Our Public Schools Close.

Since our term of last week, all of the closing exercises of our public schools have transpired, and the pleasant, rhythmic tone of the school bell will be heard no more for a little more than three months.

Last Friday evening an entertainment was given at the public school hall by the pupils of the school, assisted by some of the town talent. The entertainment was largely attended and was greatly enjoyed by all. The receipts at the door were \$14.20.

On Sunday, Rev. J. W. Mount preached a sermon to the graduating class at the school hall. A large congregation was present and gave marked attention to the speaker.

Monday evening the graduating exercises occurred. Prior to the class exercises, several student addresses were rendered to the delight and enjoyment of all.

State Superintendent of Schools Anderson was present and delivered a short though very practical and common sense address. Superintendent Anderson is a pleasant, easy speaker and held the attention of his audience closely.

Miss Aida Compton, as class historian, managed to incorporate into the history of her classmates witnesses that were enjoyed by the audience and were not displeasing to her classmates.

The valedictorian address by Miss Lottie H. Wilson was well prepared and full of good thought. She expressed the thanks of herself and classmates to the school board, the people and her teacher in a happy manner.

The class farewell chorus was rendered in a pleasing manner, after which Professor Wells presented a diploma to each member of the graduating class, and the commencement exercises of the Scio high school for 1935 became history.

HIGH SCHOOL ALUMNI BANQUET.

On Saturday evening, during commencement week, some of the earlier graduates of the high school met and organized the alumni association of Scio high school. The purpose of this organization is to establish a feeling of fellowship among the alumni members and to promote the interests of the high school. The following officers were elected to serve during the coming year: President, Myrtle Calavan; vice president, Nellie McDonald; secretary, Ernest Arnold; treasurer, Chester C. Cary.

The first banquet was given Monday night, following the commencement exercises. The dining hall at the Richardson hotel, where the feast was served, was beautifully decorated with festoons of crimson and white, paper hung from the four corners of the room. The table was tastefully arranged and a most delicious banquet was served. The waiters were the Misses Nellie McDonald '02, Myrtle Calavan '02, Inez Montgomery '05, Annie Shelton '05, Inez Montgomery '05, Willie McKnight '05, Goldie Donahue '05, Cressie Miller '05, Ada Compton '05, Myrtle Donahue '05, Lottie Wilson '05, and Margaret Donahue '05. Messrs. Byron H. Gill '02, John Gill '02, Ernest Arnold '04, Chester M. Coffy '04 and Francis Arnold '05. The visitors were: Misses Grace Gill, Olive Morris, Claudia McKnight, Iva Stevenson, Inez Munkers, Anna Baker; Messrs. J. Percy Wells, P. H. McDonald, W. F. Gill, W. N. Pintler, Edward Myers and E. G. Cary.

New Industry.

Tuesday a large wagon load of Oregon moss was taken through town to West Scio, where it will be shipped to its destination. The moss was collected by J. W. McBarney of Jordan from maple or ash trees, then placed in a compact lath by a hay bale, we presume. Just for what purpose the moss is to be used we have not yet learned, though we are told it is for medicinal purposes.

A few years ago beautiful crops of moss might have been taken from the backs of most residents of the Willamette valley, but now we believe most every one has gotten a runle on and have shaken the moss off. But who can tell. Perhaps Mr. McBarney has been scraping the backs of the citizens of Jordan and Bliven Den in his search after a supply. If Charlie Richardson, Henry Brumster, Alf Shelton and Jake Huber present an unusual appearance when you see them, you may know that McBarney has been to see them.

To Subscribers.

A great many subscribers to the News are delinquent in their subscription from one to three years, some even longer. Now, in all kindness, let us urge you to come in and settle the matter. We need the money badly, for we have to pay cash for all the wood. A number have promised us wood in payment. Please deliver the wood as quickly as you conveniently can; we can then know how much to buy. Now, while we ask for that justly due in all kindness, we ask at the same time mean business.
