Harnish—Sci to Galleys—Aug. 8.
Rev. Bauer, of Stayton, held services in the Baptist church Sunday July 19.

If you want any magazine, newspaper, in fact any publication of any kind, call at this office.

Rev. Elkins of Stayton held services morning and evening at the Christian church Sunday last.

C. H. Buck pays special attention to ladies and childrens hairdressing, and the ladies are invited to call at any time. Prices reasonable.

Harnish, the Albany photographer, will be in his scio gallery on Saturday, August 8, to remain three days. Call Saturday if possible.

A party composed of W. A. Ewing, J. A. Blyew, Fred Jones and T. A. Richardson, left Tuesday last for Clear Lake to be absent a couple of weeks.

A distinguished party will go to Crater Lake on August 4, among the number being Governor Chamberlain, Senators Mitchell and Fulton and Joseph Miller.

Miss Emma Morrow was taken suddenly and seriously ill Saturday last with appendicitis. She is some better at this writing, a fact her many friends will be glad to learn.

G. W. Phillips has been quite seriously the past two weeks, and for a time Saturday last it was thought he was dying. He is somewhat better at the present time but his recovery is still doubtful.

The Salem flax mill has been compelled to employ Japanese laborers in order to have the large crop of flax pulled. Pulling flax is hard work as there is so much stopping, and it is very hard to get white laborers to do the work.

The open season for the killing of male deer began July 15 and ends November 1st. For killing female deer the open season is from August 15th to November 1st. It is unlawful for one person to kill more than five deer during any open season.

Saturday night last as Bo Shelton was returning from the country, his team ran away with him, striking the telephone pole in front of the saloon, and demolished the buggy pretty badly. Mr. Shelton was uninjured. The team was from Irvine & Myers' stables.

A lawsuit was tried at Salem last week involving the question of ownership of a durham calf. Eleven witnesses swore positively that they knew the calf in question, and that it belonged to the plaintiff in the case, while sixteen equally truthful persons swore that it belonged to the defendant.

Monday last J. N. Morris had a good and faithful black horse, get him now. Not wishing him to get into bad company he tied him up with a good stout rope and proceeded about his business. When he returned found him hanging over the walk, which is some ten feet from the ground, in approved a la negro style. The victim was a shag dog, and worth at least \$100. Jo has the sympathy of the entire community in his sad bereavement.

Five different homesteads in town ship 10 and range 25 have been contested by three Scio parties, and two Portland parties. Their trial will be before the Register at the U. S. Land Office at Oregon City on about August 15th. The plaintiff claim that the land has never been improved in the least and their residence has never been made there. The homesteads are worth at least \$5000.

A combination calling themselves Darling's Great American Juvenile Vaudeville Show was in town Saturday night. The small boy in his element as we are unable to find evidence of any grown person being there. We're getting used to this thing of having a gang of about a dozen boys in town here. The manager of the concern was in Scio a month ago gathering junk.

Our school directors now have a problem to solve that was not found in any arithmetic. Misses Grace Bridges and Ella Austin have resigned as teachers of the primary and grammar departments respectively, and Miss Ollie Morris has never accepted in the first place. Mrs. Bauer, wife of Rev. Bauer of Stayton, has been engaged to teach the intermediate department. She is now in Illinois. Prof. J. Percy Wells, who gave such splendid satisfaction last year, will be principal.

The Amelia Hall property has been sold by W. A. Wells to A. J. Johnson, of Scio. The new owner has already begun improving the property, a fine barn being among the additions. When all this is completed Mr. Johnson with his family will occupy the property. He comes to Scio for the purpose of taking advantage of educational facilities. He owns a large body of land in Boston, a portion of which is the Choate farm. The whole tract comprises something over 4000 acres, and is now occupied by a brother as a stock farm.—Times.

The A. O. U. W. grand lodge was in session in Portland last week, and was confronted by a problem of much importance. The supreme lodge last month reported a deficiency of \$600,000, and rapidly growing larger. This deficit is the total amount due widows and orphans in states where the death rate has been unusually high. According to the new plan of the supreme lodge the older members must pay an assessment rate of \$8.49, an advance of 25 cents on the rate formerly levied. Whether the grand lodge will adopt this rate is the point to be decided.

The Harvest picnic given in this city Saturday last was a success in every sense of the word, everything

going off as arranged except the horse race. Hon. M. A. Miller, of Lebanon, delivered a splendid and lengthy address with the "Progress of the American Nation" as his subject. Miss Laura H. Myers, of Portland, gave a select reading in a very creditable manner, and Miss Laura Thomas, of Jefferson, recited two pieces in her well known style, that which has won her such an enviable reputation in the Eastern States as well as Oregon. Excellent music was discoursed during the day by the Scio Band, assisted by three members of the Jefferson City Band. The base ball game between Lebanon and Silverton was won by the latter by a score of five to three, the result of which gave general satisfaction as the Silverton boys played a good clean game of ball. The horse races were both won by Fred Jones. Altogether we had a good time and we do not think anyone went away from our picnic anything but well satisfied.

Working Night and Day
The busiest and mightiest little thing that ever was made in King's New Life Pills. These pills change weakness into strength, listlessness into energy, and a few wild jumps the animal burst of blood vessels and dropped dead. The boys take their loss easily, but "Butcher" says, "My grandfather like to pay me dollar to have that horse nailed to the boneyard."—Jefferson Review.

Bought a Horse.
E. F. Long and W. F. Schuller attended a horse sale at Scio on Saturday last and jointly purchased a bunchgrass colt for \$15. "Butcher" then dug up \$1.50 to induce a cowboy to ride the brute. After giving a few wild jumps the animal burst blood vessels and dropped dead. The boys take their loss easily, but "Butcher" says, "My grandfather like to pay me dollar to have that horse nailed to the boneyard."—Jefferson Review.

No Pitty Shown
"For years fate was after me confidentially" writes F. A. Gulledge, Verbena, Ala. "I had a terrible case of Piles causing me much suffering. When I tried Bucklen's Arnica Salve cured me. Equally good for burns and all aches and pains. Only 25c at Peery's drug store."

A New Station.
The Southern Pacific Company has built a large and commodious station at Fair Grounds, which will be appreciated by the traveling public. The new station is very neat and attractive, and fills a long felt want. The management of the state fair feels particularly pleased over the new station, and they say that it is a good attraction for the fair.

Catarrah of the Stomach.
When the stomach is overloaded, when food is taken into it that fails to digest, and when the various mucous membranes, exposing the nerves, and causes the glands to secrete mucus, instead of the natural juices of digestion. This is called Catarrah of the Stomach. For years I suffered with Catarrah of the Stomach, caused by indigestion. Doctors used medicine, but it did not benefit me until I used Kodol Dyspepsia Cure.—J. R. Rhea, Coppell, Tex. Sold by E. C. Peery.

Mills Started.
The Albany Woolen Mills have been leased by the Oregon City Company for a period of four months and started up Monday. The new owners, the Bannockburn Company, rented the mill as an accommodation to the Oregon City people, who recently suffered a disastrous fire. Their contracts will now be completed in spite of the fire.

The Southern Pacific Company has placed on sale at very low rates round-trip tickets to the various resorts along its lines, and also, in connection with the Corvallis & Eastern Railroad, to Detroit and the sea side at Yaquina Bay, latter tickets good for return until October 10th.

Three day tickets to Yaquina Bay, good going Saturdays, returning Mondays, are on sale at greatly reduced rates from all points Eugene and North on both East and West Side Lines, enabling people to spend Sunday at the seaside. Very low round trip rates are also made between Portland and same points on the Southern Pacific, good going Saturdays, returning Sunday or Monday, allowing Portland people to spend Sunday in the country and the rest of town people to have the day in Portland.

Tickets from Portland to Yaquina Bay good for return via Albany and East Side, or Corvallis and West Side, at option of passenger. Baggage checked through to Newport. A new feature at Newport this year will be an up-to-date Kindergarten in charge of an experienced Chicago teacher.

A beautifully illustrated booklet describing the seaside resorts on Yaquina Bay has been published by the Southern Pacific and Corvallis & Eastern Railroads, and can be secured from any of their agents, or by addressing W. E. Coman, G. P. & S. P. Co., Portland, or Edwin Stone, Manager C & E R R., Albany, Or.

Yours truly,
W. E. COMAN,
Gen. Pass. Agent.

The Foundation of Health.
Nourishment is the foundation of health—life—strength. Kodol Dyspepsia Cure is the one great medicine that enables the stomach and digestive organs to digest, assimilate and transform all foods into the kind of blood that nourishes the nerves and feeds the tissues. Kodol lays the foundation for health. Nature does the rest. Indigestion, Dyspepsia, and all disorders of the stomach and digestive organs are cured by the use of Kodol. Sold by E. C. Peery.

We Will Buy It Back
You assume no risk when you buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. We will refund your money on sale unless you use it. It is every where admitted to be the most successful remedy in use for bowel complaints, and the only one that never fails. It is pleasant, safe and reliable.

A Wonderful Invention.
It is interesting to note that for times are frequently made by the invention of articles of minor importance. Many of the most popular devices are those designed to benefit the people and meet popular conditions, and one of the most interesting of these that has ever been invented is the Dr. White Electric Comb, patented July 1, 1890. These wonderful combs positively cure dandruff, hair falling out, sick and nervous headaches, and when used in connection with Dr. White's electric Hair Brush are positively guaranteed to make straight hair curly in 25 days' time. Thousands of these electric combs have been sold in the various cities of the Union, and the demand is constantly increasing. Our agents are rapid in becoming rich selling these combs. They positively sell on sight. Send for sample. Men's size 35c, ladies' 50c—half price while we are introducing them. See Van Cottam of this paper. The Dr. White Electric Comb Co., Decatur, Ill.

Very Remarkable Cure of Diarrhoea
"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller, of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For 17 years it is a fact.

MISCELLANEOUS ITEMS.
An enormous sunfish, weighing one and one-half hundredweight, has been left stranded by the tide at Blakensy, Norfolk, England.

When a large badger was caught and killed recently in Hemingby, Lincolnshire, England, it was found to weigh 26 pounds.

The Chester County Historical society of Pennsylvania has erected on the Brandywine battlefield a monument to Gen. Lafayette.

Since three men have hanged themselves in Gibbet lane, Halesowen, Worcestershire, England, it has been decided to commit suicide in the Danube canal at Vienna, a man stuck fast in the thick ice which supported him until he was rescued, frozen almost stiff and quite unconscious.

The Illinois supreme court has decided that the weekly pay day law is unconstitutional. This will compel manufacturers in that state to pay their men weekly, whenever it is demanded.

The city of New York does a little in the agricultural line occasionally. Thus \$1250 has been received from the net proceeds of an auction sale of apples held on the new Croton dam division of the new aqueduct. It has been transmitted to the city chamberlain for the credit of the water fund.

S. O. Mcurdy, of Salsbury, Pa., has been in the railway mail service 20 years, and in that time has traveled 767,084 miles, something like 32 journeys around the world. In the one wreck which the veteran mail clerk has been through his life was saved by a mail sack which he had in his hand. He was thrown from his car, and would have gone under the wheels of the locomotive if the sack had not blocked his way.

The "planter" is a device for the assistance of the gardener. It looks like a pair of large curling tongs, which when closed form a hollow tube and taper to a point. The plant to be inserted into the ground is placed in the same position, which is then forced into the earth and opened by shooting the handles. The plant is left in the earth when the implement is withdrawn. The operation of planting and transplanting is rendered easy, and the contrivance is carried so conveniently as a pair of scissors.

TO MAKE GOOD TEA.
Many thought when one knows how to make good tea, it is a simple matter. Some experiments about the cup.

Water that has stood long in the tea-kettle should not be used for tea. Put in the tea-kettle just a sufficient quantity of fresh, hard water, bring it quickly to a vigorous boil, scald the tea-pot for a moment, put in the tea (either all black or mixed) and pour the boiling water upon it immediately. Let it stand on the back of the stove about three minutes and then serve, says American Queen.

A good many superstitions are connected with "the cup that cheers." One old one is that when the tea is made and the lid of the teapot forgotten a little while, it is a sign that some one will drop in for a meal.

Putting cream into your tea before sugar will bring low troubles. Two spoons put inadvertently into the saucer of a girl or bachelor denote that he or she will be married within a year.

A hawk-like looking in a girl's cup is a star. She should stir her tea briskly and then hold her spoon upright in the center. If the stalk be attracted toward the spoon and clinging to it, a gentleman visitor may be expected some time that evening. If, however, the "beak" goes to the side of the cup he will not come that day; if it sinks, he will not come at all.

For a lady liver to Chamberlain's Stomach and Liver Tablets. They invigorate the liver, aid the digestion, regulate the bowels and prevent bilious attacks. For sale by all dealers.

NEW TREATMENT FOR VARICOCELE.

—Albany Democrat.

So many people, old and young, are effected with varicocele, that a means of having it cured was something long sought for and surgical science has been at fault until very recently. Dr. Darrin, at Levens Hotel, Albany, is now able to accomplish it, absolutely without pain or detention from business, so the cure is permanent and lasting. As a proof of this assertion we refer, by permission, to Mr. A. J. Armstrong, cutter and chief assistant of "Nicol, the Tailor," at 80 Third street, Portland. Read his card:

To Whom It May Concern,

Without solicitation I volunteer my testimonial in favor of Dr. Darrin who cured me of an aggravated case of varicocele of many years standing. Had despaired of cure until ten years ago I tried Dr. Darrin's new method and was permanently cured, and had no return of the trouble. I most emphatically recommend Dr. Darrin as a skillful physician and straightforward man in business. Will gladly confer with anyone, either in person or by letter, at 80 Third street, Portland, where I have been employed for years.

A. J. ARMSTRONG.

DEAFNESS TWENTY YEARS.
How It Was Cured By Electric Treatment Given by Dr. Darrin.

To the Public: December, 1892, I came to Dr. Darrin for treatment of deafness and ringing in my ears of twenty years standing. I was unable to hear without people speaking very loud to me. After one month's treatment I could as well as ever in my life, and feel called upon to tell the public my experience, that others may avail themselves of Dr. Darrin's skill. I live at 420 Front street, Portland, and work in Johnson's shipyard. The cure by Dr. Darrin of ex-sheriff A. T. Shoop's daughter, 229 Front street, of malaria, rheumatism and liver complaint, is why I applied to Dr. Darrin.

A. L. RICHARDSON.

Dr. Darrin's Place of Business.
Dr. Darrin is located at the Levens Hotel until Oct. 1st, and will give free examinations to all from 10 to 5 or 7 to 8 daily.
