Strikes a Rich Find.

"I was troubled several years with chronic indigestion and nervous debility, writes F. J. Green of Lancaster, N. H., No remedy helped me until I began using Electric Citters which did me more good than all all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak run down women. No other medicine can take its place in our family." Try them. An Author Speaks.

The late Charles Dudley Warner—author, editor and traveler—while bathing in Great Salt Lake remarked to a friend that in all his travels he never before saw such a glorious combination of salt sea bathing, blue sunlit skies, pure mountain air and pretty women and happy children. The only transcontinental line passing directly through Salt Lake City is the Rio Grande System. It is also the "Scenic Line of the World." No European trip of equal length can compare with it in grandeur of scenery or wealth of novel interest. All agents sell through tickets to the east by way of the Rio Grande lines. Character is becoming more and more valuable from a purely commercial standpoint. No railroad company, no banking institution, no mercantile firm, no successful man in any legitimate business will employ a young man these days who frequents saloons, or keeps dissolute company, or plays cards, or bets on horse races, or is known to engage in the grosser evils of the day. The shrewd men of business, no matter what their religious beliefs may be, are not hunting young men of that kind. They are hunting clean, sober moral young men. It isn't a matter of sentiment; it is a matter of business. There has been a wonderful advancement along these lines the past twenty years. The most practical and effective temperance organizations today are the railroad companies and other great commercial corporations. Indeed they are almost evangelists. They are now demanding a higher and better type of character as a perquisite to employment, and are helping mightily to develop that kind of character by their liberality toward the Y. M. C. A. and other religious organizations, and by following a policy which is equivalent to a sign all over their portals: "No tippler, no gambler, no questionable character need apply here for a job." Young man, listen: You must be something as well as know something if you hope to woo and win the fair goddess of success in these opening years of the twentieth century.

The Glencoe, Minn., Enterprise of recent date contains the following annual statement of the Biscay Creamery and Cheese Company for the year 1891: No. pounds of milk received, 3,212,583; pounds butter fat, 125,286; pounds butter made 142,529, received for butter, $27,897.85; running expenses, $2,852.87; am't placed in sinking fund, $950.50. av. price for butter fat, 19½ cents. We publish this to show our home readers what can be effected by a co-operative creamy. Why not have one in Scio?

Could Not Breathe.

Coughs, colds, croup, grip, bronchitis, other throat and lung trouble are quickly cured by One Minute Cough Cure. One Minute Cough Cure is not a mere expectorant, that gives only temporary relief. It softens and liquifies the mucous, draws out the inflammation and removes the cause of the disease. Absolutely safe. Acts at once. "One Minute cough Cure will do all that is claimed for it," says justice of the peace J Q Hood, Crosby, Miss. My wife could not get her breath and was relieved by the first dose. It has been a benefit to all my family. Peery & Peery.

An Editors Reverie.

The editor sat in his office cold whence all but him had fled, and wished that every deadbeat was in his grave stone dead. His mind then wandered far away to the time when he should die and his loyal editorial soul go scooting to the sky, when he'd roam the fields of Paradise and sail o'er jasper seas and all things gloriously combined his every sense to please. He thought then how he'd look across the gulf so dark and drear that yawned between his happy soul and those that dwindled there; and when for water they would call, and in agony they would caper, he'd shout to them, "Just moisten your tongue with the 'due' that's on your paper."—Ex.

Practically Starving.

"After using a few bottles of Kodol Dyspepsia cure my wife received perfect and permanent relief form a severe and chronic case of stomach trouble," says J R Holt, real estate insurance and loan agent, of Macomb, Ill. "Before using Kodol Dyspepsia Cure she could not eat an ordinary meal without intense suffering. She is now entirely cured. Several physicians and many remedies had failed to give relief. You don't have to diet. Eat any good food you want, but dont overload the stomach. Kodol Dyspepsia Cure will always digest it for you. Peery & Peery.

Americans in Europe.

It is indicative of the great amount of money that Americans will spend in Europe in this coronation year, and also of the fact that modern methods have eliminated national boundaries in trade, that a certain New York newspaper whose advertising rates are very high, is carrying a page of miscellaneous European advertisements.—hotels dress-makers, jewelers, perfumers, etc.

For The Complexion.

The complexion always suffer from billiousness or constipation. Unless the bowels are kept open the impurities from the body appear in the form of unsightly eruptions. DeWitt's Little Early Risers keep the liver and bowels in healthy condition and remove the cause of such troubles. C. E. Hooper, Albany, Ga., says: "I took DeWitt's Little Early Risers for biliousness. They were just I needed. I am feeling better now than in years." Never gripe or distress. Safe though gentle. They are the best. Peery & Peery.

The Shasta Route.

In going over the famous "Shasta Route" of the Southern Pacific Co., the traveler ever finds something new to excite his admiration and interest. Starting at Portland one traverses the whole length of the Willamette Valley, the gem of the Northwest. Mt. Hood, Mt. Jefferson, and the Three Sisters and other snow-capped peaks are kept in sight for hours. The prunes, peaches, apples and other fruits are a delight in themselves. The crossing of the great mountain barrier between Oregon and California reveals the grandest mountain scenery in the United States. The wonderful array of towering mountains, and gorges into which we gaze from dizzy heights, forest clad mountain slopes streching up to the line of perpetual snow, and the foaming mountain streams dashing fiercely down deep canons, now and then stopping for a short rest in some quiet poll. After a days enjoyment of old Mt. Shasta, the finest peak on the continent, we drop rapidly down the canon of the Sacramento to the broad plains of the Sacramento Valley in California, and thence through vineyards and orchards to San Francisco.
