He Needs a Parion.

Here is a convict that can go Tracy and Merrill one better: A. E. Wykoff, of Chillicothe, O., in applying to Governor Nash for a pardon for George Hon, a convict from Adams county, serving a ten-year sentence for the forgery of an order for 25 cents' worth of tobacco. Hon was the first prisoner confined in the new West Union jail. The contractors offered a prize of \$100 to any prisoner who would escape from the cells. It was but 24 hours before Hon was at liberty. The sheriff put two bloodhounds on his track. Hon stole the dogs and sold them to a farmer for \$5. At Manchester he stole the laprobe and cushion from the buggy of the sheriff. He reached Wisconsin, was recaptured and brought back for trial. The contractors refused to pay the \$100 to Hon on the ground that he had been aided by some one on the outside. He employed an attorney and brought suit, but lost his case.

Mr. Knowles has decided to move his stock of goods to Moss, eastern Oregon, where he will continue to conduct a basket store. He has done very well since coming to Scio but seems to think the eastern Oregon country offers better inducements for business than does the valley. He is now having a closing out sale, to reduce his stock as much as possible before moving. He is offering some splendid bargains in everything in his line.

A petition has been sent the governor asking the pardon of John W. Dilley, who was committed to Lane county. He has served one year of his three years sentence. He is the man who was arrested at Albany with \$1500 of money given him to buy senatorial votes with two years ago. When he committed the forgery afterwards he was said to be on a spree. He may be a weak man mentally but if he completes his sentence he will only just about get justice.

Whenever an emergency arises T. W. Dilley, "The Fixer," is equal to it. When the fire alarm sounded Wednesday morning our worthy citizen was sleeping a slumber of the just. He did not awaken, but was dimly conscious that he must act at once. He slid out of bed into a pair of trousers and managed to encase his feet in a pair of slippers, got hold of a water pitcher and started at neck break speed toward the George Taylor crosby. Mrs. Dilley discovered that her husband had taken the wrong direction in his dream and called to him to back-track. It took a block for him to get to the door, but he was in luck. Joking aside, Neighbor Dilley is an effective hand, when awake.—Corvallis Gazette.

Claimants may now write directly to Congressman Tongue and secure the necessary blanks, containing questions, which must be answered plainly and satisfactorily and sworn to before a notary public. This will thus save any expense more than the charges of a notary. There are quite a number of Linn county's best pioneer citizens who are veterans of the Indian Wars, who will place their claims at an early date.

A Bad Thing.

Any kind of farming which permits the farmer to be without work for a considerable part of the year is a bad thing for all concerned. There may be occasional periods of great prosperity in districts where such systems are followed, but there is no permanent prosperity. It tends to demoralize the farmer and is extremely bad for his sons. Next to actual training in vice and crime the worst thing that can happen to a young man or woman is to grow up with a fixed habit of idleness.—Oregon Agriculturist.

Don't Fail To Try This.

It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. It's a wonderful tonic for run-down systems. Electric Bitters positively cures kidney and liver troubles, stomach disorders, nervousness, sleeplessness, Rheumatism, Neuralgia and excruciating neuralgia. Satisfaction guaranteed by Peery & Peery. Only 50c.

Whitewash Mixtures.

There are two kinds of ordinary whitewash which may be used to advantage. They are prepared in the following manner: For inside work, to a bucketful of ready lime wash add one pint of soft-boiled rice and one-fourth of a pound of white glue thoroughly dissolved and mix through the mass. For outside work substitute in place of the rice and glue (to each pailful wash) one pound of common rock-salt dissolved in boiling water. Thus mixed, and applied on a bright, sunny day, the whitening will remain permanent in color, and will not readily rub off. The application for the interior will destroy the lice that may be secreted in the rough walls and crevices in the inside of the house if the wash be generously distributed.

Official Vote of Oregon.

Secretary of State F. L. Dunbar made public the official abstract of the vote for state and Congressional officers at the recent election. The total vote was 92,920, and the republican candidates were elected by an average plurality of 15,096 votes. The highest plurality is that of Judge Bean, who led by 17,146. The highest plurality where there were four candidates for the office was that of Dunbar who led by 17,065.
