Saved His Life.

"I wish to say that I feel I owe my life to Kodol Dyspepsia Cure," writes H. C. Chrestenson of Hayfield Minn. "For three years I was troubled with dyspepsia so I could hold nothing on my stomach. Many times I would be unable to retain a morsel of food. Finally I was confined to my bed. Doctors said I could not live. I read one of your advertisements on Kodol Dyspepsia Cure and thought it fit my case and commenced its use, I began to improve from the first bottle. Now I am cured and recommend it to all. Digests your food. Cures all stomach troubles. Perry & Perry.

Legal ethics received a stricking illustration in connection with the trial of Mrs. Conine in Washington city for the murder of young Ayers. A lawyer called by the defense testifies that the accused had confessed the crime to him on the day after the murder and that he had advised her to keep silence in the hope that the police would decide that it was a case of suicide. She did keep silence for five days.

The county court dismissed the petition of a number of tax payers of this section of the county for a breakwater on the banks of Thomas creek, to prevent the washing away of a mans farm. Perhaps they wanted to give Marion county a few hundred dollars to dumn in the Santiam—on the Marion county side—only to be washed out at the first half high water. It is strange what queer ideas a county court can get into its head.

The decision of the Hague tribunal of arbitration not to take any action in regard to the British-Boer struggle was inevitable. The treaty adopted applies only to the signatories, of whom the Boers were not one. In fact it was only on express condition that they should not be included that Great Britain agreed to take part in the peace Congress

The Ship Subsidy bill is not backed by the weight of a party caucus and it will have to take its chances without aid of the party whip. This means that it will have to be greatly modified Probably it will be whittled down to a proposition to subsidize freight carriers quilt in the R. S., omitting all mention of passenger vessels.

Since we have shown ourselves to be so powerful, Europe seems to have concluded that we might as well have our "old Monroe Doctrine", if we really want it. Such a small matter they consider not worth squabbling about.

Willis L. Moore, the United States weather phrophet, says man might as well imitate dogs and bark at the moon as to attempt to scare away hailstorms with cannon.

It seems like criminal waste for Mr Carnegie whose time judging by his income, is worth $500 a minute to go out and play $10,000 or $15,000 worth of golf in a single afternoon.

Buffalo may have lost money on her exposition, but judging by Chicago's experience, she may still consider herself the gainer because of the aesthetic education of her citizens.

Saw Death Near.

"It often makes my heart ache," writes L. C. Overstreet, of Elgin, Tenn., "to hear my wife cough until it seemed her weak and sore lungs would collapse. Good doctors said she was so far gone with consumption that no medicine or earthly help could save her, but a friend recommended Dr. King's New Discovery, and persistent use of this excellent remedy saved her life." It's absolutely guaranteed for Coughs, Colds, Bronchitis, Asthma and all throat and lung diseases. 50c and $1.00 at Perry and Perry's. Trial bottles free.

Two hundred millions of dollars is likely to be appropriated at the coming of congress for the construction of the Nicaragua canal. A Grocer Says

"I guess everybody in Bellevue, Ohio, knows O. B. Callaghan, the grocer. I am in his employ, and am about as well known as he is. A grocery is a place where you have cold gusts of wind coming in every time the door opens, and there is a good deal of running about out-doors too. Anyhow, I catch cold very often, but the minute I begin to sneeze I reach up on the shelf and take a dose of Acker's English Remedy. I tell you it is wonderful how quickly it stops a cough or cold. I have used it myself, and in my family for a number of years. It works like a charm. I suppose some of the folks would have run into consumption before this if I had neglected to keep a bottle ready all the time for immediate use. I wouldn't think of using anything else for throat and lung troubles. I know what Acker's Remedy actually does, so what sense is there in experimenting? Certainty is better than chance."
