Heavy rains have damaged crops in
Kansas, and in the vicinity of Burlington
hundreds of acres of corn have been
destroyed and many bridges washed
away.

Attorney General Knox has sailed
for Europe. He goes abroad for the
purpose of obtaining clear title to the
property of the Panama Canal company.

Judge Richardson of Spokane has
rendered a decision that a boycott is
not illegal when peaceably conducted,
when not so conducted must be
dealt with in the criminal court, not

This is the opinion of Justice Sprigg

It is probable the opening of the
schools of Kansas will have to be postponed
on account of the inability of the
American Book company to furnish
books. The company has been prevented
from delivering the books by reason
of an injunction issued by a Topeka

The strike of Havana dock laborers
has ended.
Another street car strike is threatened
at Chicago.

HAVE ORDERS TO SHOOT.
General Gobin Will Take More Stringent
Measures.

Philadelphia, Sept. 2.—Having exhausted
every other means for preserving
peace and in protecting non-union
men from violence on their way to
and from the mines, Brigadier General
Gobin, in command of the troops now
in the coal fields, has issued an order
that the soldiers shall shoot any
persons detected throwing stones and
other missiles, and that if any mob
resists the authority of the troops, they
shall freely use their bayonets.

The Panther Creek valley has been
in almost continual turmoil this
week, and the troops stationed there
have had some difficulty in protecting
the lives of the workmen. The situation
in the valley has, however, improved
greatly, and it is hoped by the military
authorities that the lawlessness and
abusive language directed toward the
soldiers will now cease. The other
sections of the coal regions are comparatively
quiet.

The general strike situation remains
unchanged. Some coal is being shipped,
but the quantity is so small, compared
with the normal shipment, that it has
little or no effect on the market. The
fuel now coming to the market is principally
washery and loose coal.

COMING IN DROVES.
There is a great rush of Scandinavians to
America.

Stockholm, Sept. 2.—Driven from
their homes by the unprecedented hard
times and stringent conscription laws
of Sweden, an unusually large number
of Scandinavians are making their way
to America this summer. Every steamship
leaving for America is crowded, and the
transport lines are coping with the
greatest rush since the eighties. Many
are unable to obtain passage at Scandinavian
points and are obliged to go to
Liverpool and Southampton.

It is estimated that 15,000 passengers
for America have left Copenhagen
alone during the last six months. The
emigrants are mostly of an excellent
class. They are chiefly to the
Northwestern states, where they intend
settling on agricultural land.

SULTAN AND ARMENIANS.
He Will Rescind Severe Orders if They
Will be Loyal.

Constantinople, Sept. 2.—The sultan
recently agreed to repeal the exceptional
measures adopted against the Armenians
if the Armenian patriarch would
declare that he would not permit any
of his clergy to take part in the
patriarchal council having
met and signed a document setting
forth the loyalty of the Armenians and
promising tranquility, an imperial decree
is now awaited, the patriarch having
refused to resume his office until the
promises of the sultan are fulfilled.

Guidi is Appointed.
Rome, Aug. 31.—Mr. Guidi has
been appointed delegate in the Philippines.
He is expected to hasten his
departure for Manila in consequence of
information received at the Vatican of
the organization of a systematic Catholic
club in the islands. The Vatican
does not attach much importance to
the movement, and declares "it
cannot develop under the leadership of
persons whose sole reason for organization
is because they are excommunicated
from the Catholic church."

BIG LAND SCANDAL.
Speculators Alleged to be Taking Unfair
Advantage of Indians.

Washington, Aug. 31.—Investigation
develops the beginning of what
promises to be a great scandal growing
out of the purchase by syndicates and
individuals of lands of deceased In-
dians, allotted at prices considerably
below their value—an abuse which
the Indian office is trying to check.
As yet it is confined to the Southwest-
ern states, but the speculators are rapidly
advancing westward and north-
ward, threatening in a short time to
penetrate every Indian reservation con-
taining allotted lands in Oregon and
Washington. There are strong intimations,
backed by evidence on file, to show
that several agents are in collusion
with the speculators, and are in-
ducing heirs to sell at ridiculously low
figures.

Commissioner Jones advocates the
advertising of all lands belonging to
deceased allottees, the tracts to go to
the highest bidders, but congress must
first sanction this plan. There are in
Oregon 476,000 acres of allotted lands,
372,000 acres in Washington, and
188,000 in Idaho, a large portion of
which belongs to the heirs of the original
allottees, now dead. About
178,000 acres of the Oregon allotments
are at Klamath, 140,000 at Warm
Springs, 77,000 at Umatilla and 33,000
at Grand Ronde, with the remainder at
Siletz.

Commissioner Jones says these lands
are very tempting to speculators, and
unless some remedy is soon devised,
the Northwestern Indians will be
swindled out of valuable possessions.
No complaints have yet been had from
that section, but are expected.

The most desirable lands in Wash-
ington are 31,000 acres at Colville,
17,000 acres at Puyallup, and 211,000
acres at Yakima. The Lapwai reserva-
tion, Idaho, contains the most coveted
lands in that state.

CHARGES AGAINST PALMA.
Cuban President Said to be in Danger of
Impeachment

Havana, Aug. 31.—Charges against
President Palma, of the Cuban Republic,
arising from certain executive con-
cessions he is credited with having
made to friends and others for, per-
haps, financial or political considera-
tions, which are to be preferred by the
house, have been prepared and printed,
and impeachment proceedings against
this high official are likely to be sprung
any day. At present it is impossible to
tell what action Palma will take in the
matter.

Washington, Aug. 31.—The state de-
partment announces that although it is
in daily communication with Minister
Spreckels, it has not been advised of any
crisis in the Cuban government, nor
has it been notified officially of any
effort being made to impeach President
Palma.

GOOD ROADS TRAIN.
It Will Remain at Portland from October
13 to 20.

Washington, Aug. 31.—The good
roads convention in connection with
the Minnesota state fair, on the grounds
between St. Paul and Minneapolis,
Sept. 1, 2 and 3, is expected to in-
stitute the most far-reaching and effective
demonstration of the value of good
roads so far given. The office of road
inquiry of the department of agricul-
ture will take a leading part in the
convention. At the time of the con-
vention a good roads train will be
equipped by the Great Northern and
put at the disposal of the department
of agriculture officials and others in-
terested in the work. It will visit
the most central points and promote the
holding of meetings similar to that at
the Minnesota fair. The train will
be at Seattle October 6 to 12; Portland,
Or., October 13 to 20. The department
of agriculture will be represented by
Director Martin Dodge, of the office of
road inquiry, and his assistants.

HALF DOZEN WOUNDED.
Encounter Between Strikers and Troops
at Lansford, Pa.

Tamaqua, Pa., Aug. 31.—In an en-
counter between troops and strikers at
Lansford, Captain W. H. Heim, of
Company K, Twelfth regiment, was
slightly injured. Half a dozen strikers
were layoneted in the fracas. Major
Geahart, in command of the troops
here states that he will appeal to the
military authorities to put the town of
Lansford under military law.

Siberian Exiles Revolt.
Vienna, Aug. 31.—The Neue Freie
Presse declares that the terrible treat-
ment of Siberian political exiles at
the Alexandrowski settlement has led
to a strike of the convicts, who are re-
fusing all nourishment until they are
more humanely treated. They are con-
fined in dark and damp cells, according
to the paper, where sanitary conditions
have resulted in outbreaks of disease.
The sick and dead are allowed to re-
main to contaminate the living.

Starving Indians.
Washington, Aug. 31.—Commissioner
of Indian Affairs Jones has received
a telegram from Senator Rawlins of
Utah representing that 6,000 Indians
on the Navajo reservation, in the
southern part of his state, are starving,
and requesting that assistance be dis-
patched to them.

Bodies Still Held in Paris.
New York, Aug. 31.—The bodies of
Charles L. Fair and wife, who were
killed in an automobile accident, are
still here, cables the Paris correspond-
ent of the American. Nothing can be
learned as to the date on which they
are to be shipped to New York.

NOTHING FOR HER
STATE DISALLOWS MRS. WAGGONER'S
CLAIM OF REWARD.

Not Entitled to Anything for Delivering
Merrill's Body—Claimants for Tracy
Reward Have Agreed Upon a Division
—Boy Who Notified Posses is to Have
Equal Share.

Salem, Or., Aug. 30.—Secretary of
State Dunbar has announced his de-
cision disallowing the claim of Mrs. Wag-
goner for finding and returning the
body of Convict Merrill. All the pa-
pers in the case are set forth, and after
a lengthy review of the facts Mr. Dun-
bar concludes as follows:

"In view of the foregoing, after due
consideration, the claim is hereby dis-
allowed for the reason that from the
facts and evidence offered it does not
appear that the claimant rendered the
service claimed, or by her acts in find-
ing and returning the body of Merrill,
complied with the provisions of the
law or the offer of reward, and is there-
fore not entitled to the amount claimed
or any part thereof."

Spokane, Aug. 30.—It is under-
stood that peace has been declared be-
tween the men who have been claiming
shares in the Harry Tracy reward, and
that now there will be no fighting over
its payment. Sheriff Gardner is au-
thorized to have made an offer to the
five members of the posse to the effect
that if they will sign an agree-
ment to give Goldfinch, the boy who
betrayed the outlaw, an equal share
with each of them in the reward, he
will step aside and do all in his power
to assist them to draw down the prize
money.

The sheriff states that throughout the
controversy the rights of young Gold-
finch have been his objective point,
and he asserts that he is determined
to see that the boy gets his full share.
The offer of the sheriff will probably
be accepted and will thus settle the
dispute over the reward, which, it is
seemed, could only be adjusted through
the courts. It is understood that the
Creston men do not believe the youth
has a particle of claim legally to the
reward, but that in order to get the
matter settled without litigation they
are willing to comply with the terms
of Sheriff Gardner.

POSSIBLE STRINGENCY.
Secretary Shaw Will Take Steps to Ease
Up the Money Market.

Washington, Aug. 30.—In view of
rumors as to Secretary Shaw's plans for
relieving the money market in the
event of a possible stringency, the sec-
retary, who is now in New York, has
authorized Assistant Secretary Ailes
to make the following statement:

"The secretary recently visited some
of the larger national banks in the prin-
cipal cities to order additional amounts
of circulating notes to be printed.
National banks are entitled to issue
notes to the full amount of their cap-
ital. The aggregate capital of national
banks is \$700,000,000, but the banks
have outstanding only \$350,000,000 of
circulation. The secretary has hoped
to introduce an element of elasticity
into the present system. His sugges-
tions to the various banks in the larger
cities that they make preparation for
additional circulation have met with
very favorable response. It is not his
intention that they should issue this
additional circulation at all, now, but
only in case of actual necessity and
emergency. With this in view, those
banks which have made arrangements
to deposit United States bonds as se-
curity
