**HOLMAN**—At the home of her daughter, Mrs. Hanson Shelton Scio, "Grandma" Holman, whose maiden name was Elizabeth Welch. She was born in Overton county, Tenn., May 4, 1811, was married to Thomas Holman in 1827, and afterwards moved to Ray Co, Missouri where they lived until 1884, then immigrated to Linn Co, Oregon. She united with the Baptist church in 1846, and always lived a faithful and consistent christian life until her death, which occurred on March 21, 1904, aged 92 years, 10 months and 17 days.

She was the mother of thirteen children, who all lived to be grown, except one. There were 6 boys and 8 girls six of whom survived her. Funeral services were conducted by Geo. L. Sutherland amid many sorrowing friends at Ray, W. V. P. E. and her remains were laid to rest in the old Providence cemetery March 23. Thus another pioneer and one of God's noble women and Mother has left us.

**Obituary.**

Alexander Sumpter, a veteran pioneer of Oregon, died at the home of his son, Alexander Sumpter Jr., near Sanderson bridge, in this county on last Friday at age, W. V. P. E. 90 years, 10 months and 12 days, and was buried at Providence cemetery Sunday March 20, 1904, followed to the grave by a large number of relatives and friends. Funeral services were conducted by Rev. W. P. E. Moore, of Brownsville. Mr. Sumpter had spent a great part of his life in Linn county and was generally known and respected by all. He was born in east Tennessee on the 6th day of May, 1814, and about 1834 years of age he moved with his parents from Tennessee to Indiana where he remained until after the Black Hawk Indian war, in which he was a soldier. From Indiana he moved to Missouri and about 1834 he was married in St. Louis to Miss Nancy Prather and to them thirteen children were born, nine daughters and four sons, two daughters having died. In 1833 he removed with his family to Oregon crossing the plains with ox teams and settled on a donation land claim about 6 miles south of Scio where he resided until 1872 when he moved to Crook county from there to Dayton Wash. thence to Astoria and from there to Juliette, Idaho, where his wife died June 17, 1896. After the death of his wife he returned to the home of his daughter, Mrs. J. W. Compton in Scio where he resided most of the time since. He united with the Missionary Baptist church about 60 years ago, and always lived a true christian life. At the time of his death he had 278 descendants, these are divided into 13 children, 88 grand children, 162 great grand children and 17 great grand children.

So one more of our pioneer fathers has gone home, and we shall miss them as they have done many kind christian acts, to all whom they come in contact with, and the true and faithful labors of such pioneers can not be estimated in their assistance in building up this great western country, in paving the way to civilization an I good government.

Newberg Graphic.—The farmers up in Polk County evidently believe in asking for the whole loaf. At a recent Grange meeting a resolution was passed asking the Postoffice Department to require rural carriers to carry the mails every day in the year, holidays and Sundays included. This reads like the story which goes that a boy who fell in the river was saved from a watery grave by a fellow who plunged in and at the risk of his own life, saved the boy. The father of the lad arrived soon after and seeing that his son was safe, made a request of the rescuer that as he was already wet to please swim out and get the boy's hat that was floating away.

P. A. Danforth of LaGrange, Ga., suffered for six months with a frightful running sore on his leg; but writes that Bucklin's Arnica Sore Solver cured it in five days. For Ulcers, Wounds, Piles, It's the best balm in the world. Cures guaranteed. Only 25c. Sold by E. C. Peery druggist.

**Not So Slow.**

The adopted sons of Oregon who were formerly residents of Missouri have been taunted s long about the "old state" being slow, that the following account taken from the Sehell City News will be of interest to all concerned:

Married, divorced and remarried all in ten minutes, was the new Vernon county record established by Mrs. Mollie Cox, now Mrs. Mollie Hogan, last Thursday. This age is going some, and old Vernon has to keep in the swim.

**Tragedy Averted.**

"Just in nick of time our little boy was saved!" writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a bad cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for Consumption and our darling was saved. He's now strong and well. Everybody ought to know, it's the only sure cure for Coughs, Colds and Lung Diseases. Guaranteed by E. C. Peery druggist. Price 50c and \$1 Trial bottles free.

Train Service to be Changed.

There is now talk among the railroad men that as soon as the S. P. bridge is built at Springfield connecting Springfield and Eugene, that there will be put on a round trip passenger from Eugene to Portland running over the Springfield-Woodburn line. If such a train is put on it will leave Eugene early in the morning and will return late in evening. It is probable that the train from Eugene will start early enough to arrive at Woodburn in time to connect with the Albany local on the morning and will return late in evening. **A Serious Charge.**

Josh Creffield, who was chased out of Corvallis some time since and who proclaims himself a priest and prophet of the "Holy Rollers," a religious organization is being sought by Police and Deputy Sheriffs on a charge that may land him in the penitentiary. The charge is preferred by E. B. Starr, whose wife is named in the complaint against Creffield. The details of Creffield's wrong-doings are revolting in the extreme. Ten or fifteen charges similar to the one brought by Starr are said to be on the tapis. Creffield's victims being among women he sought to convert to what he claimed to be the principles of his sect.—Oregonian.

**The Home Seekers Came.**

Sixty five thousand new settlers in Oregon this year is the conservative estimate placed for the immigration just about begun. Conservative, according to a statement made by Superintendent LeRoy of the Oregon Information Bureau.

Last year the new settlers to make homes in Oregon were closely estimated at 40,000. This number included men, women and children, the majority from the middle west states. This year they are coming in great numbers from Minnesota, Michigan, Illinois, and many even from central New York and other eastern states.

Railroad officials agree in the expression that immigration will reach the 50,000 mark and even go higher. They base their opinion on advance reports of transportation agents in eastern offices.

Those ones at the union depot, says the Portland Journal, give the impression that traffic is crowded to its limits as every incoming train, generally in two and three sections, is loaded to its capacity with fathers, mothers and children, and all earthly possessions, are seeking future places of abode where bizzards, cyclones and floods do not ruin the strenuous labors of two and three years.
