An old orchard on the Bryant Island near Albany is a curiosity. For the past ten years the fruit from it has been very inferior and full of worms. Last fall a band of goats were turned on the island; they devoured everything in sight including the bark on the trees. This year the trees appeared in full bloom and they now hang full of great, fine red checked fruit, free from worms.

Peculiar Accident.

G. H. Whitney, a well known young man living east of town, met with a peculiar accident Tuesday. He was standing on the Roaring river flume, when a log came floating down the flume at a high rate of speed. Where Mr. Whitney was standing, the water in the flume was almost at a stand still, and when the log struck the standing water it threw out a sheet of water, which caused him to fall to the ground, a distance of several feet. He received some bruises and slight internal injuries and came to Dr. Lamberson for treatment—E. A.

A VISIT TO DR. DARRIN.

Albany Herald.
Mr. A. G. Byers, of Independence, Or., visited Albany last week, to bring the Dr. a patient, for his wonderful treatment for deafness. To a reporter he stated that he had been almost totally deaf from his youth and that in May of 1902 he applied to the Dr. while in Salem. In three months he was perfectly and permanently cured and that he had had no return of the malady since. We tested him in a whisper, and without hesitation he answered all questions. Below we give his sworn statement published last year in the Salem Journal:
How Young Mr. Byers Recovered His Hearing.

Salem Journal:
Mr. A. G. Byers, of Independence, accompanied by his son A. G. Byers, called at the Journal office this afternoon and made a statement relative to the condition of the younger man. He had been deaf from his infancy, and later the difficulty gradually increased to such an extent that he was almost totally deaf. Two months ago the young man came to Dr. Darrin, at Hotel Willamette for treatment and to day called at the Journal office to state that he could hear as well as anybody. The reporter talked to him in a low voice and was convinced that his hearing was as good as the best. This remarkable cure of necessity makes the young man feel happy, and his father is more than pleased. Their purpose in coming to the Journal office was to make a statement to the public concerning the wonderful cure.

A Happy Man.

The following is an extract of a card from Mr. Austin of Portland Ore., telling how his wife was cured of total blindness:
"I wish to make known what Dr. Darrin has done for my family. Eight years ago my wife was totally blind from what doctors called nervous abhorrence of light. In that condition she visited him, and

was cured, so she could see as well as ever in her life. I know of hundreds who have been as miraculously cured. I am employed on the O. R. & N. railroad, and can be referred to at any time. I most earnestly recommend the afflicted from what ever cause to consult Dr. Darrin, W. 'STUB' AUSTIN."
