S. E. YOUNG & SON, ALBANY, OREGON

TO MY FRIENDS AND CUSTOMERS

This is neither a "Klondike Sale" nor a "closing out Notice" but is something that I know will interest you a good deal more. I have lately made a business transaction which most people in the community think will be a great advantage to it, and will actually make them richer. I have incorporated my store with M. C. Gill & Son's, along with some other friends in Cottage Grove, who have a big store there. We have bought the Houston building and will remodel it so it will hold both Messrs Gill's and my stocks combined, and also several other lines of goods which we will put in.

We have a capital of \$50,000, and will keep a stock of goods here so you can get about anything you want. There are two main objects in this consolidation, that is to save expenses and to buy goods cheaper. You know all kinds of business is fast drifting in this way. With the amount of goods that our concern will buy and sell we will be enabled to buy as cheaply as the big department stores. And that will be a saving on the buying price which will in its turn mean a good profit to us. You know large quantities of goods can always be bought much cheaper than small lots. We will pay and sell a big lot of goods and we can naturally sell much lower than small competitors. Also this deal will give our store a remarkable good market for all kinds of farm produce which we will ship to the store at Cottage Grove and to the mines, and will enable us to pay a much better price for produce than we otherwise could.

As soon as we are going to put in a good stock here and one that will include most anything you want. We are going to sell at prices that will meet the competition all over the Willamette valley. And to do this we must sell our goods strictly for cash and produce. And by doing this we will be able to sell very cheap and it will be much better for you and for us than to do a credit business. So we will positively sell for Cash or its equivalent.

The incorporation dates from March 10th, 1903, and the firm name here will be Hibler & Gill Managers. And the one at Cottage Grove will be Garmen & Hemenway, Managers.

Yours very truly,
ROSS E. HIBLER

A Remarkable Case.

One of the most remarkable cases of a cold deep seated on the lungs causing pneumonia is that of Mrs. Gertrude E. Fenner Marion Ind who was entirely cured by the use of one Minute Cough Cure she says the coughing and straining she experienced that I run down in weight from 115 to 92 pounds. I tried a number of remedies to no avail until I used one Minute Cough Cure Four bottles of wonderful remedy cured me entirely of the cough strengthened my lungs and restored me to my normal weight health and strength. E. C. Perry.

More Riots.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Over work, loss of sleep, nervous tension will be followed by other collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the Liver or Kidneys as Electric Hilder. It's a wonderful tonic and effective remedy and the greatest all around medicine for run down systems. It dispels nervousness, Rheumatism and Neuralgia and expels Malaria germs. Only 5c, and satisfaction guaranteed by E. C. Perry Druggist.

A Sorosis Lesson

WHAT is a fit in an ordinary shoe is not a fit in Sorosis; They do not stretch. The shoe is built to fit its counterpart in the human foot. The lesson taught us by experience is that a woman once perfectly fitted in Sorosis never changes. She is more than satisfied; in fact has practically her own private last.

During the last high water part of the newly constructed dam went out and until it is repaired the mill will be unable to run.

The Leffler boys have had the misfortune to lose three horses and one cow in the past three weeks, from the effects of a poisonous weed which grew in their pasture.

You know when Ross Hibler says he will guarantee his price for mohair that it is so, and that when you sell to him you are sure of getting the very highest price paid.

Well, be bringing in that produce. We are doing business again and want all the stuff you have got to sell. We are paying 2 cents per dozen more for eggs than our competitors. Ross E. Hibler.

Two more telephones have been installed on the Scio exchange. This week one in the store of Ross E. Hibler and one at the flouring mill. It is very likely that several more will be put in shortly.

The Portland papers have been suggesting Jeff Myers, or the democratic nomination for congress in the first district. As Jeff lives in the second district there is no danger of anything of the kind.

M. M. Perry, the druggist, who came to Springfield a few weeks ago has been suffering with pneumonia. We are glad to state, however, that he is now recovering, and it will not be long until he will be well again.—Cottage Grove Leader.

The ancient problem, "When is a man drunk?" is a question on which doctors emphatically disagree, says an exchange. In Scotland, the authorities have some experience of the drunken, a shibboleth forms the test. The Glasgow police extract from the suspect easy and fluent utterance the words, "Shoes and socks shock Susan." In Edinburgh the authorities hold in the ancient "Bar, gross's fish sauce shop." In some parts of England the man must walk a chalk line and other tests include the spoken words, "Truly rural," "British constitution," and the apothecary of the thistle-sifting woman who had six sleeves of sifted thistles and six sleeves unsifted thistles." There is however, a more generous definition of drunkenness which that a man is not really drunk so long as he can lie on the floor without holding on.

We are like home plants. We need a change of soil now and then—to be replanted. New scenes, new experiences, new surroundings—a change of climate, dry air instead of moisture, sunshine in place of cloud. This is sometimes essential to health. There are conditions near at hand that are better than Europe can offer. Take a month or two in California. Plant yourself for a time where there are no irritations, where the hotel is beyond criticism, the landscape pleasing, and where warm sunny weather invites to walks and drives. Pure and dry air, and the increased electric influences of sunshine are vastly helpful.

You can make this trip at very little expense, and enjoy a ride over the scenic Sierran and Shasta mountains, which at this time of the year with snow covered peaks, are unsurpassed for their grandeur.

PRESIDENT ROOSEVELT'S TOUR.

Maps Out His Movements While On the Pacific Coast—Will Stop at Salem and Portland.

Washington, March 7.—President Roosevelt has begun to turn his attention to his intended trip to the Pacific Coast, but has not yet arranged all details. He is disappointed that it is necessary to have an extra session of the Senate, as it will necessitate cutting down his trip somewhat and shortening his stay at several important points notably in the Yellowstone Park.

His only stop of any length in Oregon will be in Portland, where he expects to spend a day and possibly a night. At what other points he will stop in Oregon will depend upon the hour he crosses over from California on his way up the Coast. If the hour is suitable, he will undoubtedly make a short stop at Salem and possibly at Roseburg, Albany, and Eugene. If when he reaches the Coast, the President finds his time is being overtaxed, he will have to cut down his stops at Salem and Portland.

As he goes north from Portland the President will follow largely the route laid out by President McKinley going first to Chehalis, on to Olympia, then to Tacoma. He is being urged to go from Tacoma by boat to the Bremerton navy-yard, thence to Seattle, giving him an opportunity to view the Sound.

After crossing the mountains, as he turns eastward, the President contemplates running to North Yakima, possibly to Walla Walla, and certainly to Spokane. His only stop of any length in Washington will be at the three principal cities. He will probably spend not more than five days in the two states.

As far as possible, President Roosevelt will leave details of his visit in the large cities to the local representatives, allowing them to lay out his programme. His only request is that he may be exempt as far as possible from tiresome receptions, banquets and set speeches. He does not care to make a campaign tour, nor does he desire to be forced to listen to long speeches from local talent. As soon as the President has fixed the dates for his arrival and departure from the leading cities along his route, he will request through his secretary, that local representatives make their plans accordingly.

Traaged y Averted.

"Just in the nick of time our little boy was saved," writes Mrs. W. E. Hilyon of Cottage Grove, Ohio.

"Pneumonia had moved and hovered with him and a terrible cough set in besides. Doctors treated him but he grew worse every day. At length we tried Dr. King's New Discovery for Consumption, and our darling was saved. He's now sound and well. Excuse boldy ought to know, it's the only sure cure for coughs, colds and all Lung diseases. Guaranteed by C. Perry Druggist. Price 50c and \$1.00. Trial bottles free.
