THE TAX LEVY.

The tax levy made by the county court
Wednesday is 21 mills—2 mills less than
that of last year. The levy was made on
an estimate on the total taxable prop-
erty. The assessor not having completed
the addition of the taxable property as
shown by the roll. The levy was made
sufficiently high to provide all the funds
needed next year, and it is expected
that some bars for the first of their lives,
they have forged state school land cer-
tificates by wholesale and sold them to
eastern buyers. These certificates are
now being sent to the state land board
at Salem, to be validated or pronounced
forged. In the meantime, Puter and
McKinley have seemingly disappeared
from the face of the earth. But both
the federal and state authorities are
looking them up. If found the rascals
will probably be handled without gloves,
metaphorically speaking.

"The Magazine with a purpose back of it,"
was established to teach the best way of
abolishing these special privileges, and,
hence, of rendering the Trusts powerless
to rob the people. It is a big monthly
magazine of 128 pages, with illustrations,
cartoons, Mr. Watson's brilliant editorials,
special articles, a serial story, novelettes,
short stories and poems, by the world's
best writers. Regular price, \$1.00 per year.
Insert the copy at all newsstands. Every
farmer is interested in knowing the best
way to cure the Trust evil—how to
bring it about. Now in its second volume,
Tom Watson's magazine is truly estab-
lished, and its circulation is growing rap-
idly, but we want to add a hundred thou-
sand subscribers to our list in the next
month or two.

The Farmers and the Trusts

Of all producers the farmer is hit the
hardest by the Trusts. They catch him
coming and going. And the Trusts live
and grow on a basis of railroad rebates, the
"protective" tariff, and national bank note
of our money system. Evidently the
remedy is to cut off these special favors
which build up and perpetuate the Trust.
