SEVERAL WOUNDED.

Riot at Wilkesbarre During Which Deputies Fire On Strikers.

Wilkesbarre, Pa., Aug. 16.—A riot occurred at the Warnek washery at Duryea during the afternoon. Trouble had been brewing since early morning. Before 7 o'clock women and boys crowded about the place and started to interfere with those who wanted to go to work. Sheriff Jacobs and a number of deputies were on the ground, and they held the crowd back. The works were started, but remained in operation only a short time. The crowd on the outside threw stones over the stockade at the deputies who were on guard inside. Several times the deputies were tempted to fire. Rather than have any trouble work was suspended for the time being.

The deputy sheriffs returned to Wilkesbarre early in the evenifig, reporting all quiet at the washery when they left. They had hardly reached Wilkesbarre, however, when the deputies on guard were attacked. Several men in the mob also attempted to climb over the barricade. The deputies warned them to go back, and when they did not, a volley was fired. Half a dozen men were wounded, but none of them, so far as is known, seriously. Warrants have been sworn out before the burgess charging the deputies with rioting and felonious wounding. The constables went to the washery and placed 25 men under arrest. They were held in $300 bail each. They could not furnish the bonds and were brought to the county jail here.

NO MORE ELK CARNIVALS.

Salt Lake City, Aug. 16.—The grand lodge of Elks has adopted the recommendation of the committee on rules and laws, absolutely prohibiting the holding of street fairs or carnivals under the auspices of Elks' lodges. As a number of lodges throughout the country have already made arrangements for fairs or carnivals, to take place in the next few months, the law will not go into effect until January 1. The debate over the question was spirited, but the feeling of the members of the lodge that such fairs and carnivals were not in accord with the fundamental principles of the order was evidently very strong, and the committee's recommendation was overwhelmingly adopted.

HILL'S IRON MINES

MOUNTAIN OF ORE IN CHOTEAU COUNTY BOUGHT.

Said a Great Iron Plant Will Be Established at Great Falls—Manganese Necessary for Smelting, which Has Hitherto Been Lacking, Has Been Discovered Close at Hand in Jefferson County.

Great Falls, Mont., Aug. 19.—President Hill, of the Great Northern railway, will erect a monster steel and iron plant here, for which plans have been drawn, according to information from those in close touch with the railway magnate. Wednesday night, it has since developed, Mr. Hill purchased a half interest in the Conrad iron mines in Choteau county, for $25,000. The mines lie in the Sweet Grass hills and constitute a veritable mountain of ore. There is enough mineral in sight to keep an ordinary plant supplied for a hundred years, according to Mr. Hill's experts who have examined the property. W. G. Conrad, owner of the mines, has confirmed the sale to Mr. Hill.

One factor which has been lacking in the reduction of the iron ore to metal has been manganese, which mineral is necessary as a flux in the smelting. To overcome this difficulty, President Hill, together with United States Senator Paris Gibson, has purchased the recently discovered deposits of manganese in Jefferson county, on the line of the Great Northern. Seventeen thousand dollars were paid to Ira Meyers, of Great Falls, for this property. Mr. Hill and his party inspected the Manganese deposits Friday and Mr. Hill expressed himself in high terms regarding the showing made.

Before leaving Great Falls Mr. Hill made the remark that he would establish an industry in Great Falls that would employ more men than a number of railroads.

Along the line of the Great Northern Mr. Hill has been acquiring deposits, paying for one group near the Spokane & Northern line $60,000. This deal was made through J. D. Farrell, president of the Pacific Coast company

MANY TO BE THROWN OUT.

Harvester Consolidation, It Is Said, Will Abolish 10,000 Positions.

Chicago, Aug. 19.—The Interocean says:

Following the International Harvester Company's public declaration that economy in the manfacture and distribution of agricultural machinery was the motive for effecting the $20,000,000 merger, several of the Chicago companies that make up the combine have issued letters to their general agents throughout the country ordering a reduction of about three-fourths of the total number of employes representing these companies in the field. The other companies in the combine are preparing to follow their example. Equally radical reductions in the office forces are being planned by all, it is said, for the near future. Ten thousand men in all are expected to lose their positions.

WANT TO BECOME AMERICANS.

Members of Religious Orders Expelled From France Plead to Be Sent Here.

Rome, Aug. 18.—Members of religious orders expelled from France, especially sisters, are applying to the Vatican to be sent to the United States. A reply has been sent to them pointing out that there are no vacancies in the United States, and besides, calling attention to the difficulty arising from the fact that the expelled sisters do not speak the English language. Canada has been suggested as a better field, as sisters are comparatively scarce there, and because French is spoken in a large part of the Dominion.

The applicants, however, do not take kindly to the suggestion and persist in their requests to be sent to the United States.

Canada Fears We'll Get Greenland.

Ottawa, Ont., Aug. 19.—A portion of the Canadian press is considerably disquieted over the rumor that the United States is likely to acquire the territory of Greenland by purchase from Denmark. This is regarded as a menace to the national entity of the Dominion, and accordingly an effort is being put forth to stir up the public mind upon the subject with a view of having Greenland some day in the near future made Canadian territory by purchase.

Forty Cents for Picking Hops.

Woodburn, Or., Aug. 18.—About 30 hop growers convened in this city and adopted a resolution establishing the picking price of hops at 40 cents a box. Other subjects discussed were baling and caring for hops, contracting, the "crime" of hop-rejecting by dealers on flimsy pleas, and the need of beneficent laws for the grower, and a state inspector.

Favor American Intervention.

Perlin, Aug. 16.—Many politicians here seem inclined to allow the United States to settle the trouble in Venezuela. Some even suggest the advisability of the United States sending an expedition to restore order, or even to annex Venezuela.

CASTRO'S END NEAR.

Belief General at Washington That Venezuelan Government Must Fall.

Washington, Aug. 18.—The belief is general here that the end of the Castro administration in Venezuela seems certain. Castro now holds only Caracas and its port, La Guayra, while the revolutionary army surround him. The gunboat Marietta has arrived at La Guayra. It necessary it will transport Castro from Venezuela. According to latest reports Castro is being hemmed in from three sides. Ten days ago Castro was reported as having left the capital with a force to meet the revolutionary general, but subsequently he changed his mind and returned.

FARMERS ORGANIZE.

Company With $50,000,000 Capital to Deal in Grain, Provisions, Etc.

Pierre, S. D., Aug. 18.—The Farmers National Co-operation Exchange Company has filed articles of incorporation with a capital stock of $50,000,000.

The purpose of the corporation is to buy, sell and deal in grain, provisions, live stock and all kinds of produce on commission and otherwise and for the purpose of building and equipping grain elevators, warehouses, cold storage plants, stock yards and whatever may be necessary to carry on the business of the corporation.

One-fourth of the capital stock will be used for building the elevators, yards, branch offices, etc., and another fourth will be made a cash fund for the purpose of dealing in cash grain and provisions on the board of trade. The remaining half of the capital stock will be left virtually with the farmers in the various banks where the money has been raised to enable them to carry their crops for a more favorable market.

This will give the farmers $50,000,000 back of their interests to help them in se uring better prices for their produce. The stock books will be open to banks throughout twenty states.

SOME STRONG AFFIDAVITS.

New Yorkers Swear They were Forcibly Taken to Coal Mines.

New York, Aug. 18.—Thirty-two men and boys have made affidavit that they were taken from this city a week ago by a detective for one of the railroad lines, and in a locked car were sent to Pittston, Pa., where they were compelled to work in the washeries connected with the coal mines. Two of the men who swear they were shanghaied made their escape and are back in this city. They tell in affidavits furnished to the World how they were lured to Pittston, how their car was attacked by strikers, how they were fired upon, and how they were finally rescued by an armed band and brought to a shed near the coal mine.

None of them was told, according to the affidavit, that he was wanted to take the place of striking miners. When the men asked if there was not a strike on where they were going, they were told by the detective, whom they knew as the "agent," that there was no srtike, but that they were wanted to build a new railroad.

San Francisco, Aug. 18.—A suit for $40,000 for alleged fraudulent practice in the sale of mining stocks has been brought in the United States circuit court against Joseph Hamilton Brotherton and John Charles Kemp van Fe. The litigation arose out of mining stock sales effected by Brotherton and Kemp van Fe in London in the year 1896. The suit is brought by Samuel Wheeler, of London, and the Westminster Contract Corporation, Limited.
