Something New Under the Sun.

All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "WITCH'S CATARRH CURE" and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"WITCHES" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and positive cure for that annoying disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve any fever of cold in the head.

CATARRH when neglected often leads to consumption—"WITCHES" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "WITCHES" the "GUARANTEED CATARRH CURE."

Sent prepaid to any address in the United States or Canada on receipt of One Dollar. Address: Dept. E 625 EDWIN R. GILES & COMPANY, 2330 and 2332 Market Street, Philadelphia.

No-Trouble for Fifty Cents. Guaranteed to cure Catarrh, or your money back. Send for free trial. 25¢. All drugs.

Jumped on a Ten Penny Nail.

The little daughter of Mr. J. N. Powell jumped on an inverted rake made of ten penny nails, and thrust one nail entirely through her foot and a second one half way through. Chamberlain's Pain Balm was promptly applied and five minutes later the pain had disappeared and no more suffering was experienced.

In three days the child was wearing her shoes as usual and with absolutely no discomfort. Mr. Powell is a well known merchant of Forkland, Va. Pain Balm is an antiseptic and heals such injuries without maturation and in one-third the time required by the usual treatment. For sale by Peery & Peery.

A Pretty Custom.

A pretty practice which prevails in some parts of the East, and to some extent in the Northwest, is that of giving the farm a distinctive name. Besides the sentiment attached to designating the farm with some pretty cognomen, it has less useful side in giving it some definite location. Each farm with its name is a distinct place, whereas, those unnamed are merely tracts, or so many acres of land. The named farm is easier so found and indicated that the owner has a pride in it—that it is home. Then it is easier to address mail matter, and in return the farmer may, like other business men, have a line of printed letter and bill heads, envelopes, etc., which cost but little more, if at all, as much as the same amount of blank paper bought in small lots. These are small things but it is often trifles that elevate the man, make him take more pride in his surroundings, and lead him to appreciate life.—Home-tend.

SCHOOL NOTES

Bert and Edna Turnidge, of Mill City, entered school Monday. They will take the business course.

Roy Knowles, whose people are recent residents of Scio, was enrolled in the school this week. He completed the 8th grade work in the Lebanon school, and takes up the 10th grade work here.

Miss Inna Sutherland took up the 9th grade work this week, and aims to complete the high school course.

The state board has postponed the 8th grade examination for the present. It is presumed that it is done to give pupils time to review the work in the new books. No doubt the examination will be based on the new books.

Miss Cox came to us a stranger, and is proving to be a painstaking conscientious teacher and deserves success.

Chairman Shelton was up recently seeing about some needed repairs to the building.

The literary society has received several new members recently. A history program was being rendered at the last meeting. A debate concerning Miss Stone the missionary is on the program this week. Those who heard it read say the paper edited by Miss Sims is a bright and new one.

A book-keeping class has been organized.

Parents come in and visit the school.

There is a dearth of school books throughout the state.

The new school law says: "Thanksgiving and other holidays shall be school holidays."

De anglers ever hear that it is necessary to drill pupils in addition, subtraction, multiplication and division? About 75 per cent of the work done in the business world is computed in addition.

There is too much time lost in public schools drilling in partial payments, progression, and many other parts of doubtful value to the pupil.

There is nothing like Asthmaline. It brings instant relief, even the worst cases. It cures when all else fails.

The Rev. C. F. WELLS, of Villa Ridge, Ill., says: "Your trial bottle of Asthmaline relieved me of good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with painful sore throat and Asthma for ten years. I despaired ever being cured. I saw your advertisement and forthwith ordered Asthmaline, and thought you had spoken for yourself, but resolved to give it a trial. To my astonishment, the trial acted like a charm. Send me a full size bottle."

DR. TAFT BROS. MEDICINE CO.

Gentlemen: I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmaline, for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I chanced to see your sign upon your windows on 180th street, New York. I at once obtained a bottle of Asthmaline. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle her Asthma has disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend this medicine to all who are afflicted with this distressing disease. Yours respectfully, O. D. PHELPS, M. D.

DR. TAFT BROS. MEDICINE CO.

Gentlemen: I was troubled with Asthma for 22 years. I have tried numerous remedies, but they have all failed. I ran across your advertisement and started with a trial bottle. I found relief at once.
