Death of Fred Morris.

Word was received in this city Saturday last of the death of Fred Morris, at Dawson City, Alaska. He was on his third trip to his claim in the Klondike and was accompanied by his brother, Frank. They started from Scio January 13, and when at White Horse rapid, Fred contracted a cold which developed into typhoid fever. He was taken to the hospital where the best of medical attention was given him. Though far away from home everything was done for him that medical skill and kind friends could do but to no avail, and after a few months suffering he passed on at this earth life on April 4, 1904. In the meantime Frank had started on to their claim and was several hundred miles from Dawson so that he will be some time before he hears of his brother's death.

Charles Frederick Morris was born in this city on October 19, 1872, and with the exception of a few years has spent his entire life here. He was a young man of excellent character and had many friends who extend their heartiest sympathy to the bereaved family.

The remains will be brought to this city for burial.

One Will Probate.

The will of the late Alexander Sumpter Sr., who died near Sander-son bridge recently, was Monday afternoon admitted to probate. The will bequeaths to Malinda and J. W. Compton \$100 each, and the remainder of the estate to go to 13 other heirs. Mr. Compton, a son-in-law of testator, is named as executor without bonds, and letters testamentary were issued to him. Appraisers were appointed as follows: W. A. Ewing T. J. Munkers and Charles Wesley.

Sciatic Rheumatism Cured.

"I have been subject to sciatic rheumatism for years," writes E. H. Waldron, of Walton Junction, Iowa. "My joints were stiff and gave me much pain and discomfort. My joints would crack when I straightened up. I used Chamberlain's Pain Balm and have been thoroughly cured. Have not had a pain nor ache from the old trouble for many months. It is certainly a wonderful liniment." For sale by all dealers.

NOTICE.

The discharging or shooting of firearms within the City limits of the City of Scio is strictly forbidden by ordinance.

A. F. BEARD, City Marshal.

Born.

At the family home in Albany, Ore. Friday morning, April 1, to the wife of Otto Tall, a girl. The parents of the little stranger caused something of a sensation last year by eloping, the father being then 60 years old and the mother 18.

At the family home in Albany, Friday, April 1, to the wife of Frank Coldres, a daughter. The mother in this case is a step-daughter of Mrs. Hall named above. The two women, step-mother and step-daughter, became mothers at the same time, and the last named young woman is but a year the senior of her step-mother.—Herald.

Rainiest March in 25 Years.

Portland Journal.

In its fickle vagaries the March which passed away so smilingly performed many curious feats in the way of introducing novel brands of weather to Portland during its stay. Not for 25 years has there been as much rainfall during the month of March as has occurred during the 31 days just passed.

The weather bureau's monthly bulletin shows that the total precipitation for the month was much greater than for the same month in any other year since 1879. In that year the precipitations for March was 11.70, while in the present year it was \$73, more than twice as great as was reported for the previous year. The average precipitation for the month of March during the past 34 years is 5.33.

There was one, and only one clear day during the 31. That was the last of the month, when the sun shone brightly throughout the day and there was a touch of spring in the air. Every other day was cloudy, though there were three others when it was only partly cloudy.

Frost occurred five times during the month. March 9, 15 and 16 there was a light frost, and a heavy one the 31. A killing frost was reported on the second day of the month.

There was a total movement of 56.4 miles of wind during the month with a maximum velocity, for five minutes, of 32 miles per hour. The prevailing was from the southeast.

Best Cough Medicine for Children

When you buy a cough medicine for small children you want one in which you can place implicit confidence. You want one that not only relieves but cures. You want one that is unquestionably harmless. Chamberlain's Cough Remedy meets all of these conditions. There is nothing so good for the coughs and colds incident to childhood. It is also a certain preventive and cure for croup, and there is no danger whatever from whooping cough when it is given. It has been used in many epidemics of that disease with perfect success. For sale by all dealers.

A Muskogee young man told a girl that he intended to kiss her upon leaving her home. She commanded him to leave at once.

Marriage is a lottery in which the husband often turns out to be a blank.

A woman may be able to keep her own secrets, but it is a pretty hard matter for her to help any one else keep one.

Don't imagine your-self a novelty because you are pretty. There are others equally as handsome.

Don't forget that for several thousand years that the world has been full of a smart young man as yourself.

We heard a Fort Gibson girl say, the other day, that she wished God had made her a man. We were impressed with the thought that perhaps He had, but she may have to hunt a long time yet before she finds him.—Ex.

A Thoughtful Man.

M. M. Austin of Winchester Ind. knew what to do in the hour of need. His wife has such an unusual case of stomach and liver trouble physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c at E. C. Peery's drug store.

A Great Sensation.

There was a big sensation in Leesville, Ind. when W. H. Brown of that place who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes "I endured insufferable agonies from Asthma but your New Discovery gave me immediate relief and soon effected a complete cure." Similar cures of Consumption, Pneumonia, Bronchitis and Grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c and \$1 Guaranteed by E. C. Peery druggist. Trial bottles free.

DEALS IN HOUSE NUMBERS.

A Singular French of Municipal Science in Which One New York Man Finds Profit.

"It is a piano tuner; see his square black bag," said the suburban wife, looking out of one window.

"It is a doctor; see his gold spectacles," said the suburban, looking out of the other window," relates the New York Sun.

"Sir," said the man who rang the bell after he got in, "I am a number man. I notice that the number of your house is on a pillar of the veranda, where it cannot be seen at night. I suggest that you have a number placed where it will be conspicuous."

"Are you from one of the city departments?" asked the suburban.

"No, sir," replied the suburban man. "I am following this as a side line to my regular business. I am ready to supply house numbers of every description, and what is more, I guarantee that the number I put on a house is the correct number of that house. Furthermore, I am prepared to do gilding if that style of numbering is desired."

"I shouldn't think that the business would pay especially," remarked the suburban.

"It wouldn't, unless it were done in the way I do it," said the number man. "For instance, I go into a suburban town like this where the houses are not generally numbered and where most people can't find out what the right numbers of their houses are. I map out the streets, get the lots numbered correctly and am rewarded with quite a bunch for numbers."

"Now, that's a branch of government I had never dreamed of," said the suburban.

"It is a very important branch of municipal government, indeed," said the number man. "I have made a study of it. Perhaps I am the only man in New York who has gone into the thing so deeply. Now, over in Queens county some time ago they consolidated a lot of small places. The result was that the numbering system of each separate place was thrown out of gear. I made a study of all the systems and devised one general system of numbering, which was adopted subsequently as the official method there. Again, I got quite a bunch of orders as my reward. Worked in that way there is some profit in the business. Can I take an order from you?"

"Why, yes," replied the suburban.

"But where will you put the number?" "That is a vexed question," answered the number man. "Some people like the house number on the front door. But in summer, when the door is left open and a screen door is used, the number can't be seen. Again, in winter, if there are double doors, the outer doors hide the number when closed. So that if the number is on the door several sets of numbers are required.

"Others like the number on a pillar of the veranda, as in your case; but there the number is apt to be hidden, or, at best, inconspicuous. It is well to have the number on the gate, if you have one, or on the front steps. Either plan I can recommend as making the number conspicuous."

"And what style of number do you recommend?" asked the suburban.

"The best of all are the blue and white enameled figures on iron. They come also in black and white. But some people object to them on account of their somewhat inartistic appearance. Next are the various big metal numbers, samples of which I show you. You will take these? Thanks. Tomorrow I will come and put them on. Good evening."

"Who would suppose there was so much in house numbers?" the suburban asked his wife.

HER PICTURE.

Let us paint her picture! ••• Take a patch of white shadows in 'em, an' you have her eyes!
Shadows where the sunshine tangles—but the blue.
Beautiful and beaming—gleaming, streamin' through!

Let us paint her picture! ••• Take a mid-night dream—
Deep, an' black, an' startles, an' you have her face!
Yet, there's light about it—something you can mark—
Like an April shower twinklin' through the dark!

When you slip the ribbons from the curls an' all,
Down they come, a-tumblin' like a waterfall!
That's the time they dazzle—silky threads o' night
Fallin' all around her—shakin' out the light!

Lips! they're like a sunrise to the night o' curls!
Repeat, that minutes with a gleam of pearls;
An' 'twixt thing dimples—playin' hide an' seek
In among the flowers bloomin' on her cheek!

Want to paint her picture? ••• Think o' all this sweet—
All this beauty, an' that best for when love makes 'em best!
Then give Love the pencil, dipped in colors fair,
With your heart, an' let him paint her picture there!

Robbed the Grave.

A startling incident is narrated by John Oliver of Philadelphia as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite growing weaker day by day. Then I was advised to use Electric Bitters; to my great joy the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50c guaranteed at E. C. Peery's drug store.
