A Sure Thing.

It is said that nothing is sure except death taxes, but that is not altogether true. Dr. E. C. Peery's discovery for consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanMetter of Sheddertown W. Va. says I had a severe case of Bronchitis and for a year tried everything I heard of got not no relief. Cured his mother of Rheumatism.

My mother has been a sufferer for many years with rheumatism, says W. H. Howard, of Husband, Pa. At times she was unable to move at all, while at times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact she is never with out it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with. For sale by all Dealers.

An Open Letter.

From the Chapin S. C. News, Early in the spring my wife and I were taken with cholera, and so severe were the pains that we called a physician who prescribed for us, but his medicine failed to give any relief. A friend who had a bottle of Chamberlain's colic, cholera and diarrhoea remedy on hand gave each of us a dose and we at once felt the effects. I procured a bottle and before using the entire contents we were cured. It is a wonderful remedy and should be found in every household. H. C. Daily Editor. This remedy is for sale by All Dealers.

Whooping Cough.

In the spring of 1901 my children had whooping cough, says Mrs. D. W. Cappe, of Clatsop, Ia. I used Chamberlain's cough remedy with the most satisfactory results. I think it is the best remedy I have ever seen for the whooping cough. This remedy keeps the cough loose, lessens the severity and frequency of the coughing spells and counteracts any tendency toward pneumonia. For sale by All Dealers.

Young Plants

Every farmer knows that some plants grow better than others. Soil may be the same and seed may seem the same but some plants are weak and others strong. And that's the way with children. They are like young plants. Same food, same home, same care but some grow big and strong while others stay small and weak. Scott's Emulsion offers an easy way out of the difficulty. Child weakness often means starvation, not because of lack of food, but because the food does not feed. Scott's Emulsion really feeds and gives the child growing strength. Whatever the cause of weakness and failure to grow—Scott's Emulsion seems to find it and set the matter right.

There are now variations which promote confusion and fraud; for example, a bushel of oats is thirty pounds in New Jersey and thirty-two pounds in New York. The conference has recommended the abolition of days of grace; proposed a code concerning bills, notes and checks; and considered other questions of business law. J. S. Huntley made his daughters happy Friday by presenting them a handsome new Schultz organ. C. N. Rogers of Salem sold Arthur Leugele Saturday a Schultz organ for his daughters. H. Larwood notes.

Once more the strawberry season is here. Frank Gaines was an Albany visitor during the week. A. R. Baker made a business trip to Stayton Wednesday. C. E. Cushatt of Salem was here Wednesday. W. L. Jackson, I. A. Munkers, G. W. Morrow and C. H. Stewart were political visit us on Thursday they made it a point to miss no one. Several voters attended the democratic speaking at Lacombe Tuesday. Wm Brenner drove a large herd of cattle into the mountains near here this week. A. R. Baker and wife were business visitors at Lacombe Friday. Some of the candidates cards that were posted in the Crabtree bridge at this place have been badly mutilated by cutting the photographs with knives. It is not to be supposed that any voters would so rashly partisan as to do such a thing so we are left to suppose that it must have been done by some careless boys. There few places now where pride is taken such things, but the r is an element of boys here who still have that idea. Politic cards as well as other posted matter are put up for the information of the public and it does not speak well either for the boys or for their parents when such things are torn down or otherwise needlessly destroyed. It is to be hoped that the boys who destroyed the cards will soon learn that it is better to be men than hood lums.

Jordan.

I. Cambell of Illinois is visiting with Perry Bilyeu. Mr. and Mrs. Hamon Shelton visited Grandma Bilyeu Sunday. A good number of the farmers of this vicinity have been busy hauling grain the past week. The grain and gardens are doing well here, but a good shower of rain would do them much good. Henry Barnester has left for Eastern Oregon where he will spend the summer working hard. Many of the people of this vicinity were at the Bilyeu Den cemetery Decoration day beautifully decorating the graves of their beloved ones. The democratic candidates were courteously received at the Jordan hall the 25th, the speeches of Mr. Stewart and Supt. Jackson were splendid. L. C. Trask, the Jordan merchant, recently sold his beautiful span of horses to a Portland buyer, the price paid was \$450. He sold his horses just like he sells his goods, very reasonable. Mrs. O. D. Hall has been seriously ill for some time but she is at present improving. Mrs. Wm. Shelton is building a nice cottage near the Jordan store. The party given at the home of J. J. Hannah was well attended, every one had a jolly time. Nibs.
