SCIO, LINN COUNTY, OREGON, JANUARY 23, 1903

EDITORIAL.

For the past year the Willamette valley towns, with very few exceptions have each had their share of the prosperity which the many homeseekers from the East have caused. We notice in reading our exchanges that there is a great demand for houses for renting purposes and in many instances new arrivals have been compelled to go elsewhere in order to secure a home. We wonder how many of the homeseekers, when in doubt as to where to locate, have heard of Scio or of its advantages. We doubt if any have. The Brownsville people displayed an energy in this matter that was lacking in Scio. They published a very neat pamphlet at a moderate cost telling of the advantages by locating in, or in the vicinity of that place. No place has better advantages than our own little city. It is only a matter of time when Scio will be the location of a large saw mill, and the thousands of acres of timber will give employment to a large number of men. Already the mill men are going to and from this timber for in many places the timber is exhausted and necessitates the moving of a mill. With a large saw mill, the flax industry and the rich farming land surrounding us, Scio will indeed be a thriving little burg, and to the homeseeker a place of many advantages and an inducement to him to make his home in our midst.

On or about the first of February it is our intention to make THE NEWS an all home print paper. We do this relying on the liberal support of the people of Scio and surrounding commonwealth, and it is needless to say, without their support we cannot better the condition of this paper. We intend to make THE NEWS a local newspaper second to none in the valley, and with that end in view we shall put forth our very best efforts, in which we expect to be heatily supported by the business men of Scio. A newspaper is a most important factor in the upbuilding of a town and in our efforts we ask your liberal support, otherwise we cannot improve our paper as the expense would be greater than the patronage warrants.

A private clerk for each senator is about the rankest graft ever perpetrated by an Oregon senate. The graft was supported by the Marion county senators, Farrier and Crasan, each of whom promised their people when on the campaign that they would oppose all grafts and work for retrenchment and economy. We are at a loss to understand their actions in this matter. Hobson, joint senator for Marion and Linn county, also voted for the graft. The delegation is now preparing a bill to raise the salaries of the Marion county judge, commissioners, assessor and recorder. They will have a fine record with which to come before the people for re-election if they keep up their lick.

"We had a delightful time last week," said the city cousin, who was describing the joys of metropolitan life, "One evening we trolleyed to a suburban home and pihg ponged until nearly midnight, and the next day we automobiled to the country club and golfed until dark." "We had a pretty good time last week too," ventured the country cousin, with a sarcastic smile. "One day we buggied over to Uncle Joe's, and us boys got out in the back yard and base balled all the afternoon, and after supper we sneaked up to the loft and pokered until I had every blamed cent in the crowd.

A great many people will sign any petition presented them just simply because they do not like to refuse. An Albany man who formerly resided in Kansas gives an incident. There was some trouble between the white and darkey school children of Atkinson. The negroes got up a petition which began, "we the undersigned fathers of colored children," and over two hundred white men signed it, as well as a number of colored men.—Ex.

The senatorial fight is on in a manner to indicate that it will be a long and fierce fight. The present indication is that it will be either a deadlock or a dark horse that will be elected. It is to be hoped that it is the latter. Governor Geer is the logical candidate for the office, but there is no chance for his election. Mr. Fulton is not desired by the masses in the state, but principally by politicians.

A special election will have to be called by the governor to fill the vacancy caused by the death of Hon. Thomas H. Tongue. Among eligible republicans mentioned are Claud Gatch, and T. T. Geer, of Salem, H. H. Hewitt and P. R. Kelly, of Albany. Democratic suggestion are J J Whitley and M A Miller, of Linn L Bilyeu, of Lane, and Bernard Daley, of Lake.

Fifty thousand tons of agricultural implements made in the United States will be shipped from New York during the next six weeks, eight steamships being used in transporting the machinery to foreign countries. One vessel alone will carry 8,500 tons of the machines manufactured in Chicago, which is the largest shipment ever forwarded from America.

One good feature in the state legislature is the appointment of clerks from all over the state as apportioned, so that each section is treated alike and the plums are equal divided. Already the Kuykendall bill has been overreached and numerous extra clerks are being appointed regardless of the need of them in order to satisfy the dear constituency.

Unconscious From Croup.

During a sudden and terrible attack of croup our little girl was unconscious from strangulation, says A L Spafford, postmaster, Shester, Mich., and a dose of One Minute Cough Cure was administered and repeated often. It reduced the swelling and inflammation, cut the mucus and shortly the child was resting easy and speedily recovered. It cures coughs, colds, la grippe, and all throat and lung troubles. One Minute Cough Cure lingers in the throat and chest and enables the lungs to contribute pure, health-giving oxygen to the blood. E. C. Peery.

Five Good Reasons.

That the Rio Grande route is the most popular one between the Pacific coast and the east, is evidenced by the fact that the greater per cent of transcontinental travelers use it.

First, the scenic attractions in view are unequaled in the world.

Second, the daily personally conducted tourist car excursions being especially adapted for ladies travelling alone or with children, affords a comfortable mode of travel at rates within reach of all.

Third, it is the only route between the East and West passing directly through Salt Lake City, or modern Zion.

Fourth, the choice of two distinct routes through the heart of the Rocky Mountains.

Fifth, three fast through trains daily between Ogden and Denver equipped with every modern convenience.

There are many other reasons why this route is the most comfortable and enjoyable in the whole country.

You can learn a great deal on the subject of through travel, and receive some very beautiful and interesting booklets, by calling on or writing to the undersigned. W. C. McBride, Gen'l Agent, or M. J. Roche, Traveling Passenger Agent, 124 Third Street, Portland, Ore.

It is a combination of the healing properties of witch hazel with antiseptics and emollients relieves and permanently cures blind bleeding itching and protruding piles sores cuts, bruises eczema salt rheum and all skin diseases.

State Treasurer Moore's Report.

State Treasurer C. S. Moore has issued his semi-annual report, showing the condition of the various state funds. It shows a balance of $1,125,799 11 in the State Treasury, of which $234,687.76 is in the general fund and $734,772.25 in the common school fund. Mr. Moore says that the money in the general fund will be sufficient to pay all the state warrants that will come in up to the time state taxes are payable next Spring. There will not, however, be much of a surplus on hand when the state taxes begin to come in next Spring.

A Scientific Discovery.

Kodol does for the stomach that which it is unable to do for itself, even when but slightly disordered or overtaxed. Kodol supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles of that organ are allowed to rest and heal. Kodol digests what you eat and enables the stomach and digestive organs to transform all food into rich, red blood. E. C. Peery.

The Lane County Hog Again.

Lane county seems to have a life lease and dead mortal cinch on the chief clerkship in both the senate and house of the oregon legislature. —Eugene Register.

The crowned heads of every nation The rich men, poor men, misers All join in paying tribute to DeWitt's Little Early Risers. H. Williams, San Antonio, Texa., writes: Little Early Riser pills are the best I ever used in my family. I unhesitatingly recommend them to everybody. They cure constipation biliousness, sick headache, torpid liver, jaundice, malaria and all other liver troubles. E. C. Peery.

Hugh Patterson, an Albany boy, was pardoned from the State Penitentiary at Salem Thursday. His father was present when Hugh was released, and yesterday they came up from Salem together. Hugh was sentenced to the penitentiary for seven years from Roseburg. He had served but three years.

The Legislature.

The Senate standing committee have been announced. Hon. M. A. Miller of this county is on the committee on assessment and taxation, claims, enrolled bills and pental institutions, being a democrat in each case being at the tail end. Hobson, our joint senator is chairman of the committee on penal institution and on irrigrtion. In the house the Linn county members are on the following committees: Cornet chairman of roads and highways and on agriculture. Bilyeu public libraries and statistics and immigration. Claypool military affairs, and health and public morals. Only a few of the committees are of importance, and for these there was great pulling. In the senate Howe of Yamhill captured the ways and means chairmanship, said to be a Bourne victory, the most important straw in the appointments. The house passed Lewis and Clark bill carrying an appropriation of $500.000.

The Shasta Route.

In going over the famous "Shasta Route" of the Southern Pacific Co., the traveler ever finds something new to excite his admiration and interest. Starting at Portland one traverses the whole length of the Willamette Valley, the gem of the Northwest. Mt. Hood, Mt. Jefferson, and the Three Sisters and other snow-capped peaks are kept in sight for hours. The prunes, peaches, apples and other fruits are a delight in themselves. The crossing of the great mountain barrier between Oregon and California reveals the grandest mountain scenery in the United States. The wonderful array of towering mountains, and gorge into which we gaze from dizzy heights, forest clad mountain slopes streching up to the line of perpetual snow, and the foaming mauntain streams dashing fiercely down deep canons, now and then stopping for a short rest in ome quiet poll. After a days enjoyment of old Mt. Shasta, the finest peak on the continent, we drop raridly down the canon of the Sacramento to the broad plains of the Sacramento Valley in California, and thence through viney ards and orchards to San Francisco.
