

THE OLD FOLKS AT HOME

Are Never Without Peruna in the House for Catarrhal Diseases.

MR. AND MRS. J. O. ATKINSON, INDEPENDENCE, MO.

Under date of January 10, 1897, Dr. Hartman received the following letter:

"My wife had been suffering from a complication of diseases for the past 25 years.

"Her case had baffled the skill of some of the most noted physicians. One of her worst troubles was chronic constipation of several years' standing. She also was passing through that most critical period in the life of a woman—change of life. In June, 1895, I wrote to you about her case. You advised a course of Peruna and Mananin, which we at once commenced, and have to say it completely cured her. She finally believes that she would have been dead only for those wonderful remedies.

"About the same time I wrote you about my own case of catarrh, which had been of 25 years' standing. At times I was almost past going. I commenced to use Peruna according to your instructions and continued its use for about a year, and it has completely cured me.

"Your remedies do all that you claim for them, and even more. Catarrh cannot exist where Peruna is taken according to directions. Success to you and your remedies."

John O. Atkinson.

In a letter dated January 1, 1900, Mr. Atkinson says, after five years' experience with Peruna:

"I will ever continue to speak a good word for Peruna. In my rounds as a traveling man I am a walking advertisement for Peruna and have induced many people during the past year to use Peruna with the most satisfactory results. I am still cured of catarrh."

John O. Atkinson, Independence, Mo.

When old age comes on, catarrhal diseases come also. Systemic catarrh is almost universal in old people. This explains why Peruna has become so indispensable to old people. Peruna is their safeguard. Peruna is the only remedy yet devised that meets these cases exactly.

Such cases cannot be treated locally; nothing but an effective systemic remedy could cure them. This is exactly what Peruna is.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Energy is Eternal.

Who is there who dares to say that when old age is reached there is not as much left in that soul wrapped in its weary body as there was in the infant full of latent power? We know not where the infant's forces come from, nor where the dying man's energy goes, but if nature teaches us anything it teaches us that forces such as these are eternal in the same sense that matter is eternal and space endless.—Frank Bolles.

Towne—"It is a shame the way these corporations put the screws on people. Towne—Never mind—they'll have not time in the next world.

Just a Small Matter.

As Morgan and Gable closed a little deal John said to Pierp: "Pears to me I've got a few dollars coming," and Pierp, reaching down in his jeans, brought up a handful of checks. "You paid the difference right there. It wasn't much; only eighteen million dollars."

Their Opinion of the War.

The following conversation was overheard in a South African blockhouse near the close of the Boer war. First soldier—"Say, d'ye think we shall be home for the coronation?" Second soldier—"Coronation?—blow it! We shall be—lucky if we are home in time for the resurrection."

LOOK OUT FOR CATARRH

When the cold wave flag is up, freezing weather is on the way. Winter here in earnest, and with it all the miserable symptoms of Catarrh return—blinding headaches and neuralgia, thick mucous discharges from the nose and throat, a hacking cough and pain in the chest, bad taste in the mouth, fetid breath, nausea and all that makes Catarrh the most sickening and disgusting of all complaints. It causes a feeling of personal defilement and mortification that keeps one nervous and anxious while in the company of others.

In spite of all efforts to prevent it, the filthy secretions and mucous matter find their way into the stomach and are distributed by the blood to every nook and corner of the system; the stomach and kidneys, in fact every organ and part of the body, become infected with the catarrhal poison. This disease is rarely, if ever, even in its earliest stages, a purely local disease or simple inflammation of the nose and throat, this is why sprays, washes, powders and the various in-falling mixtures fail to cure. Heredity is sometimes back of it—parents have it and so do their children.

In the treatment of Catarrh, anti-septic and soothing washes are good for cleansing purposes or clearing the head and throat, but this is the extent of their usefulness. To cure Catarrh permanently, the blood must be purified and the system relieved of its load of foul secretions, and the remedy to accomplish this is S. S. S., which has no equal as a blood purifier. It restores the blood to a natural, healthy state and the catarrhal poison and effete matter are carried out of the system through the proper channels. S. S. S. restores to the blood all its good qualities, and when rich, pure blood reaches the inflamed membrane and is carried through the portions of the body, they soon heal, the mucous discharges cease and the patient is relieved of the most offensive and humiliating of all complaints.

S. S. S. is a vegetable remedy and contains nothing that could injure the most delicate constitution. It cures Catarrh in its most aggravated forms, and cases apparently incurable and hopeless. Write us if you have Catarrh, and our physicians will advise you without charge.

Language of Parrots.

Do parrots understand what they say? A scientist relates that he has a Brazilian parrot which is a fluent and accomplished speaker. A gray parrot was introduced on day, but the Brazilian parrot declined to have anything to say to the gray. Then a neighbor who has just been given a newly imported green Brazilian brought the newcomer to call. The moment the parrots caught sight of each other they broke into a torrent of apparently articulate language, consisting, as it seemed, of questions and answers, but what the language was no one present could tell. The owner of the first parrot had never during the years it had lived with him heard it speak the strange tongue. The two parrots talked to each other without ceasing all the time they were together, and a few days later, when they met again, exactly the same thing happened. Was the first parrot, long exiled from its native forests, asking eagerly for news of its people?

STORY NOT HALF TOLD.

Number of Dead in Russian Earthquake Disaster Now Reported 5,000.

Ashkaba, Russian Turkestan, Dec. 26.—Even the worst of the earlier reports of the recent earthquake disaster at Andijan quite underestimate the appalling loss of life. A telegram today from the scene of the catastrophe put the number of victims in the native quarter of the town at 4,000. Already 800 corpses have been disinterred from the ruins. The work of excavation progresses slowly.

The state treasury, containing 5,000,000 roubles, is in the ruins, and excavations to get the money are carried on under the supervision of a strong cordon of police. The water in the wells has disappeared, and a general subsidence of the site of the town is feared. Large numbers of laborers are being sent to excavate. Sappers have arrived and are expected to make more rapid progress. The shocks continue with increasing violence. The area of seismic disturbance comprises 200 square versts. The Russian population is camped at the railroad station where 500 cars are placed at the disposal of the population. The local government officials are quartered in cars. Sheds for the destitute are being built as rapidly as possible. Free soup kitchens have been started and officials are aiding the departure of the inhabitants by distributing food, money and free railroad tickets.

DEATH OF ARCHBISHOP.

End Came Peacefully to Aged Prelate of English Church.

London, Dec. 26.—The Most Rev. Frederick Temple, archbishop of Canterbury, and primate of all England, who has been ill for some time past, is dead. The archbishop passed away quite peacefully at 8:10 o'clock in the presence of his wife and two sons. His death had been anticipated for some days, and only the archbishop's remarkable vitality enabled him to counteract his extreme weakness. The final collapse occurred about 6 o'clock, and he was unconscious toward the end. The primate died of old age. The scene in Westminster Abbey, at the coronation of King Edward, was one of the earlier indications of his failing strength. At the time of his collapse in the house of lords at the conclusion of a vigorous speech in support of the education bill. He had not left his bed since. He will be buried at Canterbury, and private of all England, who has been ill for some time past, is dead.
