The entertainment given at the assembly hall last Saturday evening, was quite well attended, and was of a very amusing character. The program was well carried out, and everybody who attended was well pleased.

J. P. Crabtree had quite an exciting experience with high water at his place on Crabtree creek one day last week. He was taking his children to school in a wagon, and got into the water where it swam the team and filled the wagon box, and he was compelled to turn back. The water gets pretty high in that section of the country, and he is congratulating himself upon his safe return home with his precious load.

The city has ordered a 78 foot steel water tower, which will be here the first of the year, or soon after, and will be put either at the place where the present tower stands or at some other convenient place in the city, and the tank put on it. The present tower and tank has been out of commission for some months past, and as a result the city hos not been able to supply its patrons with adiquate water supply.

The sick people in this city are getting along about as well as could be expected. J. M. Moore, who has been ill for some weeks past is now so far recovered as to be about the house, and within a few days will be out among his friends again. Clyde Shelton is having quite a time with the typhoid fever, but is gaining slowly. Mrs. Gaines, who underwent a surgical operation last week, is recovering as rapidly as could be expected.

The high water the past week has again caused the creek to leave the old channel and wash out the temporary dam, and as soon as the water subsides a little there will not be sufficient water to operate the mill or light plant. Some provision will have to be made for the operation of the light plant, and it may be that a temporary dam will be placed across the creek below where the Mankers hop house once stood, and throw the water into the race at that point.

A farewell party was given Mr. and Mrs. A. R. McDonald and family Tuesday evening at the home of Mr. and Mrs. W. G. McDonald. About fifty relatives and friends were present, and a delicious lunch was served at midnight. The evening was spent in games and music and at a litle hour the guests departed for their several homes, each wishing them much happiness and success in their new home in Philomath.

The county court has ordered the delinquent tax list published in the Pilopies Press, the official organ of Socialist party. The democratic brethren are very much exercised over the order and the Bourbon atmosphere around the court house is quite blue. Judge Palmer and Commissioner Springer are said to have switched over to the Socitlists and the Democratic leaders are swearing vengeance. Commissioner Russell, the Republican member of the court, is watching the proceedings without comment as he is in the minority.—Herald.

The annual city election took place Monday, and aside from the choice for marshal very little interest was manifest. However the contest for guardian of the peace, became pretty warm, and a large vote was polled, much larger than in the past couple or three years. Eighty-six votes were cast. The newly elected officers are:

Mayor—L. E. Miller,
Recorder—S. I. Shore,
Treasurer—W. F. Gill.
Marshal—J. A. Bilyeu.
Aldermen—R. B. Miller, Joe Johnston, W. A. Ewing, R. Shelton, G. W. Morrow, G. F. Coffey and Dr. J. H. Stewart. The mayor, recorder, treasurer, and part of the councilmen had no opposition, although there were several tickets in the field. The contest for marshal was between but two candidates—J. A. Bilyeu and A. F. Beard, the former winning by ten votes.

Thanksgiving day A. J. Johnson came very near meeting with a serious accident. The train that he was riding on in Montana was wrecked, and the engine and baggage car went over a thirty foot embankment, and when the coach in which he was seated came to a full stop it was off the rails, and the outside wheels were on the ends of the ties, only a few inches from the edge of the bluff, and had it not been for the air brakes doing good service as well as the coach having become uncoupled from the rest of the train, it too would have went down the bank into the creek below in which case A. J. might have been seriously if not fatally injured. He said in his letter that he was not excited "a bit," and his friends here who know him well will believe that part of the story. However, they are all extending him congratulations galore upon his lucky escape, and doubtless he will long remember that Thanksgiving day.

This will be settled at another meeting to be held next Saturday afternoon, when the opinions of more poultrymen and businessmen are secured as to the most satisfactory time for it.
