Mr. and Mrs. S. V. Hall, of Hall's Mills, were in Scio yesterday morning on their way home from a few days' trip to Albany.

Too many empty houses in Scio. Our citizens should in every way encourage any kind of an industry that will employ labor, to locate in our vicinity.

Mr. and Mrs. Anderson, of Albany, are taking advantage of his political position, according to law a Congressman is exempt from trial by the courts while Congress is in session, if a member claims exemption.

Dugger, of the Santiam News, this week, promoted the "office boy" to the position of editor-in-chief, temporarily, and bid himself to Portland, Wednesday, to attend the sessions of the State Editorial Association, which is in session there during the latter part of this week. So, any deficiency in the News this week can be attributed to the fact that the "office boy" has had his hands full.

According to law a Congressman is exempt from trial by the courts while Congress is in session, if a member claims exemption.

THE SCIO MILLING COMPANY

Hold Annual Stockholders Meeting and Elects Board of Directors.

The stockholders of the Scio Milling Company held a very interesting annual meeting at the office of the Company in this city on January 2, and the business of the Company was found to be in a very gratifying condition. Under the management of the year just closed, the mill rapidly gained the confidence of the people, and, because of the excellent grade of flour manufactured, has built up a local trade of which the stockholders are justly proud.

It is understood the Company has under consideration a number of important improvements to be made during the coming year. With the patronage of all the people in the vicinity of Scio, which it richly deserves, and which it now enjoys to a very great extent, the Scio Milling Company's mill, which has become the chief manufacturing enterprise of Scio, will also make itself felt in the outside flour trade.

At the Stockholders' Annual Meeting, on January 2, the following stockholders were chosen a Board of Directors for the ensuing year: T. J. Munkers, W. F. Gill, E. C. Peery, J. J. Barnes, and C. A. Warner.

At the conclusion of the Stockholders' meeting the newly-elected Board of Directors held a meeting and elected the following officers: President, T. J. Munkers; Secretary, C. A. Warner.

Development League Bars Politics.

President Hoyer, of Salem, of the Williams Valley Development League, arrived this noon to make arrangements with the local committee of arrangements for the program for the meeting of the League, to be held in this city the last of this month. Col. Hoyer was considerably disturbed, and with reason, at a dispatch in today's Oregonian from this city, intimating that the meeting of the League would be a sideshow to the political circus. He declared the statement to be absolutely without foundation, stating that no politician will be allowed on the program, and that the meeting will be kept absolutely free from politics.

An effort has been made by some office-seekers to get on the program, but they will be kept off, and the program will be purely a commercial one. Of course, there will probably be candidates here, but that cannot be prevented.—Monday's Albany Democrat.

Offer Comes Too Late.

Mr. Ed. Myers, formerly of this city, but now an employe of the Pacific States Telephone Company, was in this city for several days, going away on Tuesday. Ed. endeavored to persuade the various stockholders of the Scio Mutual Telephone Company to come back to the Pacific States Telephone Company. The Pacific States Telephone Company now offers to sell phones to the farmers for \$5.00, and give them connection with the Pacific States lines for \$1 per year. This offer comes too late. Had it been made a year ago the Pacific States Telephone Company would still control the Scio business.

COMMITTEE.

Let Scio Have a Good Band.

Scio needs a band. This fact we are all willing to admit without argument. What we need now is that those who are naturally inclined will get together and organize. Some discouragements will doubtless be experienced at the start, but with a good instructor, backed by a few enthusiastic members, and assisted by those in the country who have already signified their willingness to come in, Scio can put up as good an amateur band as any town of its size in the valley. Let the band be organized at once.

Suffered a Painful Injury.

Clayde Rogers, son of Geo. H. Rogers, who resides four or five miles East of Scio, was the victim of a serious accident last Wednesday. While using a double-bit ax, he in some way dropped the ax across his left forearm, cutting a gash about 1 1/2 inches long and severing four arteries. Though the injury is somewhat serious, it is not considered a dangerous one.
