EVENTS OF THE DAY

GATHERED FROM ALL PARTS OF THE  
TWO HEMISPHERES.

Over One Hundred People Perish in the  
Flames at Budapest.

Budapest, Aug. 26.—Fire started  
this evening in a four story building,  
the two lower stories of which were oc-  
cupied by a fancy goods firm, the upper  
floors being residential flats. There  
were 200 work people in the building,  
and it is now stated that between 40  
and 50 persons were burned to death.  
The police announce that by jumping  
from the windows 13 persons were  
killed and 16 injured, nine seriously.  
The damage is estimated at 4,000,000  
kronen, mostly covered by insurance.

The warehouse contained piles of  
filmy material and the flames spread  
with frightful rapidity and soon  
reached the residential flats. Only  
the work people near the door below  
were able to effect their escape. The  
residents above, seeing their escape cut  
off, clung desperately to windows,  
screaming for help.

The firemen held out sheets of canvas  
and called to them to jump.  
Fifteen persons were saved in this way,  
but many in jumping missed the sheet,  
nine being killed on the spot.

ANOTHER CONVICT CALLOUT.

Woods Arrested by Officers in a Reno  
Barber Shop.

Reno, Nev., Aug. 26.—J. W. Woods,  
one of the escaped convicts from Fel-  
son on July 27, was arrested this  
morning by Constable Wilson and Of-  
ficer Leeper, while being shaved in a  
barber shop.

Constable Wilson was standing on  
second street this morning when he  
noticed a man answering the descrip-  
tion of Woods come around the corner  
from Center street and enter the bar-  
ber shop. Wilson started to enter the  
shop but, seeing a revolver in the  
man's hand, decided to get help.

Together with Leeper, he entered the  
shop and covered Woods with a re-  
volver and handcuffed him. Woods  
offered no resistance. Woods was tak-  
en to the jail and turned over to Sheriff  
Haves.

Woods said he came to Reno from  
Tuckee on a freight train last night.  
He asked Deputy Sheriff Maxwell to  
let convict Maguire, captured last night,  
occupy the same cell with him, for, he  
said, "you should treat me well as long  
as I live. I know that hanging awaits  
me, and it cannot possibly do any  
harm to let me see my family."

FILIPINOS WILL PROFIT.

General Woods Returns From Borneo  
With Many New Ideas.

Manila, Aug. 26.—General Leonard  
Woods has returned from a visit to the  
governor of Borneo, where he has been  
for some time observing the methods  
adopted by the British government to  
pacify and promote the interests of the  
natives and to improve the commercial  
condition of the country. General  
Woods reports that the British govern-  
ment has obtained remarkable results in  
the uplifting of the natives of Borneo  
and returns to the Philippines with  
many new ideas which he will, with  
the cognizance and assistance of Gov-  
ernor Taft, put into operation in these  
islands.

General Woods is preparing to begin  
a campaign in the Jolo archipelago, in-  
to which territory he will go accompan-  
ied by a military force of sufficient  
strength to permit his entering into the  
interior, where he expects to obtain  
good results in his dealings with the  
natives by applying some of the ideas  
which he has evolved as a result of his ob-  
servations in Borneo.

Chicagoans Who Sailed to Find Gold  
in Patagonia on Turk's Island.

Chicago, Aug. 24.—The Tribune to-  
day says:  
Six men who sailed away from Chi-  
cago a year ago in search of a gold mine  
in the wilds of Patagonia are now un-  
der arrest at Turks Island, in the West  
Indies, suspected of filibustering.  
Their arrest and the detention of their  
schonner, Mercury, has been a long be-  
fore the secretary of state.

Charles Corrigan, a Texas cowboy,  
came to Chicago last fall, washed lake  
sailing for a month and then took five  
men into his confidence. Corrigan said  
he had a map showing the location of a  
gold mine rivaling that of King Solom-  
on. His story was that it discovered  
had been driven out by natives, and  
when he died on a ranch he gave the  
drawings to Corrigan. The vessel will  
be held until the business of its owners  
can be investigated.

To Help Cuban Loan

Havana, Aug. 26.—Mario Menocal,  
a distinguished general and a promi-  
nent player, has accepted the appoint-  
ment as one of the commissioners to  
negotiate the \$35,000,000 loan. Sen-  
tor Dolz will be offered a commissioner-  
ship and Rios Rivera is mentioned as  
the third member of the commission.  
The revolutionary soldier revisionary  
committee has been constituted. It is  
composed of one judge of the supreme  
court, judge of the audience courts of  
Havana and Matanzas and two military  
officers.

Wind Sweeps Islands.

Kingston, Jamaica, Aug. 26.—A  
schonner which arrived here this morn-  
ing reports that the Cayman Islands  
were devastated by a hurricane on the  
evening of August 11. Many houses at  
Georgetown, a village near the west  
end of Grand Cayman Island, were de-  
molished. The vessels in the harbor  
were driven out to sea, two subsequent-  
ly returned but the others have not  
been heard of up to August 15. All  
the trees and crops were destroyed.

FIRE COST LIVES.

Over One Hundred People Perish in the  
Flames at Budapest.

Vienna, Aug. 26.—According to a  
special dispatch received here 124 per-  
sons perished in the fire at Budapest.

HAPPENINGS HERE IN OREGON

TO INSURE THEIR OWN DRYERS.

Prune Growers of Willamette Valley Pro-  
pose to Organize Company.

At a meeting of prune growers held  
in Salem a few days ago, a movement  
was started for the organization of a  
mutual insurance company for the in-  
surance of prune dryers. The growers  
were agreed that the insurance com-  
panies charge too high a rate of pre-  
mium for this class of risks, and that  
the cost would be greatly reduced by  
co-operative action. A committee to  
report a plan of organization was ap-  
pointed, consisting of John Pemberton,  
chairman, Roseville; W. S. Wright,  
Roseburg; Augustus High, Vancouver;  
A. Shuber, Philomath; Mr. Blackard,  
Salem; H. S. Gile, Salem; H. J. Zur-  
cher, Liberty.

It is intended that the insurance as-  
sociation shall accept members  
throughout Oregon and Washington  
and transact a general business only  
on prune dryers and warehouses. The  
new organization will have no con-  
nection with any of the other prunegrow-  
ers' associations.

Board of Trade Formed.

The new industries inaugurated in  
Jacksonville and vicinity are showing  
results which indicate a revival of the  
old time prestige and prosperity of  
the place. The three great lumbering  
mills directly tributary to it, the pro-  
duct of which all centers here, the  
large manufacturing plant, planing  
mill and box factory in operation in  
town, the completion of the general  
saw plant and many other contempla-  
ted improvements have inspired re-  
newed confidence in the place, and busi-  
ness men were never doing better or  
were more hopeful for the future than  
at the present time. As an evidence  
of the prosperity and confidence of  
business men in the future of the  
place, a board of trade has been re-  
cently organized under the most favor-  
able auspices.

Pulp Mill Closes Down.

Because of the extreme low stage of  
the Willamette river, the management  
of the Willamette Pulp & Paper mills  
at Oregon City, has found it necessary  
to close down station A, which is lo-  
cated on the east side of the river.  
It is in this mill that the pulp is pre-  
pared by which the paper is manufac-  
tured in the mills on the west side.  
The closing down of station A, how-  
ever, will not interfere in any way with  
the operation of the main mills of the  
corporation since there is a sufficient  
supply of pulp on hand to keep the  
mills going for several weeks.

Salem Mills May Burn Oil.

The management of the Salem wool-  
en mills have been figuring for some  
time on the substitution of oil for  
wood for fuel in the mill. The rapid  
advance in the price of wood has made  
it desirable to find a cheaper fuel. The  
only difficulty encountered was in the  
expense of getting the oil delivered  
here, and when the oil company has  
completed its arrangements for stor-  
ing oil at Portland it is thought this  
difficulty can be met.

Union Creamery Prosperous.

The Union creamery has at last be-  
come firmly established, and is doing  
a large business in manufacturing but-  
ter and fine cream for supplying the  
towns of this part of the state. A  
skimming station is in operation at  
Cove, and the company is now pre-  
paring to establish another station at  
Medical Springs, 25 miles east of  
Union.

Forty Cents for Picking Hops

A number of prominent hopgrowers  
held an informal meeting at Salem  
last week and discussed the price to  
be paid for hopping. It was the  
consensus of opinion that 40 cents a  
bar should be the ruling price. A  
number of growers are advertising for  
pickers and a few of the larger yards  
have their list nearly complete.

Will Handle More This Year.

The Willamette valley prune associa-  
tion held its annual stockholders'  
meeting last Saturday. The secre-  
tary's report showed among other  
things that the association handled  
3,750,000 pounds of prunes last season.  
In all probability the quantity control-  
led by the association will be larger  
this year than last.

WATERING OF KLAMATH.

Only a Very Small Portion of That Great  
County Cultivable.

Prof. F. L. Kent of the Oregon Agricul-  
ture college, has just returned to  
Corvallis from a visit of a month's  
duration to the irrigated regions of  
Klamath county, where he gave spec-  
ial attention to the methods of ap-  
plying water, the kind of crops grown,  
and the extent of the irrigable area of  
that section of the state.

Klamath county has an area of  
about 6300 square miles, nearly as  
great as the state of Massachusetts.  
Of this area competent engineers es-  
timate that not more than 160 square  
miles, or about 2 1/2 per cent of the  
whole, can be brought under irriga-  
tion systems, and produce cultivated  
crops. Perhaps 1 per cent more is  
available for irrigation, but for various  
reasons is only adapted to the grow-  
ing of the native grasses, which are  
used mainly for hay.

Articles of Incorporation Filed.

Articles of incorporation were filed  
in the office of the secretary of state  
last week as follows:

New Virtue corporation, Baker City,  
\$4,000,000.

Falls City Mercantile company,  
Falls City, \$5000.

Mission Mining company, Medford,  
\$24,000.

American Investment company,  
Portland, \$5000.

Oregon Lumber, Land and Mining  
company, Baker City, \$250,000.

Medford Business College company,  
Medford, \$500.

Dixie Mining company, Baker City,  
\$500,000.

Listerine Manufacturing company,  
Salem, \$10,000.

Foley, Imhans & Company, La  
Grande, \$5000.

Humbolt Sash and Door company,  
Portland, \$50,000.

Oregon & Eureka Railroad company,  
Portland, \$125,000.

Preparing to Rebuild.

The Oregon City manufacturing  
company has asked for bids for the  
construction of buildings at its woolen  
mill plant in that city to replace the  
one that was burned last month. The  
cost will approximate \$30,000. Most  
of the buildings will be of wood and  
corrugated iron and the principal  
structures will be three stories high,  
and will be directly connected to the  
main building. The management of  
the mills expects to resume operations  
in this city October 15. An automatic  
elevator at a cost of \$10,000 will be  
prepared to pour water on incipient fires.

On Equal Footing.

The state board of education has re-  
cently made a ruling which will pre-  
vent the graduates of normal schools  
of other states from securing state  
papers in this state, unless they have  
passed state examinations the same as  
are now required of graduates of Ore-  
gon normal schools. The reason for  
this is that the board will not give its  
certificates and diplomas of other  
states a higher credit than is given  
to similar papers in this state.

Frank Curtis Becomes Warden.

Superintendent James, of the Ore-  
gon penitentiary, has appointed  
Frank Curtis to succeed E. A. McPhar-  
son, who resigned the position of  
warden. Curtis is a democrat and was  
a candidate for the legislature from  
Multnomah county in 1902. He has  
been serving for some time as a guard  
at the prison.

Big Carnival at Portland.

Portland's big fall carnival, Septem-  
ber 14 to 26 inclusive, is given this  
year under the auspices of the Mult-  
nomah Athletic Club.
