### 1905 Fair Site.

A dispatch from Portland announces that the Grail's Land tract, at the foot of Willamette Heights, is the choice of the Lewis & Clark executive committee as the site for the 1905 fair. It includes an area of 270 acres, 155 of which are water and 115 land. Engineers appointed to examine into the matter reported that the lake could be kept at a desired height and fresh at a comparatively light expense, and this was the decided factor. It is also easy to get adequate transportation, by both street railways and steam railways to the locality. There is no doubt that the board of directors will approve the selection of this committee, for the committee includes a majority of the directors. Though the favor of the committee is formally conditioned upon the making of suitable arrangements with the owners of the land, and with the transportation companies, it is understood that such arrangements have already been formally made, and only remain to be put in satisfactory legal form.

### Last Week of Portland Carnival.

Portland is reported to have the best autumn festival show ever given in the City. Dazzling illuminations, splendid industrial display of the State, gorgeous decorations and great parades are the chief features. The midway shows compose the greatest aggregation of novelties and specialties that has ever been shown in connection with a street exposition. The attractions cover 20 blocks and the annual show which is included for the one price of admission is a complete circus within itself.

The Vancouver Garrison will be reviewed with the Oregon National Guard Wednesday, including the brilliant Mardi Gras merry-making by thousands of maskers on the evening of the 13th.

### Take Care of the Stomach.

The man or woman whose digestion is perfect and whose stomach performs its every function is never sick. Kodol cleanses, purifies and sweetens the stomach and cures positively and permanently all stomach troubles, indigestion and dyspepsia. It is the wonderful reconstructive tonic that is making so many sick people well and weak people strong by conveying to their bodies all of the nourishment in the food they eat. Rev. J. H. Holladay, of Holladay, Miss., writes: "Kodol has cured me. I consider it the best remedy I ever used for dyspepsia and stomach troubles. I was given up by physicians. Kodol saved my life. Take it after meals. E. C. Peery."

### Woman Seriously Burned.

Mrs. George Sims, living near Mehama, was seriously burned Wednesday of last week in a forest fire near that place. She was in the woods near town, and Mrs. Sims was caught in the flames, her clothing took fire and she was severely burned before she reached her. Fortunately her injuries are not fatal. The entire population of that section turned out and fought the flames, and at last got the fire under control. The damage to the timber and other property was small.—Herald.

### Hauling Grain.

A large amount of grain is being hauled through town this week to West Scio, where it is being purchased by Simpson & Beane.

### Attend The State Fair

To be held at Salem September 15-20th, 1902. Take a few days after haying and harvesting, and go away for a change of scene and air. Two few farmers and farmer's wives take any vacation during the year. There is nothing so good as a change of air and a few days' rest to brace one up, both physically and mentally. Most of the large city business houses give their employees one or two weeks' vacation during the year, and they find it pays well in the better health of their men and greater interest taken by them in their duties. A week's rest attending the state fair is both educational and recreative.

The exposition building will be filled with the finest exhibits of the farm, field and orchard. The livestock show will surpass anything of the kind ever given on the coast, and no progressive farmer can afford to miss seeing the possibilities of improved breeds and breeding.

Good racing every afternoon between the best fasted racers on the coast. Good music and high class entertainment in the evening.

Reduced rates will be made by the Southern Pacific for the occasion. Ask your agent for full information.

Like marvelous cures for Consumption, Pneumonia, Bronchitis, Coughs, Colds and Grippe, this medicine is a cure for all Throat and Lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at E. C. Peery's Drug Store.

### New Bank For Corvallis.

Corvallis has two banking institutions now. Since the failure of the job bank in 1893 the First National has been the only banking institution in town. This week the Willamette Valley Banking Company opened its doors to the public in neat quarters in the Hotel Corvallis. The manager is Thomas Lense, who is a partner in banks in Erie, Pa., Russell, Manitoba, and who a year ago, established a bank at Toledo, Lincoln County.—Herald.

### Lingering Summer Cold.

Don't let a cold run at this season. Summer colds are the hardest kind to cure and if neglected may linger along for months. A lung siege like this will pull down the strongest constitution. One Minute Cough Cure will treat up the attack at once. Safe, sure, sets at once. Cures coughs, colds, croup, bronchitis, all throat and lung troubles. The children like it. E. C. Peery.

### A Small Blaze.

Sunday about 2:30 p. m. our town was alarmed by the ringing of the fire bell, and it was discovered that T. S. Coffey's residence was on fire. Help arrived in time and, fortunately, the fire was extinguished before much damage was done, only burning a small hole in the roof.

### We Want Wood.

Several of our subscribers have been supplying their subscriptions in wood, and they are welcome to do so this year, also, if they will get the wood here shortly. We need wood—in fact, more than ever—and the sooner we get what is due on subscriptions the better we will be pleased. Don't delay, but bring it right along.

### Oil for the Children.

Give them oil—cod-liver oil. It's curious to see the result. Give it to the peevish, fretful child, and he laughs. Give it to the pale, anemic child, and his face becomes rosy and full of health. Take a flat-chested child, or a child that has stopped growing, give him the oil, and he will grow big and strong like the rest.

This is not a new scheme. It has been done for years. Of course you must use the right oil. Scott's Emulsion is the one.

Scott's Emulsion neither looks nor tastes like oil because we are so careful in making it pleasant to take.

Send for free sample.

SCOTT & BOWNE, Chemists, 108 N. 3rd St., N. Y.

### Stange Accident.

Henry Sylvester, while driving near Lebanon last Monday, lost a fine horse, valued at \$150, in a peculiar way. While driving along a smooth stretch of road one of the horses suddenly went lame, and upon getting out of the wagon to ascertain the cause Mr. Sylvester found the animal had broken one of its hind legs. The horse had not stumbled, and how it broke a leg walking on smooth ground is apparently unexplainable.—Herald.

### A Sad Disappointment.

Ineffective liver medicine is a disappointment, but you don't want to purge, strain and break the glands of the stomach and bowels. DeWitt's Little Early Risers never disappoint. They cleanse the system of all poison and purify matter and do so gently that one enjoys the pleasant effects. They are a tonic to the liver. Cure biliousness, torpid liver and prevent fever. E. C. Peery.

### Beware of the Knife.

No profession has advanced more rapidly of late than surgery, but it should not be used except where absolutely necessary. In cases of piles for example, it is seldom needed. DeWitt's Witch Hazel Salve cures quickly and permanently. Unparalleled for cuts, burns, bruises, wounds, skin diseases. Accept no counterfeits. "I was so troubled with bleeding piles that I lost much blood and strength," says J. C. Phillips, Paris, Ill. "DeWitt's Witch Hazel Salve cured me in a short time." Soothes and heals. E. C. Peery.

### Burned to Death.

Leslie M. Mattoon, who runs a store at Summit, Ore., met a terrible death early Tuesday morning. The residence in which he lived was burned at 4 o'clock Tuesday morning, with him in the flames. The fire was under such headway when discovered that he was unable to escape. His wife was away from home. The cause of the fire is unknown.

A letter from C. H. Mattoon, father of the deceased received this week by J. H. Montgomery, requested the making the arrangements for the burial of his son at this city Thursday afternoon, under the auspices of the Odd Fellows, and this will be done.—Democrat.
