

# The Santiam News.

PUBLISHED FRIDAY OF EACH WEEK.

## EDITORIAL.

On—and another may say what they will, and make what excuses they can; yet if parents had a full sense of their responsibility and would act upon it, they would be no tragedians like that at Corvallis. But if parents do not control their children in infancy and in childhood, when they may, they cannot expect to hold an influence over them after they grow up. The state needs much less a Reform School for children than for parents. Parents innumerable bring children into the world with no sense, or little sense, of responsibility for it. There is little use of talking to the man who sold to the youth the revolver and the cartridges, and against the man who sold liquor to him—however culpable both may be. It is the business of the parents to instill right principles into their boys and girls. Temptations there will be. The culpable ones are the parents who do not fortify their children against such things. And if parents fall in this duty society or government can provide no remedy. It can only bury the dead,—Oregonian.

If we are called upon to name the man most familiar with the resources and the needs of Linn county we would without hesitation name C. H. Stewart. There is no man any better known to the people. He has always been active, energetic and progressive. He is thoroughly reliable and strictly honest. No man is better fitted to fill with credit the county judgeship. The idea that the county judge must necessarily be a lawyer, has been long since exploded. Judge Palmer is not a lawyer, but this has not prevented him from conducting one of the most successful administrations that Linn county has ever had. C. H. Stewart is by long odds the best man for this office.—Lebanon E. A.

A woman, an immigrant from the east, threw her baby from the window of a moving train near Spokane a few days ago. This seems an inhuman act but the woman was crazed by caring for nine children in the journey across the continent. They had actually "driven her crazy," and the fact is not surprising. The youngster stuck in some bushes, rolled down

an embankment and was picked up unharmed. The woman was placed in a hospital at Spokane to collect if possible, her scattered senses.

The people of Scio have long wanted Mr. Morrow for sheriff. They have faith in the man, they vouch for his fitness for the office and swear by his honesty and faithfulness. There is nothing of the politician about him. He is a good square fellow who will make a good square sheriff.—Lebanon E. A.

Any and all persons having claims against said estate are hereby notified to present the same to the undersigned at Scio, Linn County, Oregon, within six months from the date of this notice, duly verified as required by law. Dated this 27th day of Nov. A. D. 1903.  
GEORGE CHRISTIE JOHNSTON  
HENRY SHUBERT JOHNSTON  
Executors.

**GUARDIAN'S SALE.**  
NOTICE is hereby given that the undersigned guardian of the person and estate of G. W. Phillips an incompetent person in pursuance of an order of the County Court of Linn County, Oregon, made an order of record on the 8th day of February 1904, authorizing, licensing and directing him to sell at public auction to the highest bidder all of the following described land to wit: The North Half of the Northwest Quarter of section three (3) in Township Ten (10) South Range one (1) West of the Willamette Meridian, in Linn County, Oregon, containing 80 acres, more or less.  
That in pursuance of said order the undersigned will offer for sale at public auction at the front door of the Court House in Albany, Linn County, Oregon, at the hour of 1 o'clock p. m. on the 14th day of May, 1904, all of the said land in one body, terms of sale, cash in hand.  
Dated this 23 day of February 1904.  
W. A. EWING  
Guardian.

A Missouri sportsman tells of a hunter who on a trip through the territory shot two wild turkeys from the car platform. The obliging conductor stopped and backed his train so that the birds could be picked up. When he sent in his report of the delay to the "old man" he also sent along a piece of wild turkey—and everything was lovely.

Last week Charles Mitchell, a well-to-do negro farmer of the Smithville (Ga.) neighborhood, entertained a number of white farmers and their wives at dinner. He did not sit down at the table with them, though; he busied about supervising the waiters from town, whom he had imported for the occasion.

The time is close at hand when Florida will ship as many boxes of oranges as she did before the great freeze of 1894—namely, 5,000,000 boxes. If it had not been for that disaster she would be shipping more than 8,000,000 now.

On the country place of Russell Sage a great many chickens are raised. "What do you consider the best chicken feed?" asked a brother fancier. "Oh, pennies, nickels and dimes," replied Mr. Sage with humorous gravity.

## INLAND TRAINING STATION.

Provision Made by Congress for Naval School Somewhere Along the Great Lakes.

Notwithstanding the determined fight made against providing for a naval training station on the great lakes, this legislation has been enacted, and as the naval appropriation bill went to the president, it contained an item making provision for a naval station in the west. The secretary of the navy is directed to appoint a board composed of naval officers, whose duty it shall be to select on the great lakes a suitable site for a naval training station.

Having selected a site, if it is located on private land, the board is directed to estimate the value and ascertain as nearly as practicable the price for which it can be purchased, and to make a detailed report to the secretary of the navy, who is directed to transmit the report to congress with recommendations.

In order to defray the expenses of the board an appropriation of \$5,000 is made. This amount becomes available immediately, and before the summer has ended the board will visit Chicago to look over the field.

## OFFER TO ASTRONOMERS.

Michigan Professor Proposes to Enlighten Them on Certain Points at His Own Head.

A remarkable petition was received the other day at Washington from Prof. Theodore Munger, of Rochester, Mich., that attracted much attention among members of congress. It was addressed to Representative S. W. Smith, of Michigan, and he secured its reference to a proper committee. The petition states that Prof. Munger "knows and understands how nature turns the earth," and he agrees to explain it to the world provided he receives five cents from each astronomer in all nations who teach astronomy. He understands that \$50,000 has been offered for "anyone who can determine why the gyroscope top makes such peculiar moves."

Prof. Munger, who announces that he has been a student of science for 20 years, guarantees to develop some entirely new principles, especially in explanation of the gyroscope top. "Kicks against this petition will be considered a hindrance to the cause of science" is the warning sentence which closes the petition.

Poor Country for Posts.  
The sultan says Turkey has books enough, for which reason he will not permit the publication of any more in that country. It will not be necessary, says the Chicago Record-Herald, for the Turkish post to be record captains of industry.

Short on Houses.  
The Brazilian coast city of Bahia has about 200,000 inhabitants, who live in 17,000 houses.

**LIVER TROUBLES**

"I find Theford's Black-Draught a good medicine for liver disease. It cured my son after he had spent \$100 with doctors. It is all the medicine I take."—MRS. CAROLINE MARTIN, Parkersburg, W. Va.

If your liver does not act regularly go to your druggist and secure a package of Theford's Black-Draught and take a dose tonight. This great family medicine from the constipated bowels, stirs up the torpid liver and causes a healthy secretion of bile.

Theford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 25-cent package of Theford's Black-Draught should always be kept in the house.

"I used Theford's Black-Draught for liver and kidney complaints and found nothing to equal it."—WILLIAM COFFMAN, Marblehead, Mass.

**THEFORD'S BLACK-DRAUGHT**
