AMERICANS BETTER OFF.

Mosely Compares Their Condition with That of English Workmen.

New York, Dec. 2.—Alfred Mosely, the retired English merchant, who with a number of workmen has made a six weeks' tour of this country to study industrial conditions here and in Canada, says:

"Our trip, on the whole, was eminently satisfactory. We were all impressed with the thorough up-to-dateness of everything we saw. Another thing that impressed us was the courtesy and frankness of American employers and the pains they were willing to take to explain the methods in use at their respective factories and works."

All the delegates will report their impressions to the unions of their respective trades on their return to England. Terrence Flynn, of the tailors' union, said:

"Counting the extra outlay in rent and clothes—for food and all else are cheaper—the American workman is 25 per cent better off than the workman in England. On the whole he is far better cared for in respect to good sanitation, general comfort and better equipment than we are, and on the whole he lives as long or longer in harness than the English workman. This 'too-old at-50' principle does not prevail among the workmen, wherever else it may be found. We speak from observation. Here pauperism or penury in old age is almost unknown. The records of the English workhouses speak for themselves."

Explosion on the Texas.

The ship returned to Old Point this afternoon and a special inspection board is making an examination.

ON SCENT OF BIG SWINDLE.

Detectives Arrest Cotton Exporter on Suspicion of Stealing $200,000.

New York, Nov. 29.—William Landau, said to be a wealthy cotton exporter of Texas, was arrested here today on suspicion of being connected with a swindle involving, it is said, the sum of $200,000 or more. The firm alleged to be swindled is that of Ladenburg, Thallmann & Co., bankers of this city. The detectives took every precaution to prevent the news of the arrest becoming public and it was admitted at midnight only when an assistant district attorney stated that the prisoner was at police headquarters.

The arrest, according to the assistant district attorney, was made in the office of the banking firm this afternoon. Members of the firm will not talk about the case and further details are lacking. The charge against Landau is "suspicion of felony."

Wiping Out Ladrones.

Manila, Nov. 29.—The constabulary are carrying out an aggressive campaign against the ladrones in the northern part of the island of Leyte and in the Island of Biliarn. Inspector Crockett, with a force of constabulary, engaged the ladrones six times near the village of Ormoc, on the south coast of Leyte, and killed 39 of them. Corporal Montague, at the head of another detachment of constabulary, defeated a band of ladrones near Tailbaugan Biliranis land, killing 13 and capturing 36 of them.

To Discipline Venezuela.

Berlin, Nov. 29.—Three additional cruisers, the Niobe, Ariadne and Amazon, have been ordered to leave Kiel and proceed to Venezuela. Telegraphic instructions were sent to the navy department yesterday evening ordering their immediate fitting out, and orders for the necessary supplies of ammunition and other equipment have been issued. It is expected that the three cruisers will be ready to sail about the middle of next week.

Gold Standard in Siam.

Bangkok, Siam, Nov. ...—The gold standard scheme for Siam has become law, and the mints have been closed to the free coinage of silver. If success attends the new departure the profits arising from the minting of ticals (a Siamese silver coin, worth 50 cents) will be set aside as a special gold reserve fund for the purpose of establishing a gold currency.

CUBA ASKS FOR MORE.

Will Probably Accept Reciprocity with 25 Per Cent Cut in Tariff.

New York, Dec. 1. — If the Cuban reciprocity treaty, as now proposed, concedes a 25 per cent reduction in tariff duties, there is a strong probability of its acceptance by President Palma and the senate, cables the Herald correspondent at Havana. Secretary of State Zaldo and secretary of Treasury Montes, the commission on the part of the Cuban government to negotiate the treaty, submitted five objections. Three of these are conceded by the United States. The fourth relates to Porto Rican fees and it is believed can be conceded by the United States without difficulty. This leaves only the question of the amount of reduction on the United States tariff. If the proposed 20 per cent is increased to 25 per cent, President Palma will likely send the treaty to the senate for ratification.

Killed by Ladrones.

Manila, Dec. 1.— Constabulary Inspector Hendrix, who has been stationed in Samar island, was killed last week by a band of ladrones. His detachment of constabulary was routed and Hendrix, with one soldier, killed. The sultan of Bacolod, after professing friendship for America, has written a letter to Captain Pershing, at Camp Vicars, in which he calls Americans "hogs, hogs who eat hogs," and challenges them to fight. Omaha, Dec. 1.—Rules and regulations for a pension system, which will go into effect January 1, 1903, have been completed by the officials of the Union Pacific railway, by which its old employes will be retired on pensions. The details of the system will not be made public until later, but it is officially stated that they have been worked out and the regulations printed. It is also stated that it will involve the annual distribution of over $300,000.
