Something New Under the Sun.

All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membrane causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membrane that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNEEFLER," the GREAT CATARRH CURE, and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment, and everything necessary to its perfect use. "SNEEFLER" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and positive cure for that annoying disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLIC in the HEAD. CATARRH when neglected often leads to CONSUMPTION—"SNEEFLER" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNEEFLER," the "GREAT CATARRH CURE."

Sent prepaid to any address in the United States or Canada on receipt of One Dollar. Address Dept. E 625 Elysian Bldg. & Co., 2330 and 2332 Market Street, Philadelphia.

The Salem steam laundry does nothing but first-class work, and their prices are very reasonable. Call at the drug store for particulars.

Take your laundry to the express office, and have sent to the Salem steam laundry, where you can get the best work for the least money, and its good work, too.

Hagey, the Jeweler, has received a fine line of holiday goods. Don't fail to call on him when in search of a nice Christmas present, for either old or young. His prices are at the bottom notch.

The shooting match advertised for Tuesday last, was not so largely attended as it would have been, had it been good weather. Shooting in the rain is all well enough if one is in search of game, but when its fun is its object.

We had the pleasure of meeting an old time friend, G. L. Davis last week. He is now a traveling salesman, and is doing well. His visit here was a very pleasant one, though brief. Call again, Geo., you are always welcome.

Dr. J. E. Stewart has purchased the lot next north of THE NEWS office from Hon. Jeff. Myers, and in the spring will erect a residence and dental office on the property. It is a very desirable location, and he was fortunate in getting hold of it.

A most marvelous achievement was the recent communication by wireless telegraph between the two sister ships, Lusitania and Campana in mid-ocean, eastward and westward bound. The distance between them was 150 miles, and the communication was kept up for three hours, the passengers exchanging the news of two continents.

The Louisiana Purchase Exposition at St. Louis will be a world's fair. It will open May 1, 1903. The minimum cost will be \$15,000,000, of which congress has appropriated \$5,000,000. The site of the fair is in Inwood Park, the second largest park in America. It will contain eleven main exhibition buildings, of which the largest will be the agricultural—700x2,000 feet.

It is a singular coincidence that the three British naval vessels named after snakes met disaster. The Serpent, a torpedo boat destroyer, was lost with 173 lives in 1890 off Cape Vilano, in northern Spain, the Viper, a sister boat to the Cobra, was lost in the fog off the Channel Islands during maneuvers this autumn, and now the Cobra has gone to the bottom, with sixty-seven men aboard.

Chicago today is a city of nearly 2,000,000 inhabitants. Do you know what these figures mean? They mean that within the borders of the municipality are more people than live in either the state of Georgia, or Minnesota, or New Jersey, or Virginia, or Wisconsin. They mean that there are gathered together more people than occupy Alaska,

Arizona, Colorado, Delaware, Idaho, Maine, and Oregon combined. Greater New York is about twice the size of Chicago.

Chas. Warner left the first of the week for Genesee, Idaho, where he has accepted a position in a flouring mill as head miller. He is a first-class miller, and will doubtless remain there indefinitely. Mrs. Warner will join her husband in a few weeks. They are two of Scio's most popular people, and have made their home here for many years, and as a result have made a host of friends who dread to see them depart, but who at the same time wish them unlimited success in their new home.

Food Changed To Poison.

Pretrefying food in the intestines produces effects like those of arsenic but Dr. King's New Life Pills expel the poisons from clogged bowels, gently, easily but surely, curing Constipation, Biliousness, Sick Headache, Fevers, all Liver, Kidney and Bowel troubles. Only 25c at Perry & Perry's.

Defended the Law.

The county court of Marion county ordered a certain road.

standing the order a citizen of the county said the road should not be built, county court or no county court, and he took his gun to prevent it. The man who was building the road by order of the county had some idea of justice himself, and rather than be shot himself did some shooting himself, and there was a funeral in the Roper family of Aurora.

The peace said Thurston Grim did right and discharged him. Nearly every community has some citizen like Roper who doesn't care a fig for the authorities above him.

Health and Beauty.

A poor complexion is usually the result of a torpid liver or irregular action of the bowels. Unless nature's refuse is carried off it will surely cause impure blood. Pimples, boils and other eruptions follow. This is nature's method of throwing off the poisons which the bowels failed to remove. DeWitt's Little Early Risers are world famous for remedying this condition. They stimulate the liver and promote regular and healthy action of the bowels but never cause griping, cramps or distress. Safe pills. Perry & Perry.

A Remarkable Family.

The most remarkable family discovered by the census enumerators was at a little village named Mary's Home, in Miller county, Mo., about thirty miles from Jefferson City. The enumerator in that district reports that he found a Mrs. Henry Smith, wife of a storekeeper, 32 years old, who during a brief marriage, had presented and reared her devoted husband with sixteen children. Only one of them was a "solitaire". There were two pairs of twins, two sets of triplets and one quintet, five sturdy boys at a birth averaging six pounds in weight. They are all alive and hearty, their mother is as active and strong as any woman in the state.

Rev. Ira H. Hicks Is Not Dead.

Notwithstanding a widely current rumor that the Rev. Ira H. Hicks was dead, he never was in better health, and never did a harder or more successful year's work than that just closing. He has just completed his large and splendid almanac for 1903 and, with his staff of able helpers, has brought his Journal Word AND WORK justly forward with international reputation. For a quarter of a century Mr. Hicks has grown in reputation and use as the peoples' astronomer and forecaster of stars and the character of coming seasons. Never were his weather forecasts so sought after as now, his timely warning this year of a serious drought, having saved many people from loss and suffering. Millions of bushels of wheat were harvested by his advice to plant crops that would mature early. The American people will certainly stand by Prof. Hicks, when it costs them so little and did so much for us. His fine almanac of 200 pages if only 25c, and his splendid family journal is only one dollar a year including the almanac. Send to WORD AND WORK PUBLISHING CO., 2201 Locust St., St. Louis, Mo.

Arrested, Arraigned and Discharged.

Thos. King and Luke Williams, two young men who reside near Kingston, were arrested Tuesday by Sheriff McHargue on a warrant issued out of Justice Shelton's court, of this city, charging them with the tearing down some fence for a neighbor. They were brought to this city, and entered a plea of not guilty, and were locked up in the city jail until the following day when they were released on bonds. Thursday the case was called for trial, but the prosecuting attorney failed to show up, or send a substitute to try the case, and the boys were discharged. Deputy prosecuting attorney P. R. Kelley was requested to present, and stated that he would do so if possible, but was ill and could not attend, hence Justice Shelton dismissed the case. Several witnesses were present, and the affair created quite a bit of street talk. The same evening that the fence was torn down someone, supposed to be the fence destroyer, and the sheriff's men, went to the Kingston and demolished things in general, the organ and several new seats being completely wrecked and destroyed.

An Evangelist's Story.

"I suffered for years with a bronchial or lung trouble and tried various remedies but did not obtain permanent relief until I commenced using One Minute Cough Cure," writes Rev. James Kirkman, evangelist of Belle River, Ill. "I have not had this trouble since I used One Minute Cough Cure. I am now able to do my work as usual and am free from all the suffering from malady of this kind." One Minute Cough Cure affords immediate relief for cough, colds and all kinds of throat and lung trouble. For a group it is unequalled. Absolutely safe. Very pleasant to take, never fails and is really a favorite with the children. They like it. Perry & Perry.

RICH IN FOSSILS.

The Bad Lands, a Bonanza to the Daring Geological Student.

"The Bad Lands," said Horatio Garrett, one of the most earnest rock collectors of the party from Princeton college that recently visited the Bad Lands of North Dakota and Montana to collect fossils, to a northwest magazine representative, "are a strange combination of desolation, horror and incomprehensible freaks of the primeval world. There are lofty peaks of burning rock by the hot suns of millions of years. The valleys between are white deserts, covered with bitter, dusty and blinding alkali that has made all that country a desert worse than Sahara ever was said to be."

The rivers run wide or turbid with this alkaline concretion in winter, and are dry and dusty channels in the summer. The peaks, the valleys, and every feature of the whole region, in fact, seems to be thrown down upon the earth in nature's angriest mood—a hideous conglomeration, in which even the geological strata are displaced and entangled. This strange region was once the salt-washed bottom of a sea, and traces of the receding waves are visible on every hand. The fossils, which were now our main pursuit, are mostly aquatic animals. Few birds, and those mostly of the semi-reptilian character, are found among them, while innumerable bones of gigantic saurians dot the shale and sandstone of the valleys. Mingled with them are remains of bear, antelope and buffalo, and relics of an intermediate age, the bones of the mastodons and elephants—not mammoths and a three-toed equine, one of the ancestors of the present horse.

"Some of the saurians of the coeocene and miocene periods were indescribably hideous. Looking upon the remains of these monsters and of gigantic equine, one of the ancestors of the present horse.

"The Bad Lands" and said they were the haunts of ghosts and the home of evil demons."

PUNGENT PARAGRAPHS.

"Rhinesteln"—"Life is a failure."

Borgenbaum—"If one could only live a hundred lives!"—Boston Transcript.

"What is your nephew doing now?" "For the last five years he has been choosing a profession."—Jugend.

"Sticker"—"I dreamt last night that you gave me ten pounds. I loved you a tender, you know."—Tit-Bits.

"The Baby"—"Gobbie, hobbie, Gobbie, hobbie." The Wife—"John, I do believe the baby is trying to say he loves me." The Brute—"Very likely. He hasn't known you long."—London Figure.

"Doctor (to Irish patient)"—"Do you sleep with your mouth open?" Irish Patient—"Shure, O! don't know, doctor. O've never seen myself when O've been asleep, but O'll have a look to-night!"—Tit-Bits.

"Reverend"—"I tell you, my boy, it is impossible for me to find my wife's pocket!" "Butcher!"—"You shouldn't be discouraged. Look at me; I haven't been able to find even a wife yet!"

SCHOOL NOTES

We are going to have the school building lighted by electricity.

Miss McDonald is cashier of the bank during Miss Sim's absence.

A portion of last year's class will take the advanced course in book-keeping.

Prof. Peery, Miss Young, and Miss Ficklin of Albany, were recent visitors.

The students in the grammar department are working as they never worked before.

The evening session of the teachers institute, Jan. 10, will be held in the assembly hall.

School closed Friday for the holiday vacation which lasts two weeks. The outside students left for home Saturday.

The president of the bank taught the class a lesson when he refused to take their notes without another signature on the paper.

Rev. Latourette, of McManville, called Monday and took charge of the class in Natural Philosophy. He gave the school good advice and spoke in favor of a college education.

The High School Club proposed to pay a large part of the expense for lighting the school building and the school trustees met the club's proposition half way and electrician Hagey will extend the system to the school building soon.

The students in the book-keeping class are busily engaged in journalizing, posting, drawing checks and notes, and writing indorsements in blank, qualified and unqualified, indorsements on certified checks, etc. The bank loaned about \$7,000 Tuesday at 8 per cent.

A. J. Snell wanted to attend a party, but was afraid to do so on account of pains in his stomach, which he feared would grow worse. He says, "I was telling my troubles to a lady friend, who said: Chamberlain's Colic, Cholera and Diarrhoea Remedy will put you in condition for the party." I bought a bottle and take pleasure in stating that two doses cured me and enabled me to have a good time at the party. Mr. Snell is a resident of Summer Hill, N. Y. This remedy is for sale by Perry & Perry.

A Woman's Awful Fall.

"There is only one chance to save your life and that is through an operation" were the startling words heard by Mrs. I. B. Hunt of Lime Ridge, Wis., from her doctor after he had vainly tried to cure her of a frightful case of stomach trouble and yellow jaundice. Gall stones had formed and she constantly grew worse. Then she began to use Electric Bitters which wholly cured her. It's a wonderful Stomach, Liver and Kidney remedy. Cures Dyspepsia, Loss of Appetite. Try it. Only 50 cts. Guaranteed. For sale by Perry & Perry.
