LOCAL AND GENERAL

Doings of City and Country People

NOV. 10.—The following are some of the news and observations of the week of Nov. 10, 1905, which will be made to our every-day of the week appearing in these columns.

Don't forget the bargains at Bickner Bros. store.

There is talk of a bowling alley being built in Scio.

S. I. Shore is now deputy assessor for Scio and vicinity.

Charles Wesley has lately added a line of bargains to his stock.

Come to Scio and celebrate the 4th and you will never regret it.

Remember the horse sale commencing the 1st of May at Wesley Bros.

Remember you can buy Good Hair, cheap at Wesley Bros.

Look—A mouth-piece to a horn under please leave at this office.

We have the top prices on Mohair. Don't sell until you get our prices. Wesley Bros.

For Sale—Two full-blooded Buff Leghorn roosters, at a bargain. Enquire at this office.

For Sale—Horse, harness and buggy for \$300. Enquire of Mrs. M. E. Richardson, Scio, Or.

Johnny Gill is on crutches this week with an injured foot owing to riding an unbroken horse.

Quite a few Scio people attended the picnic at Stayton Friday last notwithstanding the bad weather.

Frank Morris and family now reside at No. 16, 12th St., Portland. Frank is in the employ of the electric light company.

T. J. Munkers was elected director of the Public Schools last week out of the unexpired term of M. M. Peery.

The Sunday schools of this city will give a basket picnic between June 1st and 15th, the date to be according to the weather.

The News is published a day ahead of time this week as we took advantage of the opportunity to see the President at Portland.

Those wishing bathing services can now be accommodated at the bathing parlors of C. H. Lewis. A new tower furnishes plenty of water.

Dress making parlors at Mrs. Sutherland's residence, front room upstairs. MRS. SUTHERLAND, MISS WILSON AND MISS VINA MILLER.

F. H. Manning will make Sunday May 21, an opening day on the celebrated Hazelwood ice cream. Gentlemen with lady partners will be served free of charge.

Scio was favored 2 with a visit the latter part of last week from three drunks. The city jail would have been too good a place for them. They went from here to Lebanon.

The Bad Boys are just now in dastardly hunting their dog which mysteriously disappeared almost a year ago. It is a large U. S. flag with the words "Scio Cornet Band" upon it. It may have been stolen or placed in the hands of some one who is a mystery where it could go. Any information of its whereabouts will be thankfully received by any member of the band.

A novel plan was adopted at Newberg Saturday. The town was rung and the whistles blown and everybody began the work of raking and scraping, which continued all day. Monday wagons were kept busy carrying the debris and that town was left a model of neatness. In the evening a public meeting was held in one of the churches when an address was made relating to the interest of the little city.—K.

Mr. Joseph Poinville, of Stillwater, Minn., after having spent over \$2,000 with the best doctors for stomach trouble, without relief, was advised by his druggist, Mr. Alex. Richard, to try a box of Chamberlain's Stomach and Liver Tablets. He did so, and is well again today. He writes in the month, he of no other or substitution, give these tablets a trial, and you are certain to be more than pleased with the result. For sale at 25 cents per box by All Dealers.

Prof. J. Percy Wells left Wednesday for his home at Astoria, first going to Portland to see the President. Prof. Wells has been engaged to teach our public schools next year, a fact which gives universal satisfaction. It is very seldom that a whole corps of teachers give satisfaction to every one of our teachers. The school board did a very commendable act in securing Prof. Wells' services before he had engaged to some other place. Miss Grace Bridges, who left for her home at Seaside, also gave splendid satisfaction as a teacher, while Mrs. Prill has taught too many terms of school in Scio to need any words of praise from us, as is also true of Miss Ollie Morris.

Johnson & Hibler this season purchased about 125,000 pounds of mohair which was paid for on an average of 37 1/2 cents per pound. This makes a total of \$4,687,500 paid by this firm alone to the Valley mohair growers. Johnson & Hibler had for competitors several Portland firms besides from one to a dozen buyers in all the small cities yet they purchased at least half the mohair of the valley, a pretty good showing and which goes a good way in establishing them a good name for square-dealings among wool growers. They are now in the market for wool and no doubt will secure the same proportion of wool as they did of mohair.

Obituary.

Robert Cary was born Feb. 2, 1825, near Independence, Jackson County, Missouri, died at his home near Scio May 17, 1905, aged 74 years, 3 months and 14 days.

While still a lad in his teens he enrolled as a volunteer in a wagon train taking supplies to the U. S. Army at Santa Fe. Making the return trip in midwinter he encountered hardships, perils and privations that at this later day seem almost incredible.

In 1850 he came with an immigrant train across the plains to Oregon, settling on a donation claim near Prineville, Linn County.

Later he removed to the vicinity of Scio where he resided almost continuously ever since.

In 1854 he was married to Lydia M. Berkley who died in 1863 leaving four small children.

In 1868 he was married to Mrs. H. J. Hudson. To them were born six children.

He reared to maturity a family of thirteen children, including three step-children, one of whom is now deceased.

He was converted and united with the Baptist church at Prineville, and later became one of the constituent members of Scio Baptist church which was organized in 1853.

Funeral services were held at the Baptist church, conducted by Rev. W. H. Latourette and Rev. C. C. Sperry, and the remains were interred in Franklin Butte cemetery.

He had been a member of Scio Lodge F. A. M. since 1875.

A Starting Test.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a starting test resulting in a wonderful cure.

He writes: "The patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles, so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them. Only 50c at E. C. Peery.

The political stew is now boiling in good shape. The campaign will be started in Linn county May 20, at Oakville, by Hon. Percy R. Kelly and Hon. N. M. Newport. The republican papers are just now jubilant over the following statement made by Roosevelt: "I hope that every voter who believes in the principles of the party and wishes well for the administration, will cast his vote for Mr. Hermann." The democrats on the other hand show positive proof that Hermann was dismissed by the administration. The same information states that he was dismissed in April 1873, for entries made in the Roseburg land office on a land bond which were contrary to law.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not the Roseburg land office on a land bond which were contrary to law.

John Czolgosz, the brother of the assassin of President McKinley, was arrested and imprisoned in Los Angeles during the visit there of President Roosevelt. The arrest was made by the local authorities with the idea of protecting the president. The man is an every day working man, employed there in a butcher shop. He is not an anarchist and has nothing to do with anarchy. Unless the authorities have better reason for his detention than has been published his arrest appears to be a gross injustice and is a poor attempt at "protection." He was released after this presidential party had gone.

Too Great a Risk.

In almost every neighborhood someone has died from an attack of cholera or cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by All Dealers.

The X-Rays.

Recent experiments, by practical tests and examination with the aid of the X-Rays, establish it as a fact that Catarrh of the Stomach is not a disease of itself, but that it results from repeated attacks of indigestion.

"How Can I Cure My Indigestion?" Kodol Dyspepsia Cure is curing thousands. It will cure you of indigestion and dyspepsia, and prevent or cure Catarrh of the Stomach. Kodol digests what you eat—makes the stomach sweet. Sold by E. C. Peery.

PURELY PERSONAL

M. E. Bliley and children are visiting with relatives in Waterloo.

Mr. and Mrs. Groshong visited relatives in Scio the latter part of last week.

Miss Edna Gill went to Corvallis last Friday where she will remain several weeks.

Miss Julia Fandl, of Corvallis, is visiting in the city the guest of Miss Irma Sutherland.

D. H. and H. S. Johnston were at Salem the first of the week. D. H. went for the purpose of consulting a physician.

Miss Ollie Morris left yesterday for a few days visit in Portland after which she will leave for San Francisco, Cal., where she will spend the summer.

Mrs. Lizzie Elyen, of Stayton, visited relatives and friends in this city a few days last week, she was accompanied Monday by her grand-daughter, Miss Emma Morrow.

Among those intending going to Salem to see "Teddy" were: R. Sheldon and family, Frank Gill, John Wesley, S. I. Shore and T. S. Colby, besides others whose names we did not learn.

Dr. and Mrs. A. G. Prill left Monday to attend the Grand Lodge of the I. O. O. F. and Rebekah's which meet in Portland this week. Mrs. Prill is one of the officers of the Grand Lodge, that of Grand Marshal.

A Grand Rapids (Michigan) furniture man began advertising his office furniture six years ago, spending \$10 a month for newspaper ads. Gradually his advertising brought such results that he now spends more than \$5,000 a month for space in the leading newspapers. He has succeeded in winning a trade which other manufacturers could have had by advertising in their home newspapers. In this day when he is advertising, not only to secure more business, but to save what trade they may have.

Notice of Public School Examination.

Notice is hereby given that the final eighth grade examination for the public schools of Linn county, will be held in compliance with the rules of the State Board of Education on the following dates, April 8 and 9, May 20, 21, and 22, June 17, 18 and 19.

completed the work in the Eight grade should make application for the question thirty days prior to the examination. W. L. Jackson, Co. Sup.

MINE HAS FABULOUS RICHES.

Arizona Property That Will Probably Make Senator Clark Wealthiest Man in the World.

The American Mining News contains the following article about the great Dulced Verde mine, the property of Senator W. A. Clark, which, if correct, would indicate that it is probably the richest mine and in the richest man in the world.

"It has only lately come to light that the average value of the ore varies from the upper Verde to \$20 per ton in all values—gold, silver and copper. This mine, so far as has been developed, including exploration and diamond drilling below the present workings, shows an immense ore chimney, 400,000 feet across, that has been explored by shafts, tunnels and drill holes to a depth of 1,400 feet.

"Just how far it will be possible to work this mine down before the heat limit is reached is hard to say, but a reasonable estimate would be 1,700 feet. An estimate by one of the best mining engineers in this country shows that the mine to the depth of 1,400 feet contains 350,000,000 cubic feet of ore, and estimating 11 cubic feet to the ton there is practically 25,000,000 tons in sight.

"If we carry these figures a little further on the present four values of the United Verde we have the average value of the ore equaling \$1,000,000,000. The present owner of the property has retained \$500,000,000 for the mine."

Nature is Kind in Norway.

Although coal is scarce, and forests cease to grow many miles southward, the people of the frigid zones of Norway have an inexhaustible supply of peat, which is more easily worked into stow for fuel than either coal or wood and makes a better fire than either, writes W. E. Curtis, in Chicago Record-Herald. Peat bogs are found everywhere in arctic Norway, on the desolate table lands, on the rocky sides of the mountains, in the bottoms of the valleys, in the inhabited districts inland, along the shores of the fjords and upon nearly all the islands. The peat bogs of northern Norway, so far as surveyed, cover an area of 4,500 square miles, or nearly four per cent of the surface of the entire country.
