The children like to take it and it has no injurious after effect. For sale by all dealers."

The entertainment at the Baptist church last Friday night, was liberally patronized. The receipts were about \$14.
Riley Shelton did quite a land office business in registering voters on election day. There was about 50 registrations made.
Watch for Wesley Bro's Big ad next week it will tell you all about the great bargain that is in store Wesley Bro's store for you.
Geo. F. Lowmnd has traded his city property in Seio and 100 acres of land in Missouri to a man by the name of Potter, for a hotel and blacksmith and wagon maker's shop in Marion. George will be "mine host" in Marion later on.
Jack Bilyeu had a horse a short time ago that he imagined was afflicted with worms. He was told that a liberal dose of tobacco would kill the worms. It did. It also killed the horse. The animal was young and valuable.
The Connitt family seems to be a slippery one. Albert, a brother of Ira, confined in the county jail for theft, made his escape when the sheriff had him outside to do some chores. He was captured on the following morning near Lebanon.
County treasurer James Elkins yesterday afternoon remitted the second half of the state tax on account of last year's levy to State Treasurer, Charles S. Moore, the remittance aggregating \$32,444.35. The first half was paid last spring, and under the law this entitled the county to retain the other half until November.—Saturday Herald.
Supt. Jackson is now busily engaged in visiting the county schools. He is visiting the outlying districts while the good weather lasts; afterward he will give his attention to the various city schools. Supt. Jackson is about the only superintendent who made it a point to visit the remote districts every year. No wonder that his majority was universal in the county last June. The people know a good officer when they see one.
The man who kindles the fire with the catalogue from the department stores, and gives all his trade to his home merchants is the man who helps to put a better value on your property. The more a town grows, and the more business it does, the greater the increase in the value of property—both city and farm. The man who patronizes the city department stores in preference to his home merchants, thinking that he may thereby save a few paltry pennies, is simply detracting from the wealth of his own community.—Springfield News.

G. C. Johnson messenger to convey poli books, etc., from South Seio precinct and J. A. Bilyeu who served in a like capacity for North Seio, went over to the county seat Wednesday. They came back with their minds fully satisfied that Roosevelt had been elected.
Munkers.
The following correspondence was unavoidably omitted last week. The writer will please pardon us this time. It will not probably happen again:
Wilbur Funk was a Seio visitor last week.
A. L. Davenport went to Jefferson Saturday.
Mrs. Vern Ritter, of Jordan, visited her sister, Mrs. H. G. Shilling last week.
Mrs. John Scott, of Albany, was a guest of Mayme Donahue, the latter part of the week.

DAISY.
Hotel Opening.
Perhaps a more elegant and beautiful repast has not been spread before the Seio public than was the initial supper given by Mine Host Richardson and his estimable wife, at "The Richardson" last Monday evening. About sixty Seioans gathered around a long tables that literally groined beneath the bountiful spread of good things, for once in their lives enjoyed a square meal. To enumerate the many excellent dishes that Mrs. R. knows so well how to prepare, would swell this item to proportions similar to the News editor's stomach at the conclusion of the feast. Suffice to say, "The Richardson" is now open for the reception of guests and the public is cordially invited to sample its viands.
Halloween Party.
One of the most enjoyable events of the season was a Halloween party given in honor of the U. K. club of Seio, by the Misses Donahue at their beautiful country home. About 25 of the members were present. The house was beautifully decorated and lighted with jack-o'-lanterns. Music and fortune telling were the main features of the evening. The prizes for the guessing contests were awarded to Frances Arnold and Miss Inez Munkers, and the booty prizes to Clem Gough and Miss Grace Phillips. Dainty refreshments were served, and at a late hour the guests departed, after an evening most pleasantly spent.
The above was left out of last week's issue on account of lack of space.—(Ed.)
Only Makes a Bad Matter Worse.
Perhaps you have never thought of it but the fact must be apparent to every one that constipation is caused by a lack of water in the system, and the use of drastic cathartics like the old fashioned pills only makes a bad matter worse. Chamberlain's Stomach and Liver Tablets are much more mild and gentle in their effect, and when the proper dose is taken their action is so natural that one soon fully realize it is the effect of a medicine. Try a 25 cent bottle of them. For sale by all dealers.

Everett Bilyeu Killed.

A telegram announcing the accidental death of Everett Bilyeu near Silverton, was received by G. W. Morrow on Tuesday, who with his wife, a sister of the unfortunate man, started for Silverton at once.
From reports of trainmen it seems that the unfortunate man was leaning out from a car, waving goodbye to his children. The train was just passing through a bridge, when he was struck by a post and knocked off the train. He lived but a few minutes after receiving the injury.
His remains were taken to Portland for burial to-day, Friday.
Everett Bilyeu was a son of Peter Bilyeu, deceased a few years ago. He was born and raised to manhood in this city. But one of the family, Mrs. G. W. Morrow, still resides in this city.
He leaves a wife and daughter another two sisters and two brothers to mourn his loss. His family will be the recipients of \$2,000 from the Woodmen and \$1500 from the B. of L. E., thus provided for.

Superintendent Jackson has sent the News the program of the forthcoming annual teacher's institute, which occurs at the First Christian church, Albany, on November 21-23. The program is printed in the form of an elegant little booklet, and gives promise of an interesting and instructive session.
Blue River All Right.
W. C. Bates, a mining expert representing a big Milwaukee syndicate who has been examining the different mining properties of the Northwest, arrived in Albany last night on his way up to the Santiam mines which he will investigate. He was recently in the Blue River mines, over which he is enthusiastic, stating that he considers its prospects the best of any camp he has visited, and believes it has a great future. It has made a good start and will be heard from. Many people believe the Santiam district has as good ore as any other camp and are confident development will prove this fact.—Tuesday Democrat.

FROM SOUTH AFRICA.

Mr. Arthur Chapman writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: A neighbor of mine had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy. The baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the baby." This remedy is for sale by all dealers.

Telephone Patrons Remember

That if you wish your phones to work satisfactorily, you must remove all brush that will touch the line, renew your batteries whenever white patches begin to show on the outside, and keep all connecting wires screwed tight. There are a great many things that will cause a poor service, that, if looked after on time, will do away with many causes of aggravation. The central office at Seio wishes to give the farmers a good service, if you will help us in looking after the details that you are supposed to look after. We will do the rest.
