Shawknit Hose!

The Question of Dyes

Used by manufacturers of hosiery is of great importance. You should know about it, for cheap dyes are poisonous and are used frequently to make a larger profit at the wearers expense.

We guarantee all dyes used in all Shawknit half-hose for men, and ribbed hose for children, to be the costliest and purest dyes made. Our dyes are chemically tested by our own experts and are positively free from all injurious matter.

Our products are not affected by perspiration, never fade, stain, or run. Our colors will stand acid test—the most absolute test known.
