A. O. U. W. Lodge "Blow Out."
Monday evening of this week will bring in the memory of the members of the A. O. U. W. lodge of this city. The lodge had not been doing a great deal in the matter of taking in new members, for some time past until Deputy Grand Master E. E. Taylor, of Lebanon appeared on the scene, and then things changed. After putting in a couple of weeks "hosting" he rounded up twenty-three applications for membership, and last Monday evening being the regular meeting night the members of the lodge at Albany, Jefferson and Crabtree, were invited to take a hand in assisting them to "ride the goat." There was quite a delegation present from the neighboring lodges, and with their assistance twelve of the candidates were initiated and given the work of both degrees.

It was no small undertaking, and the boys worked with a will until four o'clock Tuesday morning, and were then ready for more. A splendid lunch was served in the Blyden store, holding at midnight to which all did themselves proud.
There are a large number of candidates still on the road, and they will be given the work at the next regular meeting, which will be the first Monday in May, and at this meeting a larger gathering of visiting members are expected to be present than were here this week, and if no bad luck should befall the district deputy between now and then there will be something doing at the next meeting.

No Serious Doses. No Weakening of the Nerves. No Excitement. No Pain. One Cure for the Liquor Habit.
It is now generally known and understood that Drunkenness is a disease and not a weakness. Sufferers may now cure themselves at home without publicity or loss of time from business by this wonderful "more soon cure" which has been perfected after many years of close study and treatment of inebriates. The faithful according to directions of this wonderful discovery is positively guaranteed to cure the most obstinate case, no matter how long a drinker. Numerous cures have been effected by thousands of Drunkards in-tober, industrious and upright men, who were once "more soon" cured. This remedy is in no sense a nostrum, but is a specific for this disease only, and is skillfully devised and prepared that it is thoroughly reliable and pleasant to the taste, so that it can be given in a cup of tea or coffee without the knowledge of the person taking it. Thousands of Drunkards have cured themselves with this priceless remedy, and so many more have been cured and made temperate men by having the "more soon cure" administered by loving friends and relatives, without their knowledge in coffee or tea, and believe today that they discontinued drinking of their own free will, no one warr. Do not be deluded by ignorant and misleading "improvements." Drive out the disease at once and for all time. The "more soon cure" is sold at the extremely low price of One Dollar, thus placing within the reach of everybody a treatment more effectual than others costing \$25 to \$50. Full directions accompany each package. Special advice by skilled physicians when requested without extra charge. Sent prepaid to any part of the world on receipt of One dollar. Address Dept. E. 625 Broadway, Boston & Corvay, 2530 and 2532 Market Street, Philadelphia.

Ross E. Hibler,

Scio OREGON.

A. T. Powell came near having a serious mix-up out on his farm one day last week. He was plowing with a new sulkey plow and drove up to a watering trough in water his team, and in order to give them a better chance to drink he slipped the bridles off their heads, and as soon as the team found they were out of the drivers control they "let out" with the plow, and the way clubs flew for a few minutes was a caution. They were finally "rounded up," and the damage they done was not very great. "Abe" will let his team drink hereafter with the bridles on.
