CATARRH OF LUNGS.

A Prominent Chicago Lady Cured by Pe-ru-na.

Miss Maggie Welch, secretary of the Betsey Ross Educational and Benevolent Society, writes from 328 North State street, Chicago, Ill., the following glowing words concerning Peruna:

"Last fall I caught the most severe cold I ever had in my life. I coughed night and day, and my lungs and throat became so sore that I was in

great distress. All cough remedies nauseated me, and nothing afforded me relief until my doctor said, rather in a joke, 'I guess Peruna is the only medicine that will cure you.'

"I told him that I would certainly try it, and immediately sent for a bottle. I found that relief came the first day, and as I kept taking it faithfully the cough gradually diminished, and the soreness left me. It is fine."—Maggie Welch.

OUR OFFICE DOOR.

Words Worth Reading from Wise Bros., the Famous Dentists, of Portland.

"Whenever our office opens to admit a patient," said Dr. W. A. Wise, of Wise Bros., the great dentists, Failing building, Portland, Or., "we want it to be because the patient desires and expects only the best and most conscientious work.

"That's the aim of our advertising.

"Whenever our office door closes behind a patient we want it to be the seal of satisfaction upon the service given—and friendliness for our practice—to bring him again—with friends.

"That's the aim of our work.

"Many people still think that getting your teeth put in order, or having some extracted and new ones put in costs lots of money and hurts. This is not so. It does not cost much money in our office, and it 'doesn't hurt a bit.' That exclamation from our customers is getting to be widely repeated."

The title of Prince of Wales is not inherited, and has usually been bestowed by patent and investure, though in a few cases the heir to the throne has become Prince of Wales simply by being declared so.

A Valuable Gold Piece.

In 1787 a goldsmith of the name of Brasher coined a sixteen-dollar gold piece, which is now one of the rarest of coins, there being but four specimens of it known, all of which are held at $30,00 each. This rare piece has the well known motto stamped upon it in this mixed-up form: "Unium E Pluribus."

All That Was Necessary.

"You must abandon all business cares for the future," says the physician.

"But I fear that I have not yet accumulated sufficient money," protests the multi-millionaire.

"Sufficient?" repeats the doctor. "Why, my dear sir, you have enough money to pay physicians' fees for the rest of your life"

Bananas English Style.

At English tables spoons are served with bananas. If the bananas are served as a single fruit course, however, sherry is usually sent around with it. A few drops are poured upon the plate, and the banana, stripped little by little of its skin, is dipped into this and thus eaten.

To Get Out of It Cheap.

Mrs. Newcomb (on being asked to contribute a dollar to help make up the deficit in the minister's salary)—Really, I can't afford to give so much money; but I'll buy two chickens, a pound of coffee, a can of condensed milk, a bottle of olives, some cottage cheese, a sparerib and some cut flowers for the church supper, the proceeds of which are to be turned in.—Judge.

In cases where bronchitis has become chronic from want of proper treatment in the earlier stages, there is nothing so good as Dr. August Koenig's Hamburg Breast Tea, in conjunction with which is strongly advised the use of St. Jacobs Oil as an outward application along the front of the throat, from close up under the chin to well down to the top of the chest; the one remedy assists the other, and as intended, they work in complete unison. The wonderful penetrating power of St. Jacobs Oil enables it to reach the adhesion of foreign matter which lines the bronchial tubes and which makes breathing more and more difficult. As these adhesions become inflamed and enlarged, St. Jacobs Oil causes such adhesions to break away, making expectoration easier and more free. Dr. August Koenig's Hamburg Breast Tea, drank slowly and very hot, soothes and heals the parts, is comforting and quieting, stops the cough and relieves the breathing. This manner of treatment (and there is no other two remedies that will work together so successfully) reaches the difficulty from the outside and the inside at the same time. St. Jacobs Oil reaches the roots of the adhesion, and assists Dr. August Koenig's Hamburg Breast Tea in clearing them; the both remedies act in unision in healing and curing. The above remarks apply with equal force in cases of asthma, croup, whooping cough, enlarged tonsils and all bronchial affections. Every family should have St. Jacobs Oil and Dr. August Koenig's Hamburg Breast Tea always in the house in order that they may be promptly used in the first stages. Often the maladies develop with wonderful rapidity, and complications take place with equal suddenness.

NEGOTIATIONS OFF

COAL TROUBLE BACK TO COMMISSION FOR SETTLEMENT.

Will Be No Private Conference to End the Affair, On Account of the Independent Operators—They Demand a Full Hearing, and Assert Moreover, That They Have a Good Defense.

Washington, Nov. 26.—All prospects for an understanding between the United Mineworkers and the coal operators outside the anthracite coal strike commission came to a sudden termination late yesterday afternoon through the receipt of a dispatch to Wayne MacVeagh, representing the Pennsylvania coal company and the Hillside coal and iron company, notifying him that at a meeting of the anthracite coal road men in New York it had been decided not to grant any interview to Mr. Mitchell and his associates, which had been suggested for Friday next.

The announcement, coming as it did after an all day conference in this city between Mr. MacVeagh and Mr. Mitchell and his associates, attended part of the time by Carroll D. Wright, in an endeavor to adjust some details of the proposed agreement between the operators and the miners, completely surprised everyone here.

From a reliable source it is learned that the proposition that the operators meet Mr. Mitchell on Friday next was made at the instance of Mr. MacVeagh, who was no less surprised than Mr. Mitchell himself at the turn affairs took today. From statements made by Mr. Darrow early in the day, the impression had spread that a complete agreement would be effected at today's conference, but when the meeting broke up Mr. Darrow read to the newspaper men in the corridor outside his room in Willard's hotel a statement which made it clear that no agreement was likely. The statement was as follows:

"The conference today was simply a continuation of the conferences held at Scranton, and with precisely the same object—that of trying to reach a basis of hopeful discussion for an amicable settlement. Mr. MacVeagh has not been in Scranton since Thursday, and some matters have since developed as to whether a further conference might be useful before either the operators or the representatives of the miners approached the serious task of formulating a different agreement for their signatures."

Mr. Mitchell, when shown the dispatch from New York telling of the action of the operators, simply smiled and said that he had not asked for the conference, but that when he was asked if it would be agreeable to meet the operators he said it would. Mr. Darrow and Mr. Lloyd, however, were outspoken regarding the action of the operators. Mr. Darrow said it was "now up to the operators," and that he would return at once to Scranton and on Tuesday next would appear before the commission ready to go on with the hearing. Mr. Lloyd, holding in his hand the Associated Press dispatch, referred to the fact that Friday's conference had been suggested in order to adjust some matters on which there was still some disagreement.

"Yet," said Mr. Lloyd, "the same men who only last week wired the commission their assent to the general provisions of the tentative agreement, and upon the strength of which the commission adjourned for a week in order to give the parties time to get together, now go completely back on their former action and call it all off. We are satisfied to go before the commission and continue the hearing."

MILES IN THE PHILIPPINES.

Found the Army in a Fair Condition—The People Very Poor.

Manila, Nov. 27.—General Miles will leave here for China, Japan and Russia at the end of the week. Discussing the Philippines with the correspondent of the Associated Press, General Miles said:

"I have seen 13,000 of our troops, and will inspect more of them before leaving. I found them to be in fair condition. This is a hard country for campaigning. I inspected the principal defenses of the islands and some of the harbors which the government may fortify. I found the people generally impoverished from the effects of the war and the pestilence which followed it, and I fear some may suffer from famine. The death of farm animals leaves the people no means of recovering."

Against Coal Pirates.

New York, Nov. 27.—Coal shippers of Port Reading, Perth Amboy, Port Johnson and Elizabethport have organized a vigilance committee to protect their cargoes of coal in transit by water to New York. Enormous amounts of coal are lost yearly by shippers owing to the depredations of the pirates, who have become so bold that they sell their stolen goods openly here. Hereafter each barge will have an armed guard, whose orders will be to shoot any one approaching his barge who fails to answer a challenge.

Bread Riots in Russia.

St. Petersburg, Nov. 27.—Bread riots are reported from the Ural districts, where thousands of persons are idle because of the closing of the iron works. The students exiled to Siberia have been granted amnesty, some unconditionally and some are allowed to return immediately, but are subjected to police supervision. The secret police have been increased by one third the number of men heretofore employed in that department.

Mexico Getting Tired of Silver.

Mexico City, Nov. 27. — The heavy advance in the gold premium has caused great excitement in financial and business circles. The premium has been rising all week, and has reached 171. It is generally conceded that a gold standard cannot be long delayed, as silver fluctuates in value so rapidly that it cannot be relied on as a basis of currency.

WAS A BAD NIGHT.

Robbers Secure Only 300 Stamps Among Three Towns—Better In Texas.

Warren, Mich., Nov. 28.—Clint E. Osborne, assistant proprietor of a general store in this village, was shot dead early today by one of a gang of robbers that had entered the Warren bank and blown open the safe. The explosion aroused Osborne, who telephoned to one of his neighors that he thougnt burglars were at work in either the bank or postoffice. All the telephones in the village are connected at night, and it is thought the cracksmen heard the bell on the bank telephone ring and listened to Osborne.

Osborne then started down the street, and had gone but a short distance when one of the robbers, acting as an outside guard, shot him in the face with a charge of buckshot, killing him instantly. Then, without securing anything from the safe, the burglars rushed from the bank and drove rapidly away. No trace of them has since been discovered.

An Indiana Attempt.

Akron, O., Nov. 28.—Early today a desperate attempt was made to rob the Exchange bank at this place. The robbers captured and bound the two night telephone operators and cut all telephone wires leading out of the local exchange. They also bound and gagged a physician whose office is in the same block with the Exchange bank. The first explosion of dynamite at the bank aroused the citizens, who hastened to the scene with fire arms. Many shots were exchanged, but the robbers escaped without any booty. The bank building was badly wrecked.

Got 300 Stamps.

Colfax, Ind., Nov. 28.—The postoffice at Clark's Hill was entered early today and the safe dynamited. About 300 stamps were taken. The mail pouches were also looted. No clew to the robbers.

Better Luck in Texas.

Dallas, Tex., Nov. 28.—The First national bank at Morgan, Bosque county, was dynamited by robbers early today and $5,000 in gold, silver and currency was secured by the burglars. Before the citizens, who were aroused by the explosion, could reach the bank, the bandits had secured the money and made their escape.

ANARCHISTS ARRESTED.

Street Fight Believed to Have Revealed Secret Meeting Place.

New York, Nov. 26.—As the outcome of the arrest of two Italians fighting fiercely in the street, the police of the Oak street station, in this city, believe they have discovered an anarchist meeting place within a stone's throw of the station. The prisoners gave their names as Dominic Santo and Tony Menz. Santo had a big revolver, with which he was trying to shoot Menz. The latter carried a dangerous looking knife. When searched, 15 cartridges were found in Santo's pockets. Besides, there was an unopened letter from Cannalelli, Italy. Menz had a rough map of Paris and the department of the Seine, with a dozen of the largest building numbers. He also had a bill head from the Carlton hotel, London, and admitted that he came to this country three weeks ago.

According to the police the fight started in a hall in Roosevelt street, where a meeting was in session. Santo was charged with having revealed secrets, and the fight in the street followed, resulting in their arrest. Menz is said to have admitted that he is an anarchist.

Havana Strike Under Control.

Washington, Nov. 28.—A cablegram received at the state department today from Minister Squiers at Havana reports that the government is taking a firm stand and that the strike situation is better. Senor Quesada, the Cuban minister, talked over the situation with Secretary Hay today. The conditions are being watched with the closest interest, as it is believed that the ability of the Cuban government to maintain law and order and adequately safeguard the heavy investments of foreign capital at Havana is about to be subjected to a severe test.

New Department of Commerce.

Washington, Nov. 28.—President Roosevelt today informed Representative Hepburn, chairman of the House committee on interstate and foreign commerce, that he would appoint at once a representative from each of the government departments to confer with his committee as to the creation by congress of a department of commerce and to furnish any information desired. Mr. Hepburn is confident that the bill creating the department of commerce will be passed at the approaching session of congress.

Railroad Money for School Fund.

Indianapolis, Nov. 28.—The state won the long-fought case against the Vandalia railroad in the supreme court today, and the school fund, unless an appeal should be taken to the United States supreme court and the state supreme court be reversed, will receive an addition of $685,424. The Marion superior court is affirmed and the Vandalia must pay the judgment of $913,905. Of this sum the prosecuting attorneys will receive 25 per cent.

Death of a Coin Expert.

New York, Nov. 28.—The death of Francis G. Meyers, chief of the coin division of the sub-treasury, was announced today. He was considered one of the best coin experts in the country. He was 57 years of age.

French Coal Strike Is Ended.

Clermont, Ferrand, France, Nov. 27.—The strike of the coal miners in this region is terminated. The men have resumed work at all the pits, and troops who were guarding the propreties hvae been withdrawn.

RHEUMATISM

ACUTE AND CHRONIC, MUSCULAR, MERCURIAL, ARTICULAR AND INFLAMMATORY.

Some people have been suffering from Rheumatism so long that they can scarcely remember the time when they were entirely free from an ache or pain, and have long since forgotten the joys of a painless existence. They are at the mercy of every ill wind and their misery is aggravated by exposure to cold or sudden changes in the temperature. They become walking barometers and most accurate in weather predictions, the increasing pains in muscles and joints foretelling the approaching storm or the coming of bad weather. It is from these constant sufferers that the great army of rheumatic cripples is recruited. Their bodies are worn out by the incessant pains and the joints become so stiffened and bent that they are at last compelled to give up or hobble about on crutches.

Nobody ever outlived Rheumatism; the disease never loosens its grip or leaves of its own accord, but must be driven out by intelligent and persistent treatment through the blood, for Rheumatism of every variety and form is caused by an over acid condition of the blood, and the deposit in muscles, joints and nerves of corrosive poisons and gritty particles, and it is these irritating substances that produce the inflammation, swelling and pains, which last as long as the blood remains in this sour and acid state.

Bowling Green, Ky.

Gentlemen:—About a year ago I was attacked by acute Rheumatism in my shoulders, arms and legs below the knee. I could not raise my arm to comb my hair. Doctors prescribed for me for over two months without giving me any relief. I saw S. S. S. advertised and decided to try it. Immediately I commenced its use I felt better, and remarked to my mother that I was glad I had at last found some relief. I continued its use and am entirely well. I will always feel deeply interested in the success of S. S. S. since it did me so much good. Yours truly,

MRS. ALICE HORTON.
311 Twelfth Street.

To cure Rheumatism permanently the blood must be purified and invigorated, and no other remedy does this so well or so promptly as S. S. S. It refreshes and restores to the thin acid blood its nourishing and health-sustaining properties. And when strong, rich blood is again circulating through the body the acid poisons and irritating matter are washed out of the muscles and joints, and the pains at once cease and Rheumatism is a thing of the past. S. S. S. is a purely vegetable medicine and does not derange the stomach like the strong mineral remedies, but builds up the general health, increases the appetite and tones up the digestion.

Asthma

"One of my daughters had a terrible case of asthma. We tried almost everything, but without relief. We then tried Ayer's Cherry Pectoral, and three and one-half bottles cured her."—Emma Jane Entsminger, Langsville, O.

Ayer's Cherry Pectoral certainly cures many cases of asthma.

And it cures bronchitis, hoarseness, weak lungs, whooping-cough, croup, winter coughs, night coughs, and hard colds.
