The Last Excursion from Detroit.

The excursion season is rapidly drawing to a close, and in a short time the summer will be over. Recounting these facts, and wishing to give the people one more chance before it is too late, the Corvallis & Eastern Railroad Co. have decided to run their last through excursion from Detroit and all points west to Newport on Sunday, August 31, 1902, leaving Detroit at 4:30 a. m., arriving at Newport at 11:30, and returning leave Newport at 5:30 p. m., giving six hours of fun and pleasure at the most popular seaside resort in the northwest. This exclusive band from the U. S. Indian school, Chemawa, of 25 pieces will play on the arrival and departure of the boat and during the day. Special arrangements have been made with Prof. Albert A. Shaw to give one of his famous exhibitions on the beach, which together with soft bathing, boating and open air concerts will be the grand finale of the season. This is positively the last excursion from Detroit and the fare will be as follows: Detroit to Mill City inclusive \$2.50; west of Mill City to Kingston inclusive \$2.00; west of Kingston to Maxwell inclusive \$1.75; Albany, Corvallis and Philomath \$1.50; west of Philomath to Chitwood inclusive \$1.00; all points west of Chitwood \$1.25. These fares are for the round trip.

Remember it is the last through excursion of the season.

The Star Mill and Flume.

Thursday of last week in company with R. Shelton and J. R. Young we had the pleasure of visiting applicants and planning mill of the Star Mill & Flume Co. at Larwood, and were indeed surprised to see the done by Messrs. G. Cameron, J. B. Smith, which cost more than twenty thousand feet of lumber per day, is located on Roaring river four miles above Larwood, and the product of the mill is brought to the latter place by a large water flume. The flume is built for use and will stand the wear of years. It ends at Larwood about ten or twelve feet from the ground, and the lumber runs down the flume and out on rollers, where it falls down a slide to the yards below where the water is carried back to the creek by a ditch. Here is also located a planing mill, which at present contains but one machine, but more will be added later and making it complete in every way. The mill is run by water power. The company has several hundred thousand feet of lumber on the yards and are cutting all the time. The enterprise is one which should be encouraged by every citizen in this part of the county as its permanent establishment means much for the whole section.

### Death of Mrs. DeVaney.

Mrs. F. P. DeVaney died at the home of Mr. and Mrs. M. V. Hilson, five miles east of Scio, Sunday morning, August 24, 1902, after a illness of many weeks duration. She was born in Tennessee, October 15, 1834, and was married to F. P. DeVaney October 4, 1849. They made their home in Missouri until 1864, when they moved to Idaho, and in the fall of 1865 came to Oregon and settled on a farm south of Scio, where they lived ever since. Ten children were born to them, eight of whom are living. She embraced Christianity about thirty years ago and always lived an honest christian life, never forgetting an act of charity, or a favor extended, and always ready and willing to assist in time of sickness or distress. A bereaved husband, well along in years survives her, who has the sympathy of a host of friends in his sad hour of grief. Her children still living are, S. A. DeVaney, Mrs. J. W. Stockton, Olga Post, second grade, Nora Johnson, V. L. Calavan, Mary Endicott, Mabel Myers, Bert James, W. A. White, Nellie E. Holt, Mary Mann, Abbie Post, Alice M. ### All were Saved.

For years I suffered such untold misery from bronchitis, writes J. H. Shelton of Broughton, Cal., that often I was unable to work. Then when everything else failed, I was wholly cured by Dr. King's New Discovery for Consumption. My trial was convincing, for from asthma till it cured her, and all our experience goes to show it is the best cough medicine in the world. A trial will convince you it is invaluable for throat and lung diseases. Guaranteed bottles 50c and \$1. Trial bottles free at Peery & Peery's drug store.

### Indian War Veterans Pensions.

Up to and including Tuesday, the 15th inst., the pension office at Washington had received 827 claims for Pensions under the Indian war Veterans act passed by the last session of congress, and because of the completeness with which the evidence has been submitted in many cases it is now expected that allowances will commence within two or three weeks after the papers can be examined to identify signatures and other matters of record to have been committed to the files.

The bureau finds that as a rule the veterans have properly followed instructions and submitted such evidence as was required. The applications now on file come from all parts of the country and have not been classified by states.—Ex.

### Charged With Adultery.

A warrant was sworn out in Justice N. B. Humphrey's court, Tuesday by W. W. Sanders, of Lascorb, charging his wife Elizabeth Sanders and his brother Edward Sanders with adultery charged to have been committed on July 25. The defendants left Albany shortly after that date and are now supposed to be somewhere in Washington. His daughters claim to have caught the defendants in a compromising position on that day. An effort will be made to locate the guilty parties and bring them back to this county for trial.

### Look Pleasant, Please.

Photographer C. C. Harlan of Eaton O., says he is now, though for years he could not, because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him till he tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Unrivalled for diseases of the stomach, liver and kidneys, they build up and give new life to the whole system. Try them. Guaranteed by Peery & Peery druggists.

### Grasshoppers are Numerous.

It is not often that Oregon can boast of an over produce of any very bad pest, but this season seems to be an exception. The grasshoppers are getting so thick that one can hardly get around without stepping on about a bushel. They are now working on hop yards and potato patches and are apt to do some serious damage if they get much more numerous.

### A Ball Game.

Sunday last the base ball nine of this city went to Lebanon for a game with the Lebanon nine. This is the fourth game that has been played this season between Scio and Lebanon boys, Scio winning the first three games but being defeated Sunday last by a score of 11 to 13. A return game will probably be arranged for next Sunday to be played in Scio.

Well Sir! They have Dry Goods, Boots and Shoes, Hats and Caps, Clothing, Queens-ware, Hardware, Tin-ware, Guns and Ammunition.

Furniture and a Complete line of Undertaking goods.

And talk about your prices! They will sell you stuff so cheap that if you buy from them once you always will buy there, as they give you the highest market price for produce and sell you goods cheaper than you ever bought them in your life. Of course they will not credit you for they sell only for cash and produce, and I think that's no more than right, because if they sell on credit they are bound to lose accounts and then they would have to charge more for their goods and us fellows would have to help pay their loss.
