A Timely Suggestion.

This is the season of year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and resists are much more prompt and satisfactory when it is kept on hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be warded off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. For sale by All Dealers.

Quickest and Best Route East.

The Oregon Railroad & Navigation Co. in connection with the Oregon Short Line and Union Pacific is the only line running through sleeping cars (first class and tourist) between Portland and Chicago, besides our time is over twelve hours quicker than any other route.
