May Build Catholic Church.

Last week several of the Jordan farmers were Scio and one of them was soliciting subscription for a Catholic church that they were intending to build in Scio. There is a Catholic church at Jordan and it has been there for several years but in the last few years there has been a great deal of contention among its members over the ownership of some of the church property with the result that about half of them have withdrawn from that church and regularly attend the Catholic church at Stayton. It is these people who are intending to build the church at Scio and from what we can find out they will doubtless build. It is to be hoped they will build in Scio for their trading would be all here in that case when now it goes a good share of it to Stayton.

They have a large amount of work subscribed to a petition.

There is talk of making an effort to secure Sunday trains over the Silverton branch of the Southern Pacific. This a matter of great importance to the people of this section, and if the right step is taken we believe a better service can be obtained. The Southern Pacific people are interested in the progress of Oregon towns, and if the people of Silverton and other towns along this line will satisfy the company that a Sunday service is necessary to promote the growth of the towns along this line of railroads, we will get what we need—Sunday trains—Silverton Appeal.

IT IS A MATTER OF HEALTH

"Josiah's Courtship"

Was played at a packed house by local talent in this city Saturday evening of last week. The leading part was taken by E. C. Peery who was Josiah Perkins and his ability in that line came as a surprise to his friends here. He was Josiah Perkins brusque and fickle and it was hard to believe that underneath was our genial druggist. To Mr. Peery is due a good part of the success of the drama. Priscilla Brown was represented by Miss Winnie Munkers, and the part which was one of the leading ones, was well sustained. Roger Cain and Prof. Wells sustained the characters they represented as if they had played the part for a life time and not for the first time. Joe Wesley, Ira Abbott, W. A. Ewing and A. W. Hagey all had plenty to do and the way they acted gave one the impression that they had been there before. Mrs. Walter Bilyeu made an ideal widow. Miss Sylvia Munkers, as Eliza, acquitted herself well, as did Miss Cleopatra with the part of an "angel".

It is impossible for us to give the proper credit to each of the above for it is equally as impossible to give any certain one more credit than the others, but when we say that each one was perfect in the character they represented, we only do justice to them.

The large assembly hall at the school house was full, in fact several were forced to stand up during the entire performance. Wesley Bros. orchestra furnished some excellent music for the occasion, and the audience was also favored with a song by Miss Grace Gill and Mrs. Wm. Abbott.

The proceeds some \$73, was for the benefit of the Ladies' Helping Society who will use it to help pay for the Baptist parsonage.

Electric Bitters are positively guaranteed for dyspepsia indigestion constipation and kidney troubles, try them. Only 50cents at E. C. Peery's.

An open Letter.

From the Chapin S. C. News, Editor: In reading my wife and I were taken with dizziness, and so severe were the pains that we called a physician who prescribed for us, but his medicines failed to give any relief. A friend who had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy on hand gave each of us a dose and we at once felt the effects. I procured a bottle and before using the entire contents we were cured. It is a wonderful remedy and should be found in every household. H. C. Baily Editor. This remedy is for sale by All Dealers.

BONE FOOD

Soft and crooked bones mean bad feeding. Call the disease rickets if you want to. The growing child must eat the right food for growth. Bones must have bone food, blood must have blood food and so on through the list.

Scott's Emulsion is the right treatment for soft bones in children. Little doses everyday give the stiffness and shape that healthy bones should have.

Bow legs become straighter, loose joints grow stronger and firmness comes to the soft heads.

Wrong food caused the trouble. Right food will cure it. In thousands of cases Scott's Emulsion has proven to be the right food for soft bones in childhood.
