RECTOR OF ST. LUKE'S.

Ashburnham, Ontario, Testifies to
the Good Qualities of Cham-
berlain's Cough Remedy.

ASHBURNHAM, Ont., April 18,
1903.—I think it is only right that I
should tell you what a wonderful
effect Chamberlain's Cough Remedy
has produced. The day before
Easter I was so distressed with a
cold and cough that I did not think
I was able to take any duties the
next day, as my voice was almost
choked by the cough. The same
day I received an order from you
for a bottle of your Cough Remedy.
I at once procured a sample bottle,
and took about three doses of the
medicine. To my great relief the
cough and cold had completely dis-
appeared and I was able to preach
three times on Easter Day. I know
that this rapid and effective cure
was due to your Cough Remedy. I
make this testimonial without hesi-
tation, being thankful to have
found such a God-sent remedy.
Respectfully yours,
E. A. LANFELDT, M. A.,
Rector of St. Luke's Church,
To Chamberlain Medicine Co.,
This remedy is for sale by all
dealers.

W. Murphy was at Stayton last week.
Miss Myrtle and Golda Donah of
Scio, spent Sunday at home.

R. L. Devaney has returned from a
visit to Portland.

Miss Tessie Hale, of Miller station was
a guest at the home of D. Watkins Fri-
day and Saturday.

Mrs. W. Bilyeu of Albany, and daugh-
ter Bertha, have been guests of her par-

Miss Minnie Banks, of Albany, who is

Lungs Tapped.

Last week we noted the fact that Ira
Foren was confined to his bed with an
attack of pneumonia. Later on phre-
sis was developed as well. Last Friday,
Dr. Prill discovered that the lung cavity
was filling with serum. On Monday the
deposit was so increased that the lungs
did not have room and breathing was
difficult. So it was deemed necessary
to remove the accumulation, which
was done by the insertion of a
tube and the use of a physician's
pump. Next morning a gallon of fluid
was removed, and in consequence the
patient greatly relieved. Dr. Prill re-
gards his condition quite serious, though
not necessarily dangerous.

It is said that everybody over at Le-
banon who has in the past been in the
habit of paying their respects to the god
Bachus, will swear off the first of the
year. The probabilities are that the
bibulous festival once will soon be im-
pressed with the realities of near by wet
towns.

A great many of the short comings of
the telephone is attributable to the num-
ber of receivers that are down, when the
call is made. If, when central attempts
to make a call a line four or five
seconds and keep their receivers down
the communication is interrupted. Un-
less you are a specialist, are that you
are called, do not leave your receiver
down. If you are wanted you will get
the second call. Also, remember that
if others can hear you and you cannot
hear them, the trouble is in your own
phone. You need a new battery. The
central office is trying to give you a sat-
isfactory service. Will you help us by
keeping every thing right with your
phone? Everything must be right, if a
satisfactory telephone service is had.
The central office will do the best it can.
Impossible, however, are im possibilities.

Everybody's Magazine for January

Frenzied Finance, the most sensational

was raised in Wall street and used to de-

in the interest of patriotism, an easy ex-
planation of Bryan's defeat in 1896 and
a sample of machine politics.—Democrat.
