The annual report of the superintendent of the dead letter office shows that people have not become very careless in using the mails as a means of forwarding valuables and letters. During the last year the dead letter office received nearly 6,000,000 unclaimed letters alone. Of these 57,592 were dropped into the postoffice without any address at all. The number of letters reaching the dead letter office which contained money was 47,000 and the amount of money inclosed aggregated \$42,554.72, while 175,000 letters received at the dead letter office contained postage stamps, 30,000 letters contained drafts, notes and other valuable papers aggregating a face value of \$1,250,770, were likewise sent to the dead letter office. The grand total of letters, parcels, etc., opened at the dead letter office because of no other means of determining for whom they were sent, was 7,693,751.

Macey, the man largely responsible for the recent Schley investigation, has been reached by the strong hand of retribution. As soon as the investigation had been finished and the case closed, President Roosevelt caused his removal from the Brooklyn navy yard. It is very evident from the president's words and actions that he will not countenance officers of the army and navy in insulting and trampling each other. General Miles, whose faculty for talking too much has made serious disturbances in army circles in the past, has been officially reprimanded for indirect talk in the Schley case. There was a sting to the reprimand that would almost lead a high-spirited man to resign in order that he might talk back.

The circulation of money in the United States is now \$28 per capita, the greatest ever known. There is no little demand for money, however, and banks find it unprofitable to keep their notes outstanding, and are accordingly calling them in at a rate of \$2,000,000 per month, and are selling the bonds that had been deposited to secure that circulation. These bonds are worth a considerable sum over what was paid for them, so that the banks are making a round sum by the change. One Chicago bank is credited with having made over \$100,000 by a recent sale of that kind.

Married at Albany. The Albany Herald has the following very nice write up of the wedding of Miss Lora Powell, of this city, and Mr. J. H. Davidson, of Rowland. Their many friends in this section are wishing them unbounded success and happiness during their journey through life. A very pleasant marriage ceremony was performed at the parlors of the El Charles hotel of New Year's night, January 1st 1902. The contracting parties were Mr. John H. Davidson the popular R. J. agent merchant and postmaster, of Rowland and the Woodburn and Natron road, and Miss Lora V. Powell, the accomplished daughter of Mr. A. T. Powell, one of Linn county's solid and well known citizens residing near Scio. The ceremony was performed by that old and most highly esteemed minister Rev. Charles Sperry of Rowlandville, in his happiest manner. Miss Edna V. Mackey, of Harrisburg, assisted by her cousin Miss Adla Sney of Rowland presided at the piano, bringing out beautiful music appropriate to the occasion. The groom was supported by his brother Mr. Newton Davidson of Rowland as best man and the bride by her cousin Miss Linnie Powell of Rowlandville as bridesmaid. Among the guests were Prof. H. C. French and wife of Rowland, son of Hon. F. M. Kizer, of Rowland, and Miss Minnie B. Schick of Rowlandville. The bride and groom being graduates of that excellent school, Mr. William David and Miss Sida Powell, whose wedding was celebrated in Albany, Oregon, on the 21st of 1901.

Profitable Investment. "I was troubled for about seven years with my stomach and in bed half my time," says E. Demick, Searsville, Ind. "I spent about \$1,000 and never could get anything to help me until I tried Kodol Dyspepsia Cure. I have taken a few bottles and am entirely cured. It does not live by what you eat, but by what you digest and assimilate. If your stomach doesn't digest your food, it is a very simple matter to get Kodol Dyspepsia Cure. It does the stomach's work by digesting the food. You don't have to diet. Eat all you want. A bottle is very much better than a good many other remedies but they'll dig up more harmful plants than anything that isn't a medicine. It is very simple to lay eggs for plum pudding. Becher life I like plum pudding. Skimmed milk is so much plum pudding that it isn't worth eating. Here has got wings and they can fly when they are sore. I cut my uncle Will's hens head off with the ax and it scart her to death. Here sometimes make very fine spring chickens."

A Deep Mystery. It is a mystery why women endure these backache, headache, nervous, dizziness, indigestion, melancholy, fainting and dizzy spells when thousands have proved that Electric Bitters will quickly cure such troubles. "I suffered for years with kidney trouble," writes Mrs. Phoebe Cherley, of Peterson, Ia., and a knock back returned me as I could not dress myself, but Electric Bitters wholly cured me, and although 73 years old, I am now able to do my household work. It overcomes constipation, improves appetite, gives perfect breath. Only see at Peery & Peery's drug store.

A Deep Mystery. It is a mystery why women endure these backache, headache, nervous, dizziness, indigestion, melancholy, fainting and dizzy spells when thousands have proved that Electric Bitters will quickly cure such troubles. "I suffered for years with kidney trouble," writes Mrs. Phoebe Cherley, of Peterson, Ia., and a knock back returned me as I could not dress myself, but Electric Bitters wholly cured me, and although 73 years old, I am now able to do my household work. It overcomes constipation, improves appetite, gives perfect breath. Only see at Peery & Peery's drug store.
