WORTHY SUGGESTOR.
Something New Under the Sun.

All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. The powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a Treatment which he has faithfully used, not only relieving at once, but permanently curing CATARRH by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SERRAVALLO'S CATARRH CURE" and is sold at the extremely low price of One Dollar each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use. "SERRAVALLO'S" is the only perfect CATARRH cure ever made and is now recognized as the only safe and positive cure for that annoying disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve any fever or cold in the head.

CATARRH when neglected often leads to consumption. "SERRAVALLO'S" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SERRAVALLO'S" the "CATARRH CURE" and "SERRAVALLO'S" sent prepaid to any address in the United States or Canada on receipt of One Dollar. the first of this week.

ing in Scio this week, the guest of

ous friends.

Klingler, of Mt. Angel, were visiting
in this city last week, the guests of
their brother, Alphonse Klingler.

The Salem steam laundry does
nothing but first-class work, and
their prices are very reasonable.
Call at the drug store for particulars.

There are several cases of typhoid
fever in this section of the county,
but most of them are recovering
as rapidly as can be expected.

N. Gardner, a former resident of
this section, but lately of Park county,
has rented the Cornell place, and is
now making his home among us again.

Take your laundry to the express
office, and have it deposited at the
steam laundry, where you can get
the best work for the least money,
and its good work, too.

The local teachers' institute which
was held in this city the latter part
of last week was quite well attended,
and a very instructive as well as in-
teresting meeting was held.

A. W. Gaines, Geo. R. Loeber,
L. J. Gaines, and Wm. M. Moore,
who have homesteads in Lacomb
precinct, were at Oregon City the
latter part of last week, making final
proof on the same.

John Watkins is at Jefferson this
week, where he is disposing of his
"home made" strawberry wine, and
therefore the "Junk" will doubtless find
a ready sale for his product.

Installation of officers of the Odd
Fellows lodge, of this city, took
place at their hall Saturday evening
last, and a very interesting session
was held. After the work had been
completed refreshments were served.

W. J. Gordon, of Minnesota, ar-
rived in Scio the first of this week,
and is residing with his old school
mate, Fred Goodrich, in this city.
He is looking the state over with a view
of making his home here in the fu-
ture.

A. D. Hopper returned to Spokane
the latter part of last week, and
the latter part of last week, and
making a thorough inspection of the
flax mills at this place. He ex-
pressed himself as well pleased with
the outlook for the flax industry in
this section.

Fred and Dean Morris left Friday
last week for Alaska, where they
will remain for a year at least, and
perhaps longer. They are being
sent as far as Seattle by G. B. Cy-
rus, who will visit in this vicinity
for a few days.

Mrs. Ella Wilson, who resides
with her mother, Mrs. S. A. Flen-
ey, near this city, had the misfor-
tune to fall and sprain her ankle
quite badly one day last week,
and as which time she has been con-
fined to her room.

Mrs. I. A. Mankers, of Albany, is
quite ill with inflammatory rheu-
matism. Her condition is quite seri-
ous, although she is now improving.
Her many friends who are anxiously
looking for her a speedy and perma-
nent recovery.

Chas. Caldwell, of Reese, Idaho,
was in Scio last week, visiting with
friends and relatives. Upon his re-
turn home he was accompanied by
his daughter, Miss Jessie Caldwell,
who has made her home with Mr.
and Mrs. J. S. Morris, for some time
past.

Robert Cary, who has been under
the care of Dr. Hawk, of Jefferson,
for some time past, is considerably
improved in health. He was
brought home from Jefferson a
couple of weeks ago, since which
time he has been improving. His
permanent recovery is anxiously
looked for by his numerous friends.

City Marshall J. A. Bilyeu has
captured a horse which wandered
into the confines of the city, and un-
less its owner comes to his rescue
it will be placed on the market at
public sale. It is a pretty good
looking pony, and someone
will doubtless come along and lay
claim to it before the time limit ex-
pires.

The funeral of Wm. T. Logan took
place at the Masonic cemetery near
this city Friday of last week, con-
ducted by Rev. Sperry, of Brown-
sville, and the remains were laid to
rest beside those of his wife, who
had passed over the dark river sev-
eral years ago. He was at one time
and for many years a resident of
this city, and was well and quite
favorably known here.

Wednesday evening of last week
the Hibbard Dramatic Co., of In-
dependence, presented the "Miser's
Carpenter" at the city hall in this city.
The play is a very interesting one,
and although presented by "home
talent" was well rendered. The
part of "Aunt Kate," which was
taken by Mrs. E. C. Moore, was ex-
ceptionally well rendered, and was
indeed the life of the play.

"Rever" Neeland, of Albany, was
over this way and spent Sunday
with his brother-in-law, Will C. Mil-
ler. He is taking a short vacation,
and brought along his "pump gun"
with the intention of getting a few

The Creamery Outlook.

Numerous efforts are being made
to guarantee the success of the
creamery and cheese plant in
this city, which has been idle since
last July. Several theories have
been advanced, and one or two
offers have been made by parties
who desire to purchase the prop-
erty. The success of an enterprise
of the creamery or cheese factory or-
der remains at all times with the
farmer. He must be depended upon
to supply the raw material for the
manufacture of both butter and
cheese, but of course he cannot be
expected to do so without adequate
compensation. He must see that a
sufficient price for his milk and
cream to justify him in maintaining
cows and marketing their product,
and if he is not paid for doing his
part no one can blame him if he re-
fuses to do it. The creamery at this
place has made several efforts to
gain the aid of the farmer, but each
time it has fallen to the ground
with a heavy thud. It has
proven a white elephant to the
stockholders, but the reason for this
state of affairs is not plain either to
the company or the patrons. It is to
be hoped that someone will get a-
round the matter, and that the direct
purchase or lease who will be able to
make a success of it and fulfill the
mission for which it was originally
planned. The fact that the creamery
made to pay in other localities, and
there is no reason why this particu-
lar one will not do so. The market
for creamery products is good,
and fully justifies their establish-
ment and maintenance, and we are
of the opinion—with all due credit
to its past management—that this
one can and will be made to do so.
We hope so at least.

A Splendid Time to Pay Up.

This is about the best season we
have ever seen for delinquent sub-
scribers to pay their subscription to
this paper, but there are only a few
of our many readers who have tak-
en advantage of the opportunity.
There is no use trying to get around
the fact that it takes something
more than just "time" to properly
develop a newspaper, and the only suc-
cessful way of doing it is to have a
little money in the pockets of the
publishers to see that the paper is
subscribed to and paid up. If you
subscribe to it and do not need to
pay any attention to this
item, but if you are a year or two
behind, and are not sure you can
spare just drop in and get a receipt
for all you want to pay, and see how
pleasant it will make us look.

Children Especially Liable.

Burns, bruises and cuts are ex-
tremely painful, and if neglected
often result in blood poisoning.
Children are especially liable to such
injuries because of their curiosity.
A remedy for such accidents is
"DeWitt's Witch Hazel Salve." It
is unequalled. It draws out the
fire, stops the pain, soon heals the
wound. Beware of counterfeits.
Sures cure for piles. "DeWitt's"
Witch Hazel Salve cured my baby
of eczema after two physicians gave
her up. writes Emma Mack, N.
Webster, Ind. "The sores were so
bad she could not take five dresses a
day. Light & Peery."

Will Light the Assembly Hall.

The assembly hall at the public
school building will soon be wired
for electric lights, and then the
stage will be furnished with cur-
tains and sufficient scenery to make
it an up-to-date hall, after which
time our people will have a very
comfortable place to hold public
gatherings. The city hall has been
used for this purpose for years past,
but the stage is not large enough
nor is it in a shape to permit of a
play being put on in any manner
satisfactory to the audience.

The Sale Was Confirmed.

The sale of the property belong-
ing to the T. M. Munkers estate has
been confirmed by the probate court
and the estate will be settled up
within a short time. The property
has been sold several times, but each
time something would come up
which would prevent the title from
being given, and this has made a
good deal of additional cost. The
title was finally sold subject to the
life of Mrs. Munkers, and the new
owners of the property will have
a chance to deal with her di-
rect. T. J. Munkers, the adminis-
trator of the estate, has had his
share of the property, and the probate
court is relieved of a heavy load
by the confirmation of the sale.
