Something New Under the Sun.

All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucuous membranes causing them to crack open end bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the trertment of CATARRH, has at last perfected a Treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES the GUARANTEED CATARRH CURE" and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"SNUFFLES" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and positive cure for that annoying disease. It cures all inflamation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLD in the HEAD.

CATARRH when neglected often leads to CONSUMPTION—"SNUFFLES" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES" the "GUARANTEED CATARRH CURE."

Sent prepaid to any address in the United States or Canada on receipt of One Dollar. Address Dept E 625 EDWIN B. GILES & COMPANY, 2330 and 2332 Market Street, Philadelphia.

Wm. Brenner was at the county seat the latter part of last week, looking after the sale of the land owned by the estates of his father and mother.

Owing to the backward season and the few fresh cows yet available the Scio cheese factory will not start until the first of May, at which time a patronage has been securely promised of about 250 cows.

Say—Don't forget that I am keeping up my reputation of paying the highest price for poultry and eggs and all other produce, than anybody else in the Willamette valley. Ross E. Hibler.

Now is the time to place your orders for cemetery work so that it can be put up before Decoration day. M. N. Richardson is prepared to furnish estimates on all kinds of monument work. See him before placing your orders.

M. W. Phillips is at the hospital in Portland this week, where he is being treated for catarah of the stomach and bowels. He has been ill for the past year and a half, and his numerous friends hereabouts are hoping that he may find speedy and permanent relief.

During the month of May the price of milk at the cheese factory will be 80 cents per 100 lbs. if 2000 lbs. per day is received. The price will not be below 70 cents at any time. The fair offer to pay more for milk according to increase in patronage should be an inducement for everybody to give the institution a fair trial.

There is a bill before Congress to make the use of the metric system compulsory in all government transactions, but there is opposition to the measure. There was an equal opposition to the use of the Arabic numerals when they were first suggested, yet the labor saved in multiplying 365 instead of the Roman CCCLXV by XXIV must have been enormous.

A Pennsylvania clergyman who died recently in his ninety-sixth year, having retained his mental faculties to the last, had known personally many of the patriots of the revolution. The beginnings of the republic seem remote in the past, yet two human lives are sufficient to span the intervening period. A great deal happens in a lifetime, notwithstanding the proverbial swiftness of the weaver's shuttle.

There is considerable amusement in some of the census tables, and jokes are going the rounds over the fact that Chicago has more hogs than New York, but that New York leads in the matter of goats. Pennsylvania beats all other states in the number of mules, which fact is mentioned in relation to its factional politics.

The Shasta Route.

In going over the famous "Shasta Route" of the Southern Pacific Co., the traveler ever finds something new to excite his admiration and interest. Starting at Portland one traverses the whole length of the Willamette Valley, the gem of the Northwest. Mt. Hood, Mt. Jefferson, and the Three Sisters and other snow-capped peaks are kept in sight for hours. The prunes, peaches, apples and other fruits are a delight in themselves. The crossing of the great mountain barrier between Oregon and California reveals the grandest mountain scenery in the United States. The wonderful array of towering mountains, and gorges into which we gaze from dizzy heights, forest clad mountain slopes streching up to the line of perpetual snow, and the foaming mountain streams dashing fiercely down deep canons, now and then stopping for a short rest in some quiet pool. After a days enjoyment of old Mt. Shasta, the finest peak on the continent, we drop rapidly down the canon of the Sacramento to the broad plains of the Sacramento Valley in California, and thence through vineyards and orchards to San Francisco.

THE GIGGLING GIRL.

If you tell her she's modest or tell her she's vain,
She'll giggle.
She heeds not the fact that it gives you a pain,
That giggle.
Though you may address her in serious key,
Make speech that presents no occasion for glee,
Or even for smiling, her answer will be
A giggle.

She runs to the door when her Chawley boy rings
And giggles.
While helping him take off his cold winter things
She giggles.
When seated for sparking within the bright rays
Of dollar per gas or the grate's cheery blaze
She answers the sugary things that he says
With giggles.

In church if she catches a girly chum's eye,
She giggles.
There's no provocation, she doesn't know why,
Just giggles.
She'll arch up her eyebrows like back of the cat
That stands off the dog in the rear of the flat
And give her eyelashes a humorous bat
And giggle.

If called to the bier of a dead, allied friend,
She'd giggle.
If Gabriel's trump should bring time to an end,
She'd giggle.
If up to the great judgment bar she were led
To list to her fate with the quick and the dead
She'd think it was funny and shake her fool head
And giggle.
