Scrofula

Few are entirely free from it.

It may develop so slowly as to cause little if any disturbance during the whole period of childhood.

It may then produce dyspepsia, catarrh, and manifest tendency to consumption, before manifesting itself in much cutaneous eruption or glandular swelling.

It is best to be sure that you are quite free from it, and you can rely on

Hood's Sarsaparilla

to rid you of it radically and permanently. Accept no substitute, but insist on having Hood's. Liquid or tablets, 100 Doses $1.

Her Steady Diet.

It was Nov. 10. For seven weeks Mrs. Symmington had been killing off the surplus young roosters from her flock and eating them. Now, with the light of desperation in her face, she loaded six of them, dressed, into the old buggy, put a basket of eggs under the seat, and set off for Belltown Center, determined to trade all six if necessary for a mess of plain corned beef.

As she passed the "Orthodox" church three women emerged from the basement and hailed her.

"O Mary Symmington!" they cried. "Are you coming to our church supper?"

"Whoa!" she said. "When is it?"

"To-night, in the town hall. It's 25 cents."

Mrs. Symmington nodded acquiescence. Here was something better than she had hoped for.

"Of course I'll come," she said. "I'll go back for my men-folks. What you going to have?"

Three eager women gathered breath for a simultaneous glad cry. It came an instant later:

"Chicken pie! Plenty of chicken pie for everybody!"

One Way Out.

"What?" exclaims the vexed wife. 'You forgot to get the tickets for the matinee, after we have asked our friends to go with us? O, you dummy! Now, what excuse can we make to them? It is too late to get seats."

"Well," stammers the husband, "couldn't we tell them we forgot they were going?"

RAN EMPTY TRAIN.

Not a Passenger from Jersey City to Pittsburg—Expensive Trip.

It cost the Pennsylvania railroad and the Pullman Palace Car Company $125 on Christmas day to run a train without any passengers from Jersey City to Pittsburg. The train, the Pennsylvania limited, one of the finest on the road, consisted of an engine, baggage car, diner and three coaches when it pulled out of Jersey City at 11:24 a. m. on Monday, and when it reached Pittsburg at 9:35 o'clock that night, the only passengers it carried were the three changes of Pennsylvania crews and the regular Pullman crew.

The run was strictly according to schedule, but not a ticket was punched, not a meal was served, or a piece of baggage handled. Nobody worked but the engineers and firemen.

Three cooks basted fowls and created good things in the culinary line for four waiters to serve the passengers who didn't come. A barber waited in vain for "Next!" and the Pullman conductor had plenty of time to admire his new uniform. All this cost the company, founded by the late George Pullman, good cash, and, as for the Pennsylvania, why, there were three conductors who didn't conduct, while twelve brakemen and three baggagemasters twirled their thumbs instead of lantern, flag or trunks. A lone stenographer had time to waste, and the wear and tear on the train, the equipment of which represented about $45,000, kept on with every turn of the wheels.

It is doubtful if a railroad train ever made such a run before. Joseph Brown, the Pennsylvania conductor who had charge of the train from Jersey City to Philadelphia, said that in his forty-five years as a railroader he never remembered such an occurrence.—New York American.

Sister Liked Him.

"Have you any reason to believe that your sister likes me, Willie?"

"Course she does. Just yesterday I heard her say, 'Nobody could help likin' the dear old easy mark.'"—Cleveland Plain Dealer.

RHEUMATISM
CAN NOT BE RUBBED AWAY

When the joints are sore and swollen, and the muscles throbbing with the pain of Rheumatism, relief must be had at once, and it is natural to rub the affected parts with liniments, oils, etc. This treatment does good in a way, by temporarily relieving the pain and reducing the inflammation, but has no effect on the disease itself, because Rheumatism is more than skin deep; it is in the blood and cannot be rubbed away. Rheumatism is brought on by indigestion, weak kidneys, poor bowel action, stomach troubles and a general sluggish condition of the system. The refuse and waste matters, which should be carried off through the natural avenues of bodily waste, are left to sour and form uric acid and other irritating poisons which are absorbed by the blood, making it thin, weak and acrid. Then instead of nourishing the different nerves, muscles, joints and tissues it fills them with poison to produce the aches, pains and other disagreeable symptoms of the disease. Rheumatism is usually worse in Winter for the reason that cold and dampness are exciting causes. The nerves become excited and sting with pain, the muscles are sore and drawn, the joints swollen and stiff and the sufferer lives in intense agony; and if the disease is not checked it often leaves its victims helpless cripples for life. Rheumatism cannot be rubbed away but it can be driven from the blood by S. S. S. Being a perfect blood purifier this great remedy soon produces a complete change in the entire circulation; the thin, acrid blood is made pure and rich, and as it goes through the body nourishes and soothes the irritated nerves, eases the throbbing muscles, and dissolves and carries out of the system the irritating particles in the joints which are keeping up the pain and inflammation. S. S. S. cures Rheumatism permanently, and in addition tones up the digestion and stimulates the different members of the body to their full duty so there is no cause for another attack. Do not waste time trying to rub Rheumatism away, but get it out of the blood with S. S. S. so that the cold and dampness of Winter will not keep you in continual pain and agony. Special book on Rheumatism and any medical advice will be given free.

While at work for the F. C. & P. R. R. in the swampy region, I contracted Rheumatism and was completely helpless for about four months and spent over $150.00 with doctors, but got worse every day, and finally quit them and began S. S. S. I took a few bottles and was cured sound and well. My health is now splendid, and I weigh 175 pounds. There is a lady living near me who is now taking S. S. S. for acute Rheumatism. For two months she could not turn herself in bed, but after beginning your medicine about three weeks ago has improved rapidly, and is now able to sit up. I can recommend S. S. S. to all suffering from Rheumatism.
Uiah, N. C. S. C. LASSITER.

I was severely troubled with Rheumatism. I had it in my knees, legs and ankles, and any one who has ever had Rheumatism knows how excruciating the pain is and how it interferes with one at work. I was truly in bad shape, having been bothered with it for ten years, off and on. A local physician advised me to use S. S. S. I did so. After taking two bottles I noticed the soreness and pain were greatly reduced. I continued the medicine and was thoroughly cured; all pain, soreness and inflammation gone. I recommend S. S. S. to all Rheumatic sufferers.

There is also a Reason—

Why there are Parasites who attach themselves to the Healthy Body of Cascaret's success—Imitators, Counterfeiters, Substitutors.

They are Trade Thieves who would rob Cascarets of the "Good Will" of the people, and sneak unearned profits, earned and paid for by Cascarets.

IN THE NATIONAL HALLS OF CONGRESS

Monday, February 10.

Washington, Feb. 10. — Three bills were passed under suspension of the rules—requiring a two-thirds vote—in the house today.

The first makes gambling unlawful in the territories of the United States, including Arizona, New Mexico, Oklahoma, Indian Territory and Alaska. The bill is directed particularly against Arizona and New Mexico, where it was stated gambling was licensed.

The second provides additional work for the Census bureau by requiring statistics to be taken on insurance, fisheries, electrical industries, savings banks and crimes.

The third appropriates $50,000 for the purchase of 300 acres of coal land on the island of Batan, one of the Philippine archipelago. On the last named bill a debate of two hours was had. The others were debated 40 minutes each.

Washington, Feb. 10.—Discussion of the pure food bill occupied practically all of the day in the senate. The speakers were Heyburn, who has charge of the bill; Foraker, who presented a number of amendments desired by liquor interests; Money, in favor of his institute; and McCumber. An order was made to devote time tomorrow to considering amendments under the ten-minute rule, and begin voting at 5 o'clock Wednesday.

The president transmitted to congress a special message agreeing with the minority report of the consulting engineers on the Panama canal in favor of a lock canal.

Thursday, February 15.

Washington, Feb. 15. — The senate today passed to the consideration of the joint statehood bill and for an hour and a half listened to a speech by Dick in support of the bill as reported from the committee on territories.

The bill prohibiting the unauthorized wearing of the insignia of the G. A. R. and other soldier organizations was passed.

Bills were passed establishing lighthouses and fog signals on Cape Hinchinbrook island, William sound and Cape Spencer, Cross sound, in Alaska.

Washington, Feb. 15. — "Morning hour" prevailed in the house today until after 5 o'clock. The net result was the passage of a bill to increase to $30,000 a year the Federal appropriation to each state and territory for the support of agricultural experiment stations and a bill repealing the present law granting American register to foreign ships wrecked and repaired on the American coast in the discretion of the secretary of the department of Commerce and Labor, and requiring a special act of congress to grant such register.

The feature of the day was the attempt of Payne, chairman of the ways and means committee, to get his bill for the consolidation of customs collection districts. A furious opposition developed and by a roll call a large majority voted against considering the bill. Again, when the experiment station bill came up, the debate reverted into the Payne bill, and it was with difficulty that it could be brought to an end.

An indirect compliment was paid to Longworth by a vote to adjourn today until Monday, although nothing will appear in the record of its purpose.

Wednesday, February 14.

Wednesday, Feb. 14. — At a few minutes after 6 o'clock today the senate cast its final ballot on the subsidy shipping bill, which was passed by a vote of 38 to 27. All the votes for the bill were by Republican senators, and five Republican senators voted with the Democrats in opposition. They were Burkett, Dolliver, La Follette, Spooner and Warner. The vote on the bill was preceded by action on a number of amendments, and this by an entire day of debate. Many important amendments were accepted, but only in one case was a modification agreed to that was not in accordance with the wishes of the managers of the bill. The exception was on an amendment offered by Spooner eliminating the provision giving half pay to members of the naval reserve who have served less than six months.

When the shipping bill was disposed of the statehood bill was made the unfinished business.

Washington, Feb. 14.— After spending almost the entire day in debate on the fortification bill, that measure was passed by the house today.

Tuesday, February 13.

Washington, Feb. 13.—The fortifications appropriation bill held the attention of the house today, and was the text for much heated argument, first over the lax method of expenditure of public money and second over the location of the proposed $15,000,000 naval station for the Philippines.

Washington, Feb. 13. — Senator Elkins today introduced his bill for railway rate regulation. The measure provides that whenever any rate, fare or charge established by any common carrier shall be unjust and unreasonable, the Interstate Commerce commission shall have power, after complaint and hearing, to make an order requiring such rate to be modified, so far as shall be necessary in order to remove the unreasonableness and unlawfulness. The order shall take effect on and after a date to be specified not less than 30 days after service upon the carrier, and shall continue in effect for one year unless restrained or set aside by lawful order or decree of court, or unless revoked or modified by a supplementary order of the commission, which may be made upon application or after notice to the carrier defendant in the proceeding.

Senator Fulton today offered an amendment to the sundry civil bill appropriating $400,000 for protecting and preserving work done on the jetty at the mouth of the Columbia river. Mr. Fulton has concluded, after repeated conferences with Chairman Burton, of the house committee, and the senate leaders, that the only possible way of getting an appropriation this session for the mouth of the Columbia is by an amendment to the sundry civil bill. There is absolutely no hope of passing a special bill, nor is there any hope of putting through an emergency river and harbor bill to provide for a limited number of deserving projects, as was at one time contemplated.

Pacific Coast Protests.

Washington, Feb. 16. — Serious opposition from Pacific coast interests has developed to the Cushman bill providing for new fishing regulations for Alaska. The house committee on territories is now considering the bill and today six Pacific coast senators and a number of representatives appeared before it and asked that the hearing be kept open until parties interested can reach here from the coast to be heard in opposition to it.

The principal point of objection is that the bill gives to the department of Commerce and Labor power to make suitable regulations. It is claimed the department would be absolute in this matter, and that any changes in the existing regulations would work hardship, if not ruin, to the salmon fishing industries.

Why No Statue of Lafayette?

Washington, Feb. 16.—The attention of Secretary Root has been called to the delay in completing the bronze statue of General Lafayette at Paris, for which a large sum of money was raised in this country, to take the place of the plaster cast placed on the pedestal during the exposition of 1900. It is understood that Mr. Root has started an investigation. The Daughters of the American Revolution are interesting themselves in the matter.

Prior Right Given Squatter.

Washington, Feb. 19. — Senator Dubois today introduced a bill providing that where settlers have been permitted to go upon and erect improvements on lands within townsites under government irrigation projects prior to their formal opening, they shall have the first right to purchase lots on which such improvements are located at the appraised value.

Last Hearing on Yakima Land.

Washington, Feb. 14. — Land Commissioner Ross today had a final hearing on his fight for the approval of the state Carey act selection of 55,000 acres in the Yakima valley. The case will probably be decided in a few days.

Lighthouse for Resurrection Bay.

Washington, Feb. 14.—Senator Piles today introduced a bill authorizing the construction of a lighthouse at the entrance of Resurrection bay, Alaska, to cost $25,000.

Changes Alaska Railroad Bill.

Washington, Feb. 20.— The senate committee on territories authorized a favorable report on a bill prohibiting gambling in Alaska, Arizona, New Mexico, Oklahoma and Indian Territory. The committee also authorized a favorable report upon the bill to aid the construction of Alaskan railroads, but, amended it by striking out the provision for the bond issue secured by the United States government. As the bill will be reported there is no direct financial assistance given by the government to this project.

Railroads on the Islands.

Washington, Feb. 14. — The bid of Solomon & Co., Cornelius Vanderbilt, J. G. White & Co., all of New York; Thomas F. Swift, Detroit, with whom is associated the International Banking corporation; H. B. Wilson and Heidelbach, Ickelheimer & Co., has been accepted by the Philippine government for the concessionary contracts or grants for the construction, maintenance and operation of railroads in the islands of Negros, Panay and Cebu. Their bid provides for full government guarantee authorized by congress.

May Try Behring Sea Claims.

Washington, Feb. 20. — The house committee on judiciary today returned a favorable report on a bill to confer jurisdiction upon the Circuit court of the United States for the Ninth circuit (Pacific coast states) to determine in equity the rights of American citizens under the award of the Behring sea arbitration of Paris and to render judgment. The house committee also ordered favorably report for United States courts at Victoria, Tex., and Miami, Fla.

Will Report Bill.

Washington, Feb. 20.—The Philippine tariff bill, which has been held up in the senate committee ever since it passed the house, is soon to be reported. The Democrats of the committee, who were supposed to be solidly arrayed against the bill, held a conference today and two out of the five declared their intention to vote to report the bill—Carmack of Tennessee and McCreary of Kentucky. Three Republicans, however—Hale of Minnesota, Barrows of Michigan and Brandegee of Connecticut—are opposed to the bill.

Ask Expulsion of Senator.

Washington, Feb. 14.—A petition asking for the expulsion of Senator T. C. Platt, of New York, from the senate, which had been filed with the vice president, was laid before the senate today. The document is signed by C. W. Post, of Washington. Mr. Post alleges that Mr. Platt should be deprived of his seat because, as president of the United States Express company, he is an officer of a combination consisting of all the principal express companies of the country who co-operate to keep up rates.

Will Act On Exclusion Law.

Washington, Feb. 14. — Chinese exclusion legislation was one of the subjects discussed today by the president. Representative Perkins, of New York, told the president that the matter soon would be taken up by the committee and that he had no doubt that action would be taken. He said it would be the effort of the committee to satisfy the objections now made by the Chinese, without admitting to this country Chinese coolies.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Marriage as an Institution.

The historical facts concerning marriage as an institution are probably only vaguely known to the majority of people, most of whom would doubtless be surprised to learn that the institution, as we know it to-day, is less than 500 years old. Histories of the marriage ceremony show that it was not solemnized in church as a religious rite until the time of Pope Innocent III., A. D. 1198, and was not considered a sacrament until 1443.

A woman whose throat had troubled her for a long time, says a writer in the Philadelphia Public Ledger, grew impatient at the slow progress she was making, and made complaint to her doctor, who said:

"But, doctor," objected his patient, "I'm very careful what I say. I never use harsh language or anything of that kind."

Atlas Engines

Many prospective purchasers of engines and boilers are under the impression that because the Atlas Throttling Engine is of such high grade, and because it is fitted with a balance valve and a main bearing, such as only Corliss engines of other makes contain, it is necessarily of such price that it is quite out of their reach. This is not true. An Atlas engine is no higher in price than any other engine, except, perhaps, one that is made entirely in a foundry.

For your information, therefore, we give for the present an approximate price upon a 15x16 Throttling Atlas Engine, range 43 to 60 Horse Power at

THE WINNING STROKE

If more than ordinary skill in playing brings the honors of the game to the winning player, so exceptional merit in a remedy ensures the commendation of the well informed, and as a reasonable amount of outdoor life and recreation is conducive to the health and strength, so does a perfect laxative tend to one's improvement in cases of constipation, biliousness, headaches, etc. It is all-important, however, in selecting a laxative, to choose one of known quality and excellence, like the ever pleasant Syrup of Figs, manufactured by the California Fig Syrup Co., a laxative which sweetens and cleanses the system effectually, when a laxative is needed, without any unpleasant after effects, as it acts naturally and gently on the internal organs, simply assisting nature when nature needs assistance, without griping, irritating, or debilitating the internal organs in any way, as it contains nothing of an objectionable or injurious nature. As the plants which are combined with the figs in the manufacture of Syrup of Figs are known to physicians to act most beneficially upon the system, the remedy has met with their general approval as a family laxative, a fact well worth considering in making purchases.

It is because of the fact that **SYRUP OF FIGS** is a remedy of known quality and excellence, and approved by physicians that has led to its use by so many millions of well informed people, who would not use any remedy of uncertain quality or inferior reputation. Every family should have a bottle of the genuine on hand at all times, to use when a laxative remedy is required. Please to remember that the genuine Syrup of Figs is for sale in bottles of one size only, by all reputable druggists and that full name of the company—California Fig Syrup Co., is plainly printed on the front of every package. Regular price, 50c per bottle.
