WOULDN'T YOU?

Of course you would, rather have a set of harness made from the Monarch Brand of leather than to have a set made from cheap leather and have it always in the repair shop. I handle nothing but the celebrated Monarch Brand, the very best in the world. When you get harness of me you know that it can be depended on, and that just when you are busiest it will not be breaking. Saddles, Blankets and Robes always on hands.

Natural Anxiety.

Mothers regard approaching winter with uneasiness, children take cold so easily. No disease costs more little lives than croup. It's attack is so sudden that the sufferer is often beyond human aid before the doctor arrives. Such cases yield readily to One Minute Cough Cure. Liquifies the mucus, allays inflammation, removes danger. Absolutely safe. Acts immediately. Cures coughs, colds, grip, bronchitis, all throat and lung troubles. F S McMahon, Hampton, Ga., A bad cold rendered me voiceless just before an oratorical contest. I intended to withdraw but took One Minute Cough Cure. I restored my voice in time to win the medal. E. C. Peery.

A Letter From Missouri.

St. Joseph, Mo.

Editor Santiam News:—Dear Sir: As I have arrived here I will write a few lines of what I seen while en route. Our trip was a very interesting one. Everything was nice until we reached Nebraska. There it began raining and fell in torrents where it had been raining the past month. I never witnessed such a thunderstorm as that, which made my hair stand on end.

The storm ruined thousands of tons of hay, and all the grain is out, some stacked, some in the shock, and some lying as cut. The ground is covered with water, the corn is falling down and no possible way of saving the crop, and it is the best crop ever raised in Nebraska. People and stock there are bound to suffer this winter, and it is one of the most distressing sights I have ever seen.

Do Good--It Pays.

A chicago man has observed that, Good deeds are better than real estate deeds—some of the latter are worthless. Act kindly and gently, show sympathy and lend a helping hand. You cannot possibly lose by it. Most men appreciate a kind word and encouragement more than substantial help. There are persons in this community who might truthfully say: My good friend cheer up. A few doses of Chamberlains Cough Remedy will rid you of your cold, and there is no danger whatever from pneumonia when you use that medicine. It always cures. I know it for it has helped me out many a time. Sold by all dealers.

Notice.

All persons owing us are requested to call and settle at once.

Accounts not settled by September 25th will be placed in the hands of an attorney for collection.

Linnton Cannery Burned.

The Western Packing Company, otherwise known as the Linnton horse cannery, owned by M. Kinsman, was destroyed by fire late Saturday night. The cannery was located in Linnton, about six miles north-west of Portland, and was used for canning horseflesh, which was exported in large quantities all over the world, especially to France.

This was the only one of its kind in the United States.

Trusty Captured.

Arthur Scofield, the trusty who left the jail at Albany Friday morning, without leave while doing chores and took expressman Mitchell's bicycle was captured at Eugene Sunday morning. Scofield had sold the bicycle in the suburbs of Eugene, but the wheel was recovered. He will now have to answer to a more serious charge.

Saw the Earth's Shadow on the Moon.

A total eclipse of the moon occurred last Thursday night, Oct. 16, about 9:20. It took an hour and ten minutes to come on and about the same time to retire. It was a beautiful sight, enhanced by a perfect night, a moon gorgeous in its completeness and at a time when everybody could witness it without inconvenience. It is not often that the earth gets directly between Sol and Luna so that the latter falls in its shadow, but when it does a sight is presented of an intensely interesting character both to common people and scientists.

Forty Years Torture

To be relieved from a torturing disease after 40 years torture might well cause the gratitude of anyone. That is what DeWitt's Witch Hazel Salve did for C. Haney, Geneva, O. He says: DeWitt's Witch Hazel Salve cured me of Piles after I had suffered 40 years. Cures cuts, burns wounds, skin diseases. Beware of counterfeits. E. C. Peery.

James Younger' Dead.

James Younger, formerly a member of the notorious band of outlaws which infested the western country a quarter of a century ago, committed suicide in St. Paul Sunday by shooting himself in the head with a revolver. He is out of prison on parole, and is supposed to have killed himself because he could not marry a woman with whom he was much in love.

He Learned a Great Truth.

It it said of John Wesley that he once said to Mistress Wesley, Why do you tell that child the same thing over and over again? John, Wesley, because one telling is not enough. It is for this same reason that you are told again and again that Chamberlains Cough Remedy cures colds and grip; that it counteracts any tendency of these diseases to result in pneumonia, and that it is pleasent and safe to take. For sale by all dealers.

Goes Like Hot Cakes.

The fastest selling article I have in my store, writes druggist C. T. Smith, of Davis, Ky., is Dr. King's New Discovery for Consumption, coughs and colds, because it always cures. Mothers rely on it, best physicians prescribe it, and E. C. Peery guarantees satisfaction or refund price. Trial bottles free. Reg. sizes 50c, $1.

Pheasants Are Scarce.

Lawyer S. M. Garland, of Lebanon, in the city today states that he has studied the Chinese pheasant situation closely, and is satisfied there are not more than a third as many in this county as at one time. He is in favor of a law by the next legislature making next year a close season, with a good penalty for violation of the law.—Democrat.

Ran a Ten Penny Nail Through His Hand.

While opening a box, J C Mount, of Three Mile Bay N. Y., ran a ten penny nail through the fleshy part of his hand. I thought at once of all the pain and soreness this would cause me, he says, and immediately applied Chamberlain's Pain Balm and occasionally afterwards. To my surprise it removed all pain and soreness and the injured parts were soon healed. For sale by all dealers.

His Life in Peril.

I just seemed to have gone all to pieces, writes Alfred Bee, of Welfare, Tex., biliousness and a lame back had made life a burden. I could'nt eat or sleep and felt almost too worn out to work when I began using Electric Bitters, but they worked wonders. Now I can eat anything, sleep like a top, have gained in strength and enjoy hard work. They give vigorous health and new life to weak, sickly, rundown people. Try them. Only 50c at E. C. BONE FOOD

Soft and crooked bones mean bad feeding. Call the disease rickets if you want to. The growing child must eat the right food for growth. Bones must have bone food, blood must have blood food and so on through the list.

Scott's Emulsion is the right treatment for soft bones in children. Little doses every day give the stiffness and shape that healthy bones should have.

Bow legs become straighter, loose joints grow stronger and firmness comes to the soft heads.

Wrong food caused the trouble. Right food will cure it.

In thousands of cases Scott's Emulsion has proven to be the right food for soft bones in childhood.

A NOVEL LOVE ROMANCE.

Began with a Stupid Man Who Damaged a Woman's Nose.

Here's a curious story of love and courtship. About two years ago, says the Athens (Ga.) News, a young gentleman of this city, while in Savannah, got into a street car with a heavy umbrella under his arm. Like a great many other careless people, he held it at a dangerous angle, with the point sticking out behind him, and ere long the car gave a lurch and a lady just behind him emitted an ear-splitting scream. Everybody jumped and looked, and to his horror the young man found that the point of his umbrella had come in contact with the nose of the young lady seated just behind him. Of course, he apologized, or tried, but it was like apologizing for murder over the body of the victim, for the lady's nose was bleeding and she was almost in convulsions with pain.

The car was stopped at the next corner, where there happened to be a drug store, and the young man, aided and abetted by one or two elderly ladies, who at once took a lively interest in the case, helped the young lady off and into the store and posted off after a doctor. One was found and the unlucky nose was soon put in working order, and the owner, attended by the married ladies, was sent home in a carriage.

The young man took her address and hunted up a mutual acquaintance, with whom he called the next day to see how the nose was getting along. The nose did well, so did the young man, for by the time the nose was out of danger he had got in the habit of calling, so that it became natural for him to step around in the evening. So in the course of time they were married, and she is the only lady in the United States whose courtship began by a punch in the nose from her future husband.

Human Increase.

During the last 100 years the population has increased at the rate of nearly 1,000,000 annually.
