and convicted. He was sentenced to the penitentiary for four years, all within an hour and a half. That was one time when justice took the bandage off her eyes and waded in with sleeves rolled up. Our Government having just brought over from Sweden the new method of purchasing there, the next thing is to test it. There is very little probability that it will blow up—still, not to miss a chance, it is respectfully suggested that Naval Historian Maclay be detailed to touch off the first load. The Judge in Naples, Italy, who gave a criminal convicted of sixty-four crimes a cumulative sentence of 1988 years "solitary confinement" overreached himself badly. A large part of the term must necessarily go over into the hereafter, to be spent presumably in place of the penitentiary and the sentenced man is in no danger of being solitary there. A. J. Cottingham went to Washington county, Ark., to see his sister and while there was taken with flux (dysentery) and was very bad off. He decided to try Chamberlain's Colic, Cholera and Diarrhoea Remedy and was so much pleased with the prompt cure which it effected, that he wrote the manufacturers a letter in praise of their medicine. Mr. Cottingham resides at Lockland, Ark. This remedy is for sale by Peery & Peery, druggists.

A WORTHY SUCCESSOR

Something New Under the Sun.

All Doctors have tried to cure CATARRH by the use of powders, and gases, inhalers and drugs in paste form. Their powders dry up the mucous membrane causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membrane, and their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a Treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES" the GUARANTEED CATARRH CURE and is sold at the extremely low price of One Dollar each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use. "SNUFFLES" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and positive cure for that annoying disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve RAY FEVER or COLIC in the HEAD. CATARRH when neglected often leads to CONSUMPTION—"SNUFFLES" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES" the GUARANTEED CATARRH CURE. Sent prepaid to any address in the United States or Canada on receipt of One Dollar. Address Dept. E 625 ENGLISH & GILES COMPANY, 2530 and 2532 Market Street, Philadelphia.

What a Tale It Tells

If that mirror of yours shows a wretched, sallow complexion, a jaundiced look, moth patches and blotches on the skin, it's liver trouble; but Dr. King's New Life Pills regulate the liver, purify the blood, give clear skin, rosy cheeks, rich complexion. Only 25c at Peery & Peery's drug store.

The Albany Furniture Co. has re-incorporated under the name of House Furnishing Co., and R. A. Stafford has been added to the firm. Capital stock, \$30,000. They have purchased the stock of F. W. Hollis, at Salem, and will conduct both establishments. This is one of the firms in the valley and will deserve the success with which it is meeting.

To Save Her Child

From frightful disfigurement Mrs. Annie Galleger, of La Grange, Ga., applied Bucklen's Arnica Salve to great sores on her head and face, and writes its quick cure exceeded all her hopes. It works wonders in sores, BruiSES, Skin Eruptions, Cuts, Burns, Scalds and Piles. 25c. Cure guaranteed by Peery & Peery, druggists.

LOCAL & GENERAL

Mr. and Mrs. J. C. Johnson spent Sunday in this city, the guests of their son, A. J. Johnson, and family. Miss Buleigh Sutherland, who has been at Albany for several weeks past, is visiting with her mother this week. Mr. and Mrs. M. M. Peery, J. S. Morris and Fred Savage left Wednesday for Fish Lake, for a few weeks outing. Miss Kate Cary returned home last week, after a very extended visit with friends at numerous parts of the state. Mrs. Phillips accompanied him. Wonderful Springs. A man who has been at the Byron Hot Spring, in California, about which so much is said, who has been spending time at the Breitenbush, near springs, declares that the Breitenbush springs are much better, \$150.00 was recently offered for the Byron springs. The fact that the value of the Breitenbush springs is being appreciated is shown in an offer of \$50,000 for a half interest in the springs if Mr. Mansfield succeeds in perfecting his title to the property. The matter is now before the land office and there will be a decision in three or four weeks. The water of these springs is remarkable. The temperature is 240, and there are six springs all of different properties. Some remarkable cures from bathing and drinking are told. One man from Eastern Oregon who had not walked for thirteen years was there recently, leaving a few days ago walking the sixteen miles out a well man. A young man hardly able to hold the bridle was there in a few days, was riding and hunting with others, feeling the best for years. If the title is secured there is talk of an electric motor from Detroit to the springs and there is no doubt that the springs will become the greatest resort for people with rheumatism and other ailments, in the Northwest, perhaps on the coast.—Democrat.

Coffey returned home Monday evening from his visit to Eastern Oregon, where he was called by the illness of his father. He reports grain prospects very flattering. Lee Baker came over from Polk county Friday last, to visit with friends and seek medical aid for a swollen face. He has a tumor on his lower jaw caused by a spell of sore throat. Mr. and Mrs. Sam Burkhardt, Miss Maggie Munkers, of Albany, and Mrs. J. L. Gansaul, of this city, left Wednesday for Cascadia, where they will spend a few weeks, enjoying the pleasures of an outing. Geo. Phillips, who is holding down a position at the insane asylum, at Salem came up last week, and returned the first of the week, taking his household goods, and will make Salem his future home. Mrs. Phillips accompanied him.

CORRESPONDENCE

SANTIAM AND VICINITY. Ed Young finished pulling his earliest crop of lint flax on the 3rd inst. Mrs. Dora Bilyeu has regained her health sufficient to be out to our Sunday School. G. A. Griffin & Co. were home over Saturday night on a special recruiting excursion. Grain cutting is about complete in our section, not the best crop on earth but good enough. Geo. Garland and family, of Detyville, were on a visit Sunday at the home of Oscar Pomeroy. Our Sunday School was rather light owing to the extreme cool weather of 99 in the shade. Lee Bilyeu started up his threshing machine Tuesday of this week, and will have several days run. Prof. Rastis Elliott and Mrs. Nettie Sylvester, of Lebanon, were visitors of Mrs. J. P. Crabtree last Friday. Pomeroy & Co. returned home Saturday night for a clean shirt. They also returned to their work Sunday evening. Mrs. Elva Clark, of Portland, being on a visit to see her parents, Mr. and Mrs. I. W. Pomeroy, returned home Friday. Barnes new fangled patent gopher and mole trap are taking the cake and getting the gopher. They are more than out of sight. Henshaw and Pratt were on a business trip to Seilo Saturday in the afternoon. They secured their sacks preparatory to thresh soon. Mrs. Bowen and Mrs. Kinder, of Seilo, were visitors of Mrs. J. P. Crabtree over Sunday. They had a nice cold walk out only three and a half miles. F. H. Palmdreier while cutting grain in his field with his binder the seat breaking off let him fall backward in such a manner as to almost dislocate his back. Uncle Tom Small has turned out to be a first class carpenter, as he is working on Dr. Prill's new house, doing all the circular work (turning the grind stone). Theodore Gaines was out rather late Sunday night and was left by his labor company, G. A. Griffin, so the young man had to walk to Munkers next morning without any food. S. W. Gaines had quite a serious accident one day the past week. While shocking grain a mouse got up his pants leg, and in the excitement he tore his pants off equal to a cyclone, and had to return to the house for another pair. Miss Nellie, Maggie and Flo Crabtree have taken the contract of drying 100 bushels of peach plums for S. W. Gaines. You may know they mean business as they came and gathered 30 bushels and had them all pitted and in the dryer in 24 hours. They again loaded up with 20 bushels Monday.

A FEW FARM NOTES

The Prinsville Land & Live Stock company sold its clip of wool, amounting to 100,000 pounds, at 1c to M. J. Manning, representing Hollowell, Donald & Co., Boston. O. O. Buck, Helms, Ark., says: I was troubled with constipation until I bought DeWitt's Little Early Risers. Since then have been entirely cured of my old complaint. I recommend them. Peery & Peery. Exhibitors living along the line of the Southern Pacific should bear in mind that this company will ship their exhibits, including live stock, to and from the state fair free of charge. If the action of your bowels is not easy and regular serious complications must be the final result. De Witt's Little Early Risers will remove this danger. Safe, pleasant and effective. Peery & Peery. A lady in Illinois at home on a farm clears \$60 a month from eggs and chickens. She has studied the natural habits of the fowls and provided conditions accordingly in her poultry runs. We told you so! Hens and women flourish and prosper together.—Ex. With fat hogs selling on this market at \$5.75 per hundred, and wheat at 55 cents per bushel, there seems to be something unbalanced in the methods of farming here. A little more hog industry to the bushel of wheat would be a pretty good balance on the right side of the farmer's bank account. P. T. Thomas, Sumterville, Ala., was suffering from dyspepsia when I commenced taking Little Early Risers. I took several bottles and can digest anything. Kodol Dyspepsia Cure is the only preparation containing all the natural digestive fluids. It gives weak stomachs entire rest, restoring their natural condition. Peery & Peery. Rangenemen who held on to their yearling sheep this spring because they could not get the same price as last year, have made a big mistake. The shortage of corn for feeding purposes will have a tendency to bring down the price of unshorn products in both beef and mutton. Oregon is summering more sheep than her ranges will support and a great many will come into winter quarters in bad condition. But Oregon has a big hay crop and sheepmen can perhaps afford to fatten their sheep on cheap hay.

SHEARED

The "Tom Cat" is a monthly paper published by Mrs. C. Kitty, at Miami, Ohio. The subject of Mrs. Kitty's paper is: "We sling ink with one hand, and hold up our pants with the other." The annual report of the Interstate Commerce Commission, as to casualties on railroads in the United States, for the past year, mentions the appalling total of 7865 killed outright and 50,820 injured. Eruptions, cuts, burns, scalds and sores of all kinds quickly healed by DeWitt's Witch Hazel Salve. Certain cure for piles. Beware of counterfeits. Be sure you get the original—DeWitt's, Peery & Peery. Miss. Nation the Kansas saloon-keeper, refused to be pardoned, but the governor did it anyhow, and sent her home. The jail attendants were grateful; Mrs. Nation's weak husband is yet to be heard from. James White, Bryantville, Ind., says DeWitt's Witch Hazel Salve healed running sores on both legs. The governor pardoned him, but he failed to help him. Get DeWitt's. Accept no imitations. Peery & Peery. There is an immense field for investigation in the timber land frauds. Right in Linn county there is an opportunity for inquiry, a large amount of timber land, which has been gobbled up by companies who have undoubtedly employed locators. Apropos of the late disappointing news about the speed of the new cup defender, it may be suggested that it's all right for the "Constitution" to follow the flag, but we don't want this particular Constitution to follow Lipton's Shamrock. In cases of cough or croup give the little one One Minute Cough Cure. Then rest easy and have no fear. The child will be all right in a little while. It never fails. Pleasant to take, always safe, sure and almost instantaneous in effect. Peery & Peery. The newly elected teachers of the public school at Halsey are Prof. Fulkerson, of this city, principal, and Miss McCullay, of Albany, primary. Three teachers have formerly been employed, and some dissatisfaction is felt at the reduction. A man named Williams was arrested at Walla Walla for rape on a fifteen year old girl, tried and convicted. He was sentenced to the penitentiary for four years, all within an hour and a half. That was one time when justice took the bandage off her eyes and waded in with sleeves rolled up. Our Government having just brought over from Sweden the new method of purchasing there, the next thing is to test it. There is very little probability that it will blow up—still, not to miss a chance, it is respectfully suggested that Naval Historian Maclay be detailed to touch off the first load. The Judge in Naples, Italy, who gave a criminal convicted of sixty-four crimes a cumulative sentence of 1988 years "solitary confinement" overreached himself badly. A large part of the term must necessarily go over into the hereafter, to be spent presumably in place of the penitentiary and the sentenced man is in no danger of being solitary there. A. J. Cottingham went to Washington county, Ark., to see his sister and while there was taken with flux (dysentery) and was very bad off. He decided to try Chamberlain's Colic, Cholera and Diarrhoea Remedy and was so much pleased with the prompt cure which it effected, that he wrote the manufacturers a letter in praise of their medicine. Mr. Cottingham resides at Lockland, Ark. This remedy is for sale by Peery & Peery, druggists.

LOCAL & GENERAL

Mr. and Mrs. J. C. Johnson spent Sunday in this city, the guests of their son, A. J. Johnson, and family. Miss Buleigh Sutherland, who has been at Albany for several weeks past, is visiting with her mother this week. Mr. and Mrs. M. M. Peery, J. S. Morris and Fred Savage left Wednesday for Fish Lake, for a few weeks outing. Miss Kate Cary returned home last week, after a very extended visit with friends at numerous parts of the state. Frank and "Bill" Beard came home from Portland Thursday last, and will spend the summer with their parents in this city. Dr. Davis was over this way Saturday last, a large millinery establishment, preparing for the fall and winter trade. Geo. Coffey returned home Monday evening from his visit to Eastern Oregon, where he was called by the illness of his father. He reports grain prospects very flattering. Lee Baker came over from Polk county Friday last, to visit with friends and seek medical aid for a swollen face. He has a tumor on his lower jaw caused by a spell of sore throat. Mr. and Mrs. Sam Burkhardt, Miss Maggie Munkers, of Albany, and Mrs. J. L. Gansaul, of this city, left Wednesday for Cascadia, where they will spend a few weeks, enjoying the pleasures of an outing. Geo. Phillips, who is holding down a position at the insane asylum, at Salem came up last week, and returned the first of the week, taking his household goods, and will make Salem his future home. Mrs. Phillips accompanied him. Wonderful Springs. A man who has been at the Byron Hot Spring, in California, about which so much is said, who has been spending time at the Breitenbush, near springs, declares that the Breitenbush springs are much better, \$150.00 was recently offered for the Byron springs. The fact that the value of the Breitenbush springs is being appreciated is shown in an offer of \$50,000 for a half interest in the springs if Mr. Mansfield succeeds in perfecting his title to the property. The matter is now before the land office and there will be a decision in three or four weeks. The water of these springs is remarkable. The temperature is 240, and there are six springs all of different properties. Some remarkable cures from bathing and drinking are told. One man from Eastern Oregon who had not walked for thirteen years was there recently, leaving a few days ago walking the sixteen miles out a well man. A young man hardly able to hold the bridle was there in a few days, was riding and hunting with others, feeling the best for years. If the title is secured there is talk of an electric motor from Detroit to the springs
