PUBLIC FUNDS SOLICITED.

Wage Earners Asked to Contribute Their Earnings for One Hour Each Monday.

Washington, Oct. 14.—The American Federation of Labor, through its executive council, has issued an address to the public, appealing for financial and moral aid for the striking anthracite miners, and denouncing the attitude of the mine owners, on whom, the appeal says, must rest the responsibility for the hardships resulting from the coal famine. The address in part is as follows:

"To the Public and Organized Labor:—The strike of the miners is now in its 23d week. That the strike occurred was entirely the fault of the presidents of the coal companies. That the strike has continued to this day is entirely due to the contempt which the presidents of the coal companies have for the people of our country, and the untold sufferings which all may endure. No offer to settle the strike could be fairer than that of the miners' representative at the conference with President Roosevelt. The operators' haughty arrogance, brutal, dominating spirit and blasphemous assumption of divine wealth, proprietorship, shock the universe, and aroused the indignation of all lovers of justice and fair dealing.

"What more could the miners do and maintain their self respect and not forfeit the respect of their fellow men, than their willingness to submit all matters in dispute to a commission appointed by President Roosevelt, and when that was refused, to leave the entire controversy to J. P. Morgan, one of the men largely interested with the operators. There has never been a time, either before the strike or since its inauguration, that the miners have not been entirely willing to have the questions involved in the miners' claims investigated and adjusted by any disinterested person.

"In behalf of the miners, in behalf of the cause of freedom, for justice and right, the undersigned, representing the organized wage earners of America, appeal to all people to contribute generously, promptly, and to continue the same until the termination of this contest. And to that end the following suggestions are made:

"First—That in each city and town, business, professional and public men form relief committees to solicit financial and other contributions.

"Second—That the hours between 10 and 11 o'clock of each Monday morning during the continuance of the strike, is designated as 'Miners' Hour,' and the wages earned during that hour by the working people of our country be appropriated to the miners.

"Third—That the ministers of the gospel of all denominations make a special plea to their respective congregations each Sabbath morning in behalf of the miners, their wives and children, and that they constitute themselves into relief committees among their respective parishioners.

"Fourth—That the daily, weekly and labor press solicit contributions from their readers; entertainments be arranged and contributions from unions and other organized bodies solicited.

"Fellow citizens, fellow wage earners, come to the aid of the miners in their heroic contest, and administer a well merited rebuke for the arrogant, oppressive and unjustifiable attitude toward the miners of the operators, who would trample under foot and crush the hearts and spirits of the men whom they employ with equally callous indifference as they outrage dignity, the manhood and the interests of every man, woman and child in our land.

"Send all contributions to W. B. Wilson, Secretary United Mineworkers of America, Stevens Building, Indianapolis, Indiana."

TO INCREASE CUBAN ARMY.

Island Congress is Now Considering a Bill for This Purpose.

Washington, Oct. 14.—The Cuban congress is considering a bill to increase the Cuban army to three or four times its present strength, and the impression prevails in the island that the bill will be enacted. Should Secretary Root heed the appeal of President Palma, the legislation would be looked upon as almost necessary, as the Cubans are looking forward with much anxiety to the time when their own troops can form the sole garrison of Havana, and when there will be no other troops to dispute their title.

The natives of the island, according to mail advices from the Cuban metropolis, have a misconception of the intention of this government in leaving a handful of troops in their territory. Those that remain are in no way acting as a garrison, and do not assert themselves, or thrust themselves to the front, as they did prior to May 20. Officially, neither American officers nor men appear at any functions. Whenever they are invited, it is in a personal and not an official capacity. It is said today that an American uniform is rarely seen on the streets of Havana, there being practically no evidence of the presence of our troops in that vicinity.

Wright to Retire.

Washington, Oct. 14.—The statement is made that Carroll D. Wright, commissioner of labor, will retire from the office in two years. For 18 years Mr. Wright has been the chief of the bureau of labor. He is now engaged in some important investigations, the completion of which will occupy the two years he expects to remain at the head of the labor bureau. Mr. Wright a few days ago was installed as president of Clark college, at Worcester, Mass.

VETERANS IN LINE SIX HOURS.

Parade was Made Up of 25,000 Men, Who Were Cheered to the Echo.

Washington, Oct. 9.—For more than six hours yesterday the people in Washington hummed the chorus of the civil war song, "Tramp, Tramp, Tramp, the Boys are Marching," and for an equal time the veterans constituting the Grand Army of the Republic made good the words. The parade was the climax of the 36th annual encampment of the Grand Army, and the parade did not fail appropriately to denote the spirit of the war and the memory of the glorious achievements the army seeks to keep green in the minds of the American people.

The crowd was enthusiastic and outspoken in admiration, greeting every division of the procession with cheers and dismissing it with Godspeed. The president of the United States lent his energies to the entertainment of the capital guests. Unable to endure the strain of reviewing the column from the stand, he arose from the reclining chair and had himself driven up and down the line. The unusual interest thus manifested was appreciated by the old soldiers, and the president was everywhere received by them with loud applause.

More than five hours' time was consumed by the procession in passing the reviewing stand in front of the White House. There were at least 25,000 men in the line, and the estimate of Commander in Chief Torrance ran as high as 30,000. Tonight the veterans held campfires in the big tents in the White House grounds.

INDIANS BECOME UGLY.

White River Utes are Preparing to Resist Government Authorities.

Meeker, Colo., Oct. 11.—The wounding of State Game Commissioner Harris has greatly excited the settlers in the vicinity of Rangely, where the shooting occurred. A special messenger drove into Meeker from that place today and reports that about 400 Utes have been in the vicinity of Rangely some days slaughtering game. He says that since the fight with Harris the bucks have sent their squaws and pappooses back to the reservation, which is taken to mean that they intend to fight and hold their ground. Many of the settlers, feeling certain that there will be trouble, have sent their families to Meeker. The courier brought orders to all the Meeker stores to send all the guns and ammunition they have in stock. The cowboys at Meeker are mobilizing to go to the scene of the trouble, if necessary. It is believed that one of the Indians was killed by Harris in the fight Monday night.

MORE AMMUNITION CONFISCATED.

Soldiers Seize 2,500 Rounds Consigned to Italian Strikers.

Scranton, Pa., Oct. 11.— One thousand rounds of ammunition were seized and confiscated at the Delaware & Hudson freight house in Oliphan today, by order of Colonel Watres, of the Thirteenth regiment. This makes 2,500 rounds of ammunition that have been confiscated in the anthracite district commanded by Colonel Watres within the past two weeks. The ammunition was consigned to Bastiano Passano, a leader among the Italians in Upper Lackawana county. Passano was arrested.

Colonel Watres has been informed that bodies of men have been drilling in the woods almost daily. Yesterday he had detachments of men out scouring the woods for evidence of such action, and the knowledge that the consignment of ammunition had been shipped to Passano was obtained by one of these detachments.

GOOD ROADS CONVENTION.

Delegates from All Parts of the State to Meet in Portland October 14 and 15.

Portland, Oct. 11.— A government good roads convention for Oregon will be held in the Chamber of Commerce building, Portland, October 14 and 15, under the direction of the United States department of agriculture. Invitations have been sent to 1,000 state and county officers, road supervisors, civil engineers and others interested in road improvement.

G. A. R. Elect Officers.

Washington, Oct. 11.—The Grand Army got down to business yesterday and the encampment of the order, besides hearing an address from Commander in Chief Torrence, and reports from a number of officers and committees, elected a new head for the ensuing year. The new commander in chief of the G. A. R. is General T. J. Stewart, of Pennsylvania. William M. Olin, of Massachusetts, was elected vice commander in chief and James M. Averill, of Georgia, junior vice commander in chief.

Peace in Missouri.

Kansas City, Mo., Oct. 11.—As a result of a conference here today between the United Mineworkers of Missouri and the mine operators, practically all of the 1,300 striking miners of Northern Missouri will resume work Monday. A new wage scale for the ensuing year was agreed upon, and it is believed that all of the miners and operators in Missouri who have failed to agree on a scale for 1903 will soon arrive at a settlement.

ODELL WILL TRY IT

GOVERNOR OF NEW YORK MAKES A MOVE TO STOP THE COAL WAR.

Defends the Mineworkers' Union and Requests Operators to Recognize It and Grant Men an Increase—Some Warm Words Indulged in on Both Sides—Railroad Men Secure Delay.

New York, Oct. 11.—A conference was held today at the office of Senator Platt. Governor Odell, Senators Platt, of New York, and Quay and Penrose, of Pennsylvania, President Baer, of the Reading railroad and E. B. Thomas, chairman of the board of directors of the Erie road were present. The conference began with a statement made by Senator Platt that the situation was becoming so serious that some solution must be found at once. He suggested that the operators should incline to some concessions toward a settlement.

"If you mean by that," said President Baer, "that we are to recognize the existence of a labor union, I tell you right now that the operators will consider no such proposition."

Governor Odell was on his feet in an instant. Holding a half burnt cigar in his hand, and white with excitement, he said: "Are we to understand that no kind of conciliatory proposition would receive attention at the hands of the operators?"

"I did not say that," answered Mr. Baer; "but I do say that we will not accept political advice or allow the interference of politicians in this our affair."

"What do you mean by politicians?" said Governor Odell. "I want you and all operators to understand that I am the governor of New York, the chosen representative of 7,000,000 people, and I am here in this matter solely in that capacity, and to relieve, if possible, an intolerable situation. And, what is more, I intend to use every power at my command to do it."

President Baer, evidently appreciating that he had gone too far, bowed to Governor Odell and said:

"Governor, I beg your pardon. No personal affront was intended, and we will listen to any suggestions you may have to make; but, again, I repeat that we must refuse to recognize the union represented by Mr. Mitchell."

"I believe," said the governor, "that your position, from a public view, is absolutely untenable. If coal operators, railroad men and other business men can combine for mutual profit and protection there is no reason why laboring men should not."

"What is the proposition?" asked Mr. Baer, coldly.

"Just this," said Governor Odell. "I am sure that the labor organization of which Mr. Mitchell is head desires him to be fair with the general public. If the operators will consent to give the men five cents a ton increase, I will personally present it to the miners, and I believe they will accept it. It is a fair proposition."

"Does this mean, Governor Odell, that we are to recognize the miners' union?" said Mr. Baer.

"It certainly does," answered Governor Odell, quickly, "and there is no reason why you should not."

Mr. Baer and Mr. Thomas rose to go, Mr. Thomas remarking that the matter would be presented to the other operators and that an early answer would be forthcoming.

"We are to meet a committee of the Manufacturers' association on Tuesday, and we may have an answer then," said Mr. Baer.

The conference broke up, Mr. Baer and Mr. Thomas withdrawing. Senators Platt, Penrose and Quay talked over the matter for a short time, and then separated, the two Pennsylvanians announcing that they would go back to Harrisburg and discuss the situation with Governor Stone.

After the conference Governor Odell remarked: "The coal operators may postpone this matter until Tuesday, but I don't propose to postpone. They are not acting fairly toward the people. I believe I shall find some remedy."

TO TEST TIMBER.

Forestry Bureau Buys Machine that Can Break 12-Inch Square Beams.

Washington, Oct. 13.—The scope of work of the bureau of forestry has been considerably broadened by the recent creation of the division of forest products, of which Frederick E. Olmsted has been appointed chief.

A series of strength tests of timbers will be made in collaboration with the bureau of chemistry. Western timbers of whose strength no exact knowledge has ever been obtained will receive special attention. The bureau of forestry has bought a Riehle testing machine, powerful enough to try the cross breaking strength of a tough beam 12 by 12 inches, 16 feet long. The machine's capacity is 200,000 pounds, and is fitted with an autographic and automatic attachment. Tests are now being made of timbers of the size used in heavy construction work.

Cannot Arrest Soldiers.

Shenandoah, Pa., Oct. 13.—A warrant was sworn out today for the arrest of Private Wadeworth for the killing of William Durham, but Colonel Hulings, of the Eighteenth regiment, refused to allow the constable to serve it. Colonel Hulings says Wadeworth was justified in shooting when Durham refused to halt when challenged for the second time, and that he acted under orders of the state department.
