Doesn't Respect Old Age.

It's shameful when youth fails to show proper respect for old age but just the contrary in the case of Dr. King's new life pills. They cut off maladies no matter how severe and irrespective of old age dyspepsia, jaundice, fever, constipation all yield to this perfect Pill 22c at E. C. Peery's drug store.

A Runaway Bicycle.

Terminated with an ugly cut on the leg of J. B. Orner Franklin Grove. It developed a stubborn ulcer unyielding to doctors and remedies for four years. Then buckskins arnica saved him. It's just as good for burns, scalds, skin eruptions and piles 25c at E. C. Peery's Drug Store.

Must Transfer Funds.

Attorney General Crawford has rendered an opinion in answer to questions propounded by Superintendent of Public Instruction J. H. Askorman, in which he holds that a pupil is transferred from one district to another, it is the duty of the board of directors to transfer that pupil proportion of the school funds to the district to which the child moves. If the board of directors for the first district refuse to transfer the money a mandamus proceeding may be brought by the parents of the child to compel the directors to do the duty. It is also held that where the child is transferred before a county apportionment, the county superintendent must distribute the money according to the school census and the transfer be made afterward by the district officers.
